Welcome to College Math Prep

The challenge many students face when entering college are the placement exams. Many students have been out of school for years and need remedial skills in order to acheive their dreams of obtaining college degrees.

Educators also face challenges as these students enter their college classrooms.

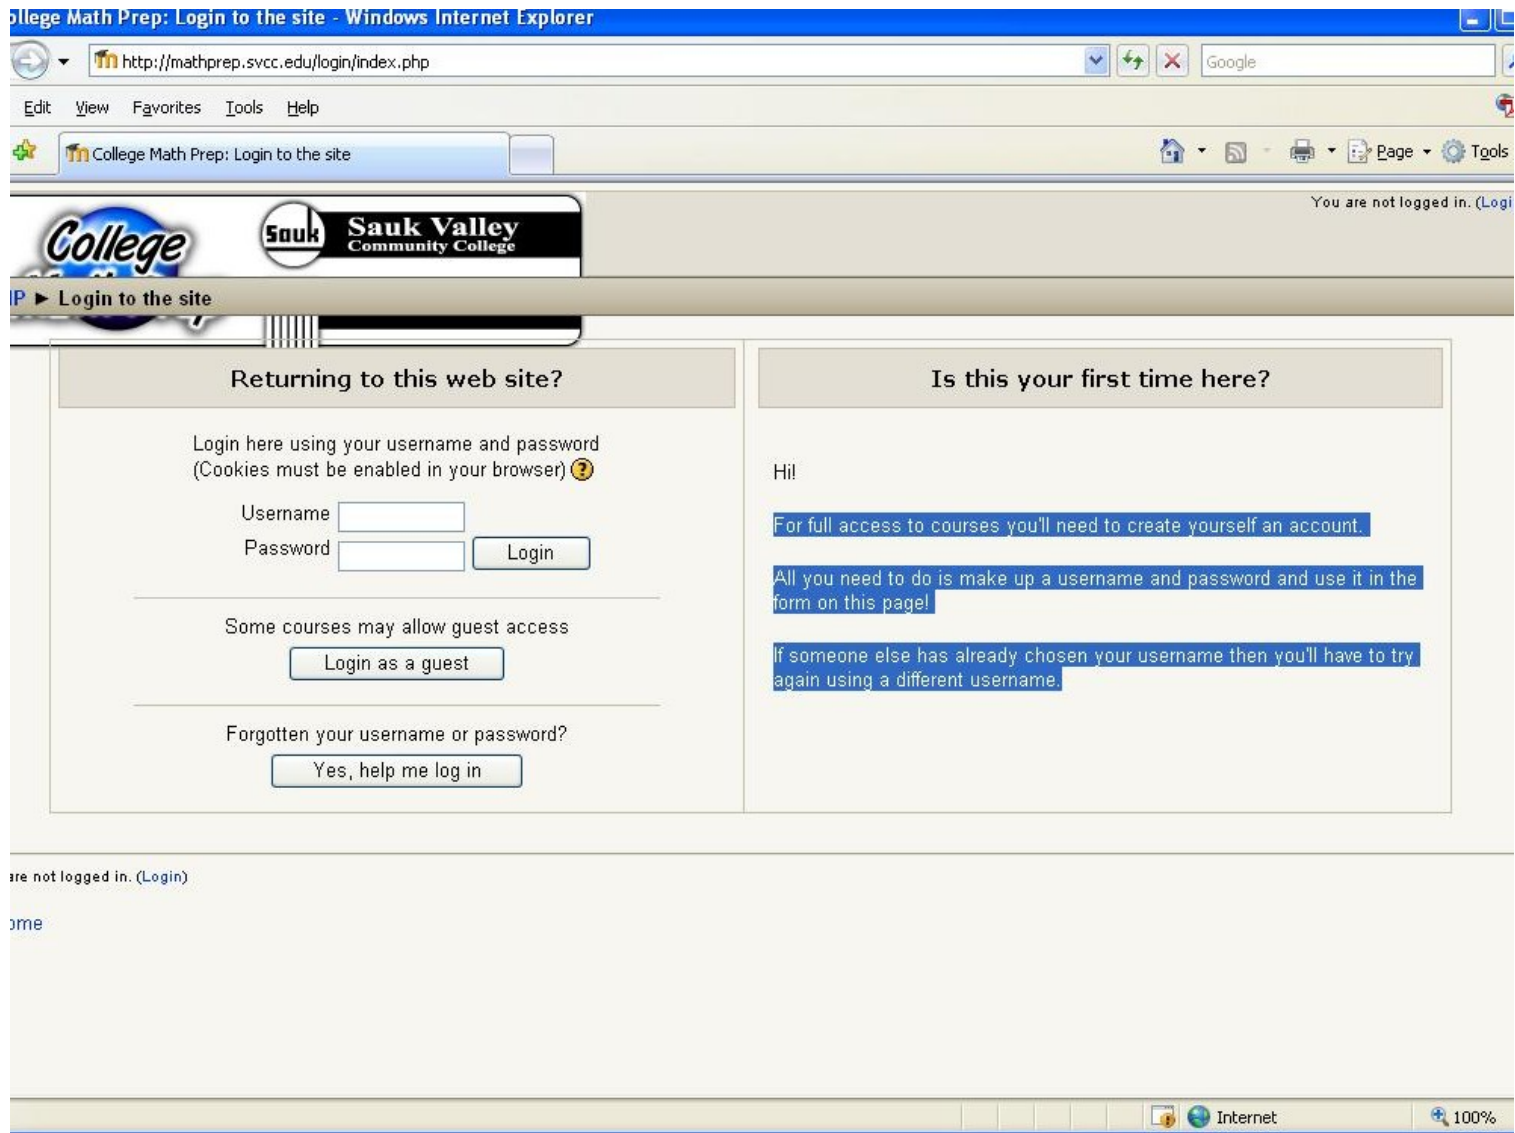

College Math Prep was developed by Sauk Valley Community College in Dixon, IL. The objective was to prepare students for Math placement exams BEFORE taking the exams.

