

SAUK VALLEY COLLEGE BOARD OF TRUSTEES ADJOURNED MEETING

November 8, 1978

The Board of Trustees of Sauk Valley College met in an adjourned meeting at 5:00 p.m. on November 8, 1978 in the Board Room of the college.

The following members were in attendance:

Ronald Coplan	Kay Fisher	Juanita Prescott
Lorna Keefer	Oscar Koenig	Ann Powers
William Reigle	Molly Bulfer	

Communications from Visitors: The Board recognized Steve Johnson, President of the Faculty Association, who presented the attached proposal from the association regarding items on increasing revenue and decreasing expenditures at the college.

Referendum: The Board then discussed the pros and cons of holding another referendum. No decision was reached.

Other items: Discussion was held on the projected decrease in enrollment, and current and projected budget comparisons. The Board also discussed the feasibility of going to a four-day week and closing the building for a three-day weekend. They asked what programs would be hurt by such a procedure. Also discussed was building usage by outside groups and the possibility of raising the rental rates to cover the cost of lighting and heating (or air conditioning). Representatives of the utility companies will be asked to make a presentation on what savings they think could be made by closing the college for specified periods.

Member Coplan asked Dean Edison if he would project how many years the college could go on with a deficit budget (using money from the working cash fund) until the school would have to issue tax anticipation warrants.

Other items discussed were tuition increases, zero-based budgeting, transferring of rental money to the operating fund from the site and construction fund, and possible increases in state aid.

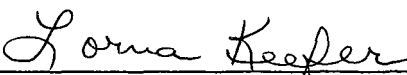

Executive Session: At 6:45 p.m. it was moved by Member Prescott and seconded by Member Coplan that the Board adjourn to executive session to discuss personnel items and collective bargaining. Motion voted and carried.

Regular Session: At 8:39 p.m. it was moved by Member Powers and seconded by Member Prescott that the Board return to regular session. Motion voted and carried.

Adjournment: Since there was no further business, it was moved by Member Coplan and seconded by Member Fisher that the Board adjourn. The next regular meeting will be 7:30 p.m. on November 13, 1978. Motion voted and carried.

The meeting adjourned at 8:40 p.m.

Respectfully submitted:

  
\_\_\_\_\_  
Lorna Keefer, Secretary

RURAL ROUTE ONE,

DIXON, ILLINOIS 61021

DATE November 8, 1978

## MEMORANDUM

TO: Sauk Valley College Administrators

FROM: Dr. George E. Cole

Re: Attached Proposal from the Faculty Association

Attached is a copy of a cost savings proposal presented to the Board at the Workshop of November 8, 1978.

This document was presented to me about 15 minutes before the meeting began and I was unable to provide copies for you before it was presented to the Board. It is apparent, however, that the Board recognizes the unusual amount of effort that went into this document by the faculty and other interested college individuals.

In the spirit of being willing to give consideration to any constructive recommendations, I would like for each of you to study this and report your reactions to me in writing by Friday, November 10, 1978. At our Administrative Council meeting on Monday, November 13 we can provide a joint reaction to be incorporated into the Board response.

If you have any questions, please contact me at your convenience.

mv  
enc.

A Proposal by the Faculty Association to the Board  
of Trustees Regarding Revenue Increase and Expenditure  
Decrease.

Origin of Proposal

1. On October 23, the Executive Board requested input from Faculty Association members regarding recommendations for increasing revenue and decreasing expenditure.
2. By October 27, twelve responses had been received. This was a 27% return from the membership of 45 members.
3. In a general meeting of the Association on November 2, an invitation was extended to any member who wanted to discuss the proposals that had been submitted to meet immediately after the meeting.
4. About nine or ten members attended this meeting, and proposals were discussed and refined.
5. On Friday, November 3, a further refinement was made by three members of the Executive Board.
6. Two meetings of the Association were called for Monday, November 6, so that all members would have a chance to discuss final proposals.
7. On November 7, the Executive Board drafted a final proposal, incorporating suggestions made at the meetings on November 6.
8. On November 8, meetings were called at two different hours (so that all members would have a chance to be present) to review and vote on the final draft of the proposal.

11-8-78

As concerned staff members of Sauk Valley College, we would like to present some proposals for the Board of Trustees to consider concerning the financial position of the College. As can be seen by the preceding chronology of events, our actions have been thought out over a period of time. Through the process of requesting input, we have arrived at the proposals that we are presenting. It should be realized that these suggestions have come from the Faculty as individuals, not from a few selected voices.

Keeping in mind the necessity for a complete view of the College, some of our proposals have not been completely dealt with. Dr. Cole, in his November 6, 1978 memo concerning workshop materials, states that administrative positions vacated will not be filled. By leaving gaps in the administrative flow chart, how do we maintain continuity in the College. Would it not be more logical to restructure the administration and consolidate administrative positions & functions. At present we have a 3.11 ratio of faculty to administration; we would like to suggest a ratio of 5-1.

Again, realizing the complexity of our financial situation, we would like to offer the following proposals. We also agree with Dr. Cole that there does need to be a committee formed, school-wide to study our problems, and we would like to request that the positions filled by Staff, Faculty and Building Personnel be done by a vote of their respective areas.

Faculty Association Proposals  
For Increasing Revenue and Decreasing Expenditures  
Presented to the SVC Board Workshop on November 8

I. Increase revenue.

- A. Set a referendum for December 19, 1978.
- B. Establish a plan to lobby for legislation to increase revenue from the state.
- C. Establish a plan for other fund raising efforts.

