## MEMORANDUM

TO: Sauk Valley College Board of Trustees

FROM: Dr. George E. Cole

Re: Reorganization of the Data Processing Center and Registrar's Office

The proposal to reorganize the Data Processing and Registrar's Office was discussed in great detail on Monday, December 18 in Administrative Council.

The attached proposal is intended to replace the one sent earlier in the Board packet. There are two changes in the revised version in that Alan Pfeifer's title would be changed to encompass the Admissions and Registrar's area which in the opinion of the Student Services staff would facilitate better communications with students. Also, to stay within the limitations of the existing budget, it was felt that the only salary increase to be effective before July 1 would be the one for Alan Pfeifer and this would be effective as of February 1 to correspond with Mrs. Hastings' retirement. This would mean that the proposal would stay within the confines of the amount of money budgeted for the 1978-79 year with the exception of the amount of \$1,750 which should be transferred from the contingency fund to the data processing services salaries professional budget 195-000-512.

RECOMMENDATION #1: Change the title of Director of Data Processing to the Director of Informational Systems, effective February 1, 1979.

RECOMMENDATION #2: Promote Alan Pfeifer to Associate Director of Informational Systems and of the Office of Admissions and Records, at a salary of \$17,500 to be effective as of February 1, 1979.

RECOMMENDATION #3: Eliminate the position of Assistant to the Director of Data Processing, effective July 1, 1979.

RECOMMENDATION #4: Eliminate the position of Programmer/Analyst, effective as of February 1, 1979.

RECOMMENDATION #5: Eliminate the position of Secretary to the Director of Data Processing, effective July 1, 1979.

RECOMMENDATION #6: Create the clerical position of Technical Assistant in Charge of Operations at the Grade 5 level effective July 1, 1979. This position would be filled by Anita Van Dusen, presently Secretary in Data Processing.

## MEMORANDUM

TO: Sauk Valley College Board of Trustees

FROM: Dr. George E. Cole *G. E. C.*

The attached letter from Asst. Dean Pintozzi contains a proposed letter of agreement between Sauk Valley College and the Lee County Special Education Association. This is being presented to the Board at this time for discussion and possible approval.

As President, I feel this effort is extremely valuable as it is the first step in forming a relationship between Sauk Valley College and the surrounding schools to deal with individuals who (for one reason or another) have not completed the four-year high school program.

For every 100 freshmen that start at the high school level, more than 30 fail to complete the high school program. The number of adult residents in our area who have not completed their high school training is estimated to be in excess of 30,000. This group has long been recognized as a ready market but most programs in the past have been less than effective.

RECOMMENDATION: After this proposed agreement has been properly reviewed by the Board attorney, I recommend it be approved.
