Presented By:	**Dr. Jon Mandrell and Aaron Schupbach-Roe**

Presentation:

Under Sauk Valley Community College Board Policy 523.01 (Information Security), the College maintains an administrative Information Security Program designed to safeguard institutional data, mitigate risks of unauthorized access or identity theft, protect student and employee records, and ensure operational continuity. As cyber threats targeting higher education institutions continue to evolve in frequency and complexity, SVCC remains committed to proactive risk management, enhanced technical controls, compliance, and continuous user awareness. New procedures, technologies, and administrative controls have been adapted as part of these ongoing efforts. An update and overview on Information Security will be provided.