II. Decrease expenditures.

Cut dollars and cents. Calculate savings and divert to instructional budget.

- A. Terminate all non-instructional travel for staff and administration for this fiscal year.
- B. Eliminate Faculty Development Committee for this fiscal year.
- C. Maintain limit of six semester hours reimbursed tuition, except for required retraining.  
Rationale: SVC staff members need to show the public that they are willing to make some sacrifices.
- D. Eliminate mass distribution of all unnecessary paper communications to staff and administration. (Internal news releases, college brochures, Board minutes, committee reports except to members of the committee, etc.) Post them on a centrally-located bulletin board and establish a place in the LRC for filing. Originator of these materials should run five or ten extra copies for anyone who has a special need for a permanent copy.  
Rationale: Most of these materials are discarded in the waste basket. We read the newspaper, and we know about Board meetings long before the minutes arrive.

III. Use full-time personnel efficiently.

- A. Do not make commitments to part-time instructors until the following steps have been taken.
  - 1. First give the entire professional staff the opportunity to teach the course.
  - 2. Keep the priority of first choice open to full-time staff until after the determination is made that all of the staff member's classes have sufficient enrollment to make.

Rationale: Some off-campus courses reduce the number of students taking courses on campus. After registration, some on-campus classes are often cancelled due to low enrollment. The instructor can be reassigned to take part-time courses.

Instructors should have first choice of adding income to their salaries before this opportunity is offered to others.

The quality of instruction offered to students can be maintained better by using full-time staff.

- B. Put a firm freeze on replacing staff members at all levels who leave. Establish a personnel committee to approve replacements that are considered necessary. The committee should be composed of the following: a Board member, Dean of Business Services, one elected faculty member, one elected supportive staff member. The committee could select one non-affected administrator to join the committee to consider each proposal for a break in the freeze.

Rationale: Careful study needs to be made of the implications of a vacancy in regard to the services that may be redistributed to existing staff and the effect that the vacancy or the replacement will have on the budget.

Establish a salary range for replacement of necessary personnel, as approved by the committee.

Rationale: In the past two years no salary limitations have been set for those who have been involved in making recommendations, thus escalating expenditures.

- IV. Make the building as energy efficient as possible, using site and construction funds.

- A. Find ways to reduce heat loss and gain from windows.
- B. Set building temperatures to 76 degrees in summer and 68 degrees in winter.
- C. Investigate solar heating measures.
- D. Reduce lighting. Remove light bulbs from half the lights in the cafeteria and the classrooms.

- V. Require administrative policies that are responsible.

- A. Require a written rationale for all recommendations.

Rationale: Statistics and data without interpretation give a board member no direction in preparing for board meetings.

- B. Require evidence of reliable sources of projected credit hours and revenue.

Rationale: Unsupported projections have misguided the Board in the past and have led to costly expenditures and an unnecessary sense of failure on the part of the college.

- C. Require administrators to follow recognized professional procedures.

Rationale: Legal fees for grievances should be reduced, especially in cases where the administration has acted on personal whim rather than in a professional manner.

- D. Abandon the idea that there must be an adversary relationship between the administration and the staff.

Rationale: Recent research, as reported this summer in the Sterling-Rock Falls Daily Gazette, has shown that good working relationships are more successful and productive than adversary relationships.

The image of the college has suffered greatly from the results of this stance.

- VI. Reduce administrative costs. Reorganize the administrative structure to reduce the ratio of 3 full-time faculty to 1 full-time administrator to a ratio of 5 to 1.

- B. Require evidence of reliable sources of projected credit hours and revenue.

Rationale: Unsupported projections have misguided the Board in the past and have led to costly expenditures and an unnecessary sense of failure on the part of the college.

- C. Require administrators to follow recognized professional procedures.

Rationale: Legal fees for grievances should be reduced, especially in cases where the administration has acted on personal whim rather than in a professional manner.

- D. Abandon the idea that there must be an adversary relationship between the administration and the staff.

Rationale: Recent research, as reported this summer in the Sterling-Rock Falls Daily Gazette, has shown that good working relationships are more successful and productive than adversary relationships.

The image of the college has suffered greatly from the results of this stance.

- VI. Reduce administrative costs. Reorganize the administrative structure to reduce the ratio of 3 full-time faculty to 1 full-time administrator to a ratio of 5 to 1.

SAUK VALLEY COLLEGE BOARD OF TRUSTEES MEETING  
Third Floor Conference Room 3L14  
November 13, 1978 7:30 p.m.

- A. Call to Order
- B. Roll Call
- C. Written communications from visitors
- D. Recommended Actions:
  - 1) Approval of minutes as submitted
  - 2) Spring tuition increase
  - 3) Acceptance of donations
    - a. welding materials
    - b. library books and horticultural purposes
  - 4) Approval of agreement with American Institute of Banking
- E. Old Business:
  - 1) Acceptance of college audit
  - 2) Update on building repairs
  - 3) Site & Construction Report
  - 4) Summary of insurance
  - 5) Further budget discussion
- F. New Business:
  - 1) Lab Fees
  - 2) High school visitation program
  - 3) Policy manual meeting report
- G. President's Report:
  - 1) Student Trustee
  - 2) Committee meeting minutes
  - 3) Referendum wrap-up
  - 4) College Night
  - 5) North Central visitation
  - 6) Tax objection
  - 7) Letter of appreciation
