REFERENDUM SUMMARY

SAUK VALLEY COLLEGE

April 10, 1970

TO: Faculty, Staff, Students,  
Trustees of Sauk Valley College

FROM: Gerald Cias, Dean of Student Services  
Chairman, Referendum Steering Committee

With the April 11 decision only a day away, I feel that it would be appropriate for me as the chairman of the Referendum Steering Committee to focus on the efforts that were expended by many people working in behalf of Sauk Valley College these past four weeks. The effort has been fantastic and regardless of the result of the election tomorrow, it is apparent that a great deal of positive community feeling was generated through our efforts on behalf of the referendum. The direct contact with the public by our students and staff has been very well received. We all have received a great deal of favorable comment from all facets of the community. It is my opinion that the message, "I Care About Sauk Valley College", was heard by thousands of people who heretofore recognized Sauk Valley College as that big building on Alternate Route 30. The continued growth of the College and the maintenance of the good community feeling can only be accomplished through continuance of our "people to people" approach.

Regardless of the results of tomorrow's referendum, we are committed to the "people to people" attitude. The volume of effort generated by the students, faculty, staff, and interested groups and individuals in the community is awesome. By carefully examining the following figures related to our referendum effort, one can only conclude that a lot of people did a lot of work on behalf of Sauk Valley College. Please take some time and examine these statistics. They are most impressive.
