RE: Resignation of Marvin Dahlberg

The attached report from Dean Williams indicates that Marvin Dahlberg has officially resigned. Losing Mr. Dahlberg as a Business teacher will be a severe loss for the college and future Accounting students. It is essential that we hire a replacement who can continue the high quality of instruction provided by Mr. Dahlberg.

RECOMMENDATION #1: The Board accept the resignation of Mr. Dahlberg with regret.

RECOMMENDATION #2: Board approval to hire a qualified replacement. Qualifications should include teaching experience in Accounting, an M.B.A, and perhaps a C.P.A. and/or the ability to teach Data Processing, Banking or Real Estate.

DM: Dr. Williams

Attached is a letter of resignation from Mr. Marvin Dahlberg.

I have written him a letter, dated today, thanking him for his significant contribution to Sauk Valley College and, specifically, to our Business Department.

Losing Mr. Dahlberg will be a severe loss for our institution and our students.

I am requesting that you inform the Board at their next regularly scheduled meeting regarding this resignation and request that his position be re-filled through a Nation-wide search for someone having the following qualifications:

- A. A Masters Degree in Business.
- B. Teaching experience.
- C. A concentration in Accounting which might include a CPA.
- D. The ability to do some teaching in one of the following areas: Data Processing, Banking, Real Estate.

The main concern I have is that our Accounting Program is well known in the community and is a very strong program, due to the qualifications of the individuals teaching in that program.

We certainly need to replace Mr. Dahlberg with someone who has at least equal credentials however, I would like to find someone who has some flexibility in his background which would allow us to move him into other areas as well.

Dear Dr. Cole:

I am submitting my resignation effective at the end of the current school year, May 24, 1978. I have accepted a position with the Smith Trust and Savings Bank of Morrison to continue my professional development.

I leave with the knowledge that our accounting program has been valuable to both students and employers in the college district. I am proud to have been a part of that program.

It is my feeling that the ten years I have spent with the college have been mutually beneficial.

Respectfully,

RE: Bid from Branson Electric

You will recall that at an earlier meeting it was mentioned that we had received a recent bid from Branson Electric to perform the needed work in the Little Theatre for a figure not to exceed \$2,500. The revised bid allows us to avoid the necessity of a consulting architect, and it is the administrative recommendation that we accept this bid from Branson Electric within the required deadline (May 31).

RECOMMENDATION: The Board empower the administration to employ Branson Electric to perform the needed electrical work in the Little Theatre, for an amount of money not to exceed \$2,500, and that the funds for this project be charged to the Site and Construction Fund.

RE: DOWN PERIOD

In earlier meetings we have discussed the pros and cons of a summer down period and a four-day work week during the summer months. The administration was asked to return with an alternative proposal. Detailed discussions with the administration and some clerical and support staff members influence me to conclude that the arrangement which would least disrupt the ongoing activities of the college (recruitment, financial aid advising, grass cutting, etc.) would be the following:

- a) A 10-day down period from December 22 to January 2, 4 days off with pay.
- b) Six (6) extra vacation days added to every staff member not eligible for Association membership.

This arrangement has the following advantages:

- 1) It preserves an energy-saving down period.
- 2) It preserves the concept of providing days off in lieu of pay raises established last year.
- 3) It allows for individual flexibility in staff utilization and individual vacation plans.

RECOMMENDATION: Board approval to close the college down from December 22 to January 2, and to provide each administrator, clerical, maintenance and support staff member with 4 days off with pay during this period, as well as six (6) additional vacation days to be taken on an individual basis.

Attached is a Summary of our Spring '78 Vocational Education Reimbursement Claim which must be approved at the next regularly scheduled meeting of the Board of Trustees. It should be noted that our Reimbursement Claim is down approximately \$5,000.00 from the Spring of '77. This reduction is due, primarily, in the Industrial Technical and Business areas which has (this past year) encountered reduction in enrollment resulting from a decrease in the number of Veterans.

Today I became aware of some problems that had arisen this past weekend during the Arts and Crafts Festival that was held here at Sauk.

