NCR COMPUTER DISPOSITION

As the Board is aware, we have converted all of our administrative and instructional computer use from the old NCR system to the IBM 4361. As the enclosed memo details, we have been trying since September to dispose of the old system with no success. It appears the only alternative is to scrap it.

RECOMMENDATION: Board of Trustees approval for the college to dispose of the old NCR computer system at a salvage yard with some parts made available to the NCR Corporation, with labor and transportation to be at their expense.

# MEMORANDUM

TO: Dr. Behrendt DATE: November 29, 1990  
FROM: Robert Edison *Bob* SUBJECT: NCR Computers

During the past several months we have taken various actions in an attempt to dispose of our current NCR computers. This process has involved the following:

- A. Sent letters of inquiry to eight brokers of NCR computers.
- B. Contacted NCR headquarters relative to possible sale of this equipment to be utilized as parts.
- C. Contacted companies in the Dixon and Sterling area that currently utilize NCR computers.

Out of the foregoing nobody has been interested in obtaining these computers either as a purchase and/or gift for the cost of transportation only. The only exception has been that the NCR Company, which would come and salvage some parts of the equipment were the parts to be free.

Recommendation: Board of Trustee approval for Sauk Valley Community College to dispose of this equipment via the local salvage yard. Parts will be made available to the NCR Company, with labor and transportation to be at their expense.

IBM COMPUTER PURCHASE

As the Board is aware, we budgeted for an instructional computer network and additional computer capabilities in the Student Services area. Attached is a detailed list of the equipment we would like to purchase with those budgeted funds. The total amount provided in all accounts is approximately \$110,000, so this acquisition will cost somewhat less than anticipated.

Also, the Board should be reminded that we are not required to competitively bid this item since we are requesting a specific brand of computer equipment and a state contract price exists which guarantees us the lowest possible price.

RECOMMENDATION: Board of Trustees approval to purchase the attached IBM computer equipment at a maximum total price of \$102,253 as provided in the 1990-91 budget.
