Mr. William Reigle

Dear Mr. Reigle:

Some time ago I conveyed the attached letter to Dr. Cole and I believe it was reportedly discussed at the Board Workshop, as well as the most recent Board meeting.

In accordance with the discussion on values at the Board meeting of June 26, 1978, I have discussed rental properties around this area with at least ten (10) persons that would normally be expected to have some knowledge as to values of this type of property, as well as availability and construction costs of this type of property.

In these discussions I want to indicate that I have figured cost values of our building, replacement values of our building, depreciated values of our building, comparable building rentals, etc, etc, etc, and I am totally unable to approximate a request value of \$2.00 per square foot for the rental of our facility, based on these discussions.

Since I negotiated the last lease with Anixter I wish to indicate that:

- a. the rental of the facility is one of the few financial advantages to have accrued to Sauk Valley College.
- b. the tenant-landlord relationship has been excellent.
- c. I believe it is within the realm of possibility that we could lose our tenants.

Inasmuch as Mr. Forman stressed the importance of time in requesting this extension, and since I cannot rationalize in the \$2.00 per square foot price range, I would like to suggest the possibility of a Board appointed committee to contact Mr. Forman as soon as possible.

Very truly yours,

Robert Edison

RE: Renewal options on the T-1 Bldg.,
Route 2 West Dixon, Illinois

Dear Bob:

We are determining our space requirements for the future and would like to tie in our lease options with our current contracts and contracts to be negotiated. Costs are a primary consideration and we would appreciate options at the prevailing rental rate.

Our needs are:

- 1) A renewal of option for one year from April 1, 1979 through March 31, 1980.
- 2) Another renewal option from April 1, 1980 through October 31, 1980.

Please let me know as soon as possible if the options will be available.

Cordially,

William Forman

TO: Sauk Valley College Board of Trustees

FROM: George E. Cole

SUBJECT: Key Punch Purchase

The attached proposal has been reviewed by Dean Edison, Walt Clevenger and I. This proposal falls within the guidelines of our tentative budget, and in my opinion, would be a wiser use of college dollars.

RECOMMENDATION: Board authorization for the administration to purchase the key punch machines from IBM as per the recommendation.

Purchase of IBM equipment over a two year period

Sauk Valley College has been renting keypunches from IBM since the school started using computers. During that time, Sauk Valley College has built up purchase credits toward the purchase of the keypunches.

Sauk Valley College is presently paying \$418.90 per month to IBM for the renting of the keypunches. If we buy the keypunches over a two year period, we would drop our payment to \$403.50. Below, I have listed the specifics:

Current rental	\$ 418.90	Total purchase	\$ 5,326.00
Interest rate	6½%		
Purchase option			
Maintenance contract	\$ 166.50		
Payments	237.00		
	<hr/>		
	\$ 403.50		

I have attached an Installment Payment Plan for your review.

I would recommend to you that we purchase IBM keypunches. I would like to have this take effect as soon as possible.

REFERENDUM RATIONALE
SAUK VALLEY COLLEGE
BOARD OF TRUSTEES

SAUK VALLEY COLLEGE was created by a vote of the people in 1965 to provide post-secondary educational services to the residents of the district.

.....Since that time, the college has demonstrated unusual success by serving more than 25,000 of the district's 100,000 residents as students at SVC.

..... Since that time, the operating fund tax rates originally established to support this effort have never been changed despite the devastating impact of inflation over the past 13 years.

.....Since that time, the tuition charged to students was raised on five different occasions by the Board in an effort to keep pace with rising costs. SVC tuition is now approaching the maximum allowed by Illinois law and is \$4 higher than the state average.

.....Since that time, the college occupied its permanent facility. Utilities and other building operational costs are now more than three times greater than the revenue produced by the Building Fund tax rate.

.....Since that time, enrollment grew rapidly for a decade and then slowly stabilized in accordance with a nation-wide trend for public community colleges.

.....Since that time, the Board of Trustees implemented a series of cost-cutting measures, including a reduction of 13 full-time staff members (8%) and a comprehensive energy conservation plan, in an effort to maintain a balanced budget.

Therefore at this time, the Board of Trustees is requesting that the residents of the Sauk Valley College district support the continuance of the wide range of quality educational services to the public and to the business community. The Board is asking the people to approve a 9¢ increase in the college tax rate (4¢ in the Educational Fund and 5¢ in the Building Fund) on Tuesday, October 17, 1978.
