RE: AGENDA ITEM #E-2 - 1977-78 BUDGET PLANNING

You will recall that in our last budget workshop we only partially covered the agenda.

Each Board member should review the agenda presented in our last workshop and if there are any items which any Board Member would like added to the agenda, these should be brought in writing to our Board Meeting of July 13. This will give the staff adequate time to prepare the necessary background information.

It is very probable that we may have to have another budget workshop as the year progresses and we may not be able to complete the agenda which will be prepared for the July 11 workshop. With the changing enrollment picture and the uncertainty of state funding, I feel it is more than appropriate that we become very familiar with the budget and its related problems and that we maintain an atmosphere of openness where questions can be considered and a variety of alternatives created to deal with the problems as they arise.
