## RESOLUTION APPOINTING ALTERNATE JUDGES

WHEREAS, the Board of Trustees of Community College District Number 506, Counties of Whiteside, Lee, Ogle, Henry, Bureau, and Carroll, State of Illinois, heretofore appointed Judges to serve at the special election called for Tuesday, the 17th day of October, 1978, and

WHEREAS, 22 Judges heretofore appointed have indicated they are unable to serve and it is necessary to appoint replacements, and

WHEREAS, MARILYN VINSON, the designated representative of LORNA KEEFER, Secretary of the Board of Trustees, made a search for qualified electors residing within Precincts 3, 5 and 13 to serve as Judges, but was unable to locate such individuals, and said MARILYN VINSON has filed an Affidavit to this effect with the Board of Trustees,

NOW, THEREFORE, the Board of Trustees of said Community College District Number 506, finds that there are no Judges available for Precincts 3, 5 and 13 from among the qualified electors residing in said Precincts, and that in order to conduct the election, it is necessary to appoint alternate Judges for those individuals who have indicated they are unable to serve.

The Board further finds that pursuant to authority contained in Section 103-7.8 of Chap. 122, Ill. Rev. Stats., it is necessary and desirable to appoint Judges who are qualified electors in other Precincts within the Community College District, to serve as replacement Judges in Precincts 3, 5 and 13.

NOW, THEREFORE, BE IT RESOLVED that the individuals named on the sheet attached hereto and made a part hereof are appointed to serve as replacements for the individuals named to serve in the Precincts shown opposite their respective names.

BE IT FURTHER RESOLVED that said Judges be paid in accordance with the schedules established for their respective school district in accordance with the program of compensation heretofore adopted by the Board.

I, MARILYN VINSON, being first duly sworn, on oath state:

1. That I am the duly authorized representative of LORNA KEEFER, Secretary of the Board of Trustees of Sauk Valley College, and as such, I have been advised that twenty-two of the Judges heretofore appointed by the Board of Trustees to serve at the special election called for the 17th day of October, 1978, are unable to serve.

2. That upon receiving this information, I contacted the representatives of the respective school districts from which the Judges were selected, as well as other Judges who were appointed, and I obtained the names of additional electors residing within the respective precincts who are qualified to serve as Judges.

3. That I contacted each of the individuals selected for alternative Judges and was able to secure replacements for individuals who resided within the respective precincts, with the exception of LOIS CASSENS at Precinct No. 3, ELEANOR WASHBURN at Precinct No. 5, and WINONNA BLAKE, at Precinct No. 13.

4. That I made numerous phone calls to representatives of various school districts, other Judges, members of the community, and individuals who served as Judges in previous years.

5. That despite my search, I was unable to find individuals to serve in Precincts 3, 5 and 13 who reside within said Precincts.

6. That after a diligent search I was able to locate three individuals who are qualified electors of the District, are experienced Judges, and are willing to serve as Judges outside of their respective Precincts.

7. That the names of the individuals who agreed to serve in the Precincts in which they would serve are as follows: BARBARA MOORE, Precinct No. 3; JOANN COMPTON, Precinct No. 5; and CLARA WALGRAVE, Precinct No. 13.

8. That despite my search, I know of no qualified electors residing within the aforesaid Precincts 3, 5 and 13 who are willing to serve as Judges of the special election to be held on October 17, 1978.

A handwritten signature in cursive script, reading "Marilyn Vinson", is written over a horizontal line.

SUBSCRIBED AND SWORN to before me this

## MEMORANDUM

TO: Dr. Cole

FROM: Jim Strickland 

SUBJECT: APPLICATION GRANT  
SOLAR GREENHOUSE

As part of the Midwest appropriate Technology Grant Program, the U.S. Department of Energy is accepting applications for energy-related Grants up to \$50,000.00. The Grant Application must be in Chicago on October 23, 1978.

The Industrial Technical Department, and the Agriculture Department, are in the process of developing a Grant Application for a Solar Greenhouse. It would be erected in the area directly south of the present Agriculture Department.

Would you please inform the Board of Trustees, at their October 9th, 1978, meeting, of our intentions to apply for a \$45,000.00 Grant. By using the Grant monies and by involving the students in the Industrial Technical and Agriculture Curricula, we will not be requiring any additional funds from the College.

Specifically, we are asking for a Grant to develop a demonstration Solar Greenhouse which would provide for the growing of food products and other plants, as well as a supplemental source for heating family dwellings. Tests will be performed on the efficiency of various Solar collectors and storage devices. Sauk Valley College is in a unique position to integrate the construction of this Greenhouse into our many course offerings.

Mr. Norman Spencer and Mr. Ronald Happach have agreed to function as Co-Chairmen for this project. The Concrete Technology students in our Construction Program could pour the concrete necessary for the structure, as well as the brick work involved. The Electrical Wiring class could do all of the wiring as part of their laboratory experience. The Drafting students could prepare the detailed construction drawings. The Heating and Air Conditioning students would oversee the selection of Solar panels and storage devices.

The structure will be approximately 25 ft. wide, and, 75 ft. long and utilize movable Solar panels that can function as Solar collectors and, also as insulated walls.

FROM: James R. Strickland

Aesthetically, the building can be designed to blend into the existing College structure. It will be erected in sections that are partitioned so that a reduced portion of the Greenhouse will be utilized in the severe winter months.

Heat-storage areas of the entire structure, however, will be used to return heat to this limited section of the Greenhouse. The excess heat transferred to the main College building, during the Spring and Fall, will offset any additional heat that may be required in the days when the sun does not shine for long periods of time.

Mr. Norman Spencer and I will be available at the Board meeting, if there are any specific questions. The Board will be given many opportunities to review the proposed structure, if the Grant is received.