It seems the play The Father was scheduled for performances Thursday, Friday, Saturday, and was to be video-taped Sunday evening at 6:30. The tape was to be shown on cable tv as public relations for the school. However upon arrival at the theatre for the taping the following was found:

1. The theatre which had been locked was now unlocked, as was the door to the lighting booth. The lighting booth and theatre both contained several peices of expensive materials.
2. The stage lights had been rearranged or removed and had been left on for several hours.
3. The set was partially dismantled with furniture being pushed to one side in a careless manner.
4. The front seating risers had been torn apart and dragged across the stage leaving large gouges in the newly renovated floor.
5. An antique rug was thrown on top of these risers with nailed boards on top of the rug.
6. An abalone inlaid box belonging to one of the cast members was missing.
7. The stage and surrounding area was littered with beer cans, some still containing beer.

Needless to say the taping was impossible under the circumstances. It seems, to me, a shame that this great opportunity to share our theatre with ~~the~~ public was lost because of a breakdown in communications. I feel some action should be taken to insure that this unfortunate incident does not occur again. Guidelines contained in the Building Utilization Policy should be enforced for all activities at Sauk Valley College.

Specifically,

1. Special activities should not interfere with or obstruct the normal operation of classes.
2. The Facilities Request form should include an exact list of what facilities are being used and at what times. Any changes should be made in writing on a new Request form. (This will assist all building staff as well as those people from the community wondering where they are to be located.)
3. Adequate supervision of any and all activities must be provided. (In the case of the Little Theatre it is important to employ someone with

knowledge of the capabilities of the Little Theatre.)

4. Any outside party using the Sauk Valley College is and should be made aware that they are liable for damages incurred for any activity.

Respectfully,

Molly Bulfer

Re: Cynthia Lawrence
Sex Discrimination Claim

Dear Mr. Reigle:

This is to confirm my conversation with you in which I reported that I have received and reviewed the formal Grievance Review Form filed by Cynthia Lawrence with the Sauk Valley College Affirmative Action Officer, Donald Foster, on May 4, 1978. I further reviewed the response of Ronald F. Coplan, as part of the informal review of the grievance previously filed and the grievance procedures previously adopted by the Board of Trustees.

Since the formal grievance was filed with the Affirmative Action Officer it appears that pursuant to the provisions of Section 3.05, he must make such further investigation as he feels is warranted and then either dismiss the charge or if he feels there is reasonable cause to believe that the charge is true, he shall endeavor to remedy the grievance by the informal methods of conference, conciliation and persuasion. Since Ron Coplan and the remainder of the Board of Trustees, with the exception of Barb Pasada, are named as the individuals who are alleged to have committed the grievance, they are in effect Respondents and the may, but are not required to, submit information in writing to be made a part of the file.

As you know, this is the first proceeding under this procedure. I am advised that Don Foster already made an investigation as part of the informal procedure and obviously Ron Coplan, as Chairman of the Board of Trustees, and Dr. Cole have also conducted investigations and have given Mrs. Lawrence an opportunity to be heard.

It would appear to me that if Mrs. Lawrence has additional information she wishes to present to Don Foster, she should obviously be allowed to do so. He will then be required to make his decision.

When the procedure was established, I do not believe it was contemplated that it

would be applicable to situations involving an alleged discriminatory act by the Board of Trustees. There is an appeal procedure set forth in Sections 4.00 through 4.04. The President of the College and the Chairman of the Board of Trustees have already considered this matter as part of the informal procedure. I would suggest therefore that in the event Don Foster finds that the complaint should be dismissed, no useful purpose would be served by further hearings or investigations unless Mrs. Lawrence indicates that she has additional information which was not furnished to Ron Coplan or President Cole. It might then be appropriate to indicate to Mrs. Lawrence that in the event she wishes to appeal to any governmental agency, she should feel free to do so and the Board of Trustees would waive any defense it might have for a failure to pursue Administrative remedies available to her.

Respectfully submitted,