Course categories

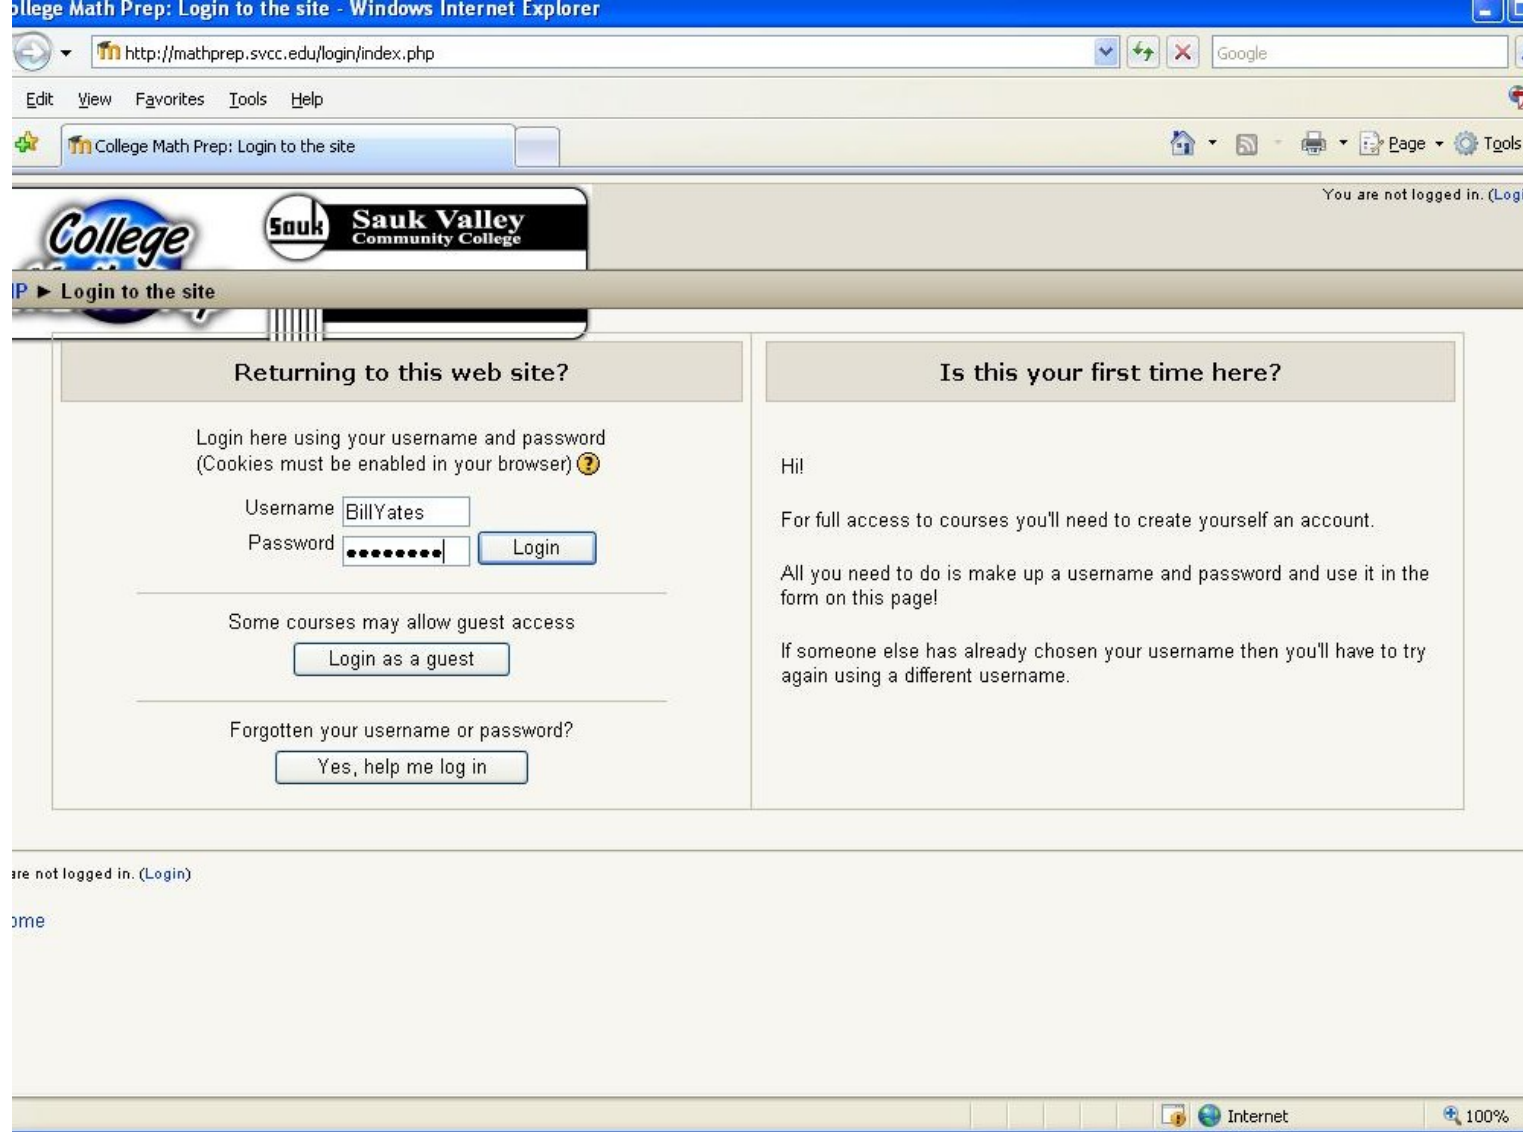

Math Prep Teacher Resources	
Sauk Valley Community College	6
AFC High School	2
Amboy High School	1
Bureau Valley High School	22
Dixon High School	36

Once a user has a user id they can attempt to enroll in a class section – So let us go to Sauk Valley Community College.

Now let us scroll down to the sample course called “Sauk Open Enrollment” and click on it.

We now get a confirmation screen. If the class was password protected, it would ask for an enrollment key (A designator made up by the faculty and given only to those students they want in that section.)

User now sees the Content.
