BOARD POLICY 116.01 BOARD ETHICS  
(SECOND READING)

Attached for Second Reading is Board Policy 116.01 Board Ethics.

RECOMMENDATION: Board approval of Board Policy 116.01 Board Ethics for  
Second Reading.

## 116.01 Board Ethics

In support of the best interests of the College, all Trustees shall adhere to reasonable ethical standards, including the following principles:

1. **Authority.** Trustees have authority for official Board action only when acting in concert as a Board of Trustees legally in session. No member of the Board of Trustees has the power to act in the name of the Board unless authorized to do so by the Board of Trustees in legal session, with the exception of the Board Chair in case of an emergency. The Chair will report such emergency actions to the Board at the next scheduled meeting. Trustee relationships with staff, students, citizens and media representatives will be based on this fact.
2. **Conduct.** Trustees will demonstrate personal integrity and ethical behavior in word and action; work with other Trustees in a spirit of decency, harmony and cooperation despite personal differences of opinion that may arise; regularly attend and contribute to Board meetings; focus discussion and decisions on problem solving rather than blame-placing; avoid making public statements or acting in ways that would discredit the Board and undermine public confidence in the College or damage its reputation; and act consistently with the College's shared ethical values of Respect, Responsibility, Fairness, Integrity and Caring.
3. **Decision making.** Trustees will become informed to the extent necessary to be an effective Trustee and vote on issues based on correct information; review meeting packets, pose clarifying questions to College staff, and prepare for meetings in advance; welcome and encourage citizen input on the College, while remembering that final decisions are the responsibility of the Board based on input from the staff and recommendations from the President; place the best interests of the College and the District as the top priority in deciding votes; recognize that the primary function of the Board is to establish the policies by which the College is administered, but that the administration of the educational programs and the conduct of College business is the primary function of the President and the staff; and abide by and support majority decisions of the Board.
4. **Conflict of interest.** Trustees will not use their position to obtain personal or financial gain for themselves, for family or friends, or for other organizations or businesses with which they are affiliated. Trustees will not attempt to exercise undue influence over employment or purchasing decisions that are not ordinarily acted upon by the Board. Trustees will not make use of College property or services for personal financial gain, except as they would be reasonably available to other residents of the District.

5. **Confidentiality.** Trustees will maintain confidentiality of privileged information, including all information discussed in closed or executive session meetings and other communications, such as attorney-client privileged communications.
6. **Communications.** Trustees will recognize and respect proper channels for flow of information within the College, directing all such communications through the Office of the President. Communications among Trustees shall comply with the Illinois Open Meetings Act.
7. **Compliance with law.** Trustees will abide by all laws relevant to their role at the College. Nothing in this policy will in any way restrict the application of or take precedence over any state statute or common law provision with respect to conflict of interest, malfeasance, misfeasance, or nonfeasance in office.

## 116.01 Board Ethics

Board ethics are not intended to encompass the full responsibility and good judgement expected of a trustee; its intent is one of general direction.

1. Regular attendance is necessary. If one is unable to attend a meeting, the Chair should be notified. Trustees unable to attend meetings for an extended period are asked to consider resignation.

2. Packets are to be studied before the scheduled Board meeting.

a. Questions and comments are encouraged and each trustee has the responsibility to participate in discussion.

b. The agenda provides an opportunity for each trustee to pursue concerns and questions.

3. It is generally assumed that from time to time trustees will disagree on an issue. All discussion should take place at the meeting. When a consensus has been reached, the full board will accept the decision of the majority.

4. The Chair should be aware of the interest, concerns and talents of each trustee. Every attempt should be made to include them fully in the Board's activities.

5. All discussion in Closed Session is to remain confidential.

6. A trustee should be available and willing to listen to constituents and should not commit themselves to a particular action before Board discussion.

7. Trustees will not use their position nor make use of College property or services for personal financial gain.

8. Trustees shall honor the chain of command procedures as described in the current college organizational chart.

9. To promote orderly functioning of the Board of Trustees, all written communications to the Board shall be transmitted through the Office of the President.

BOARD POLICY 306.01 ABATEMENT POLICY  
(SECOND READING)

Attached for Second Reading is a new Board Policy 306.01 Abatement Policy to replace the current policies 306.01 and 307.01.

RECOMMENDATION: Board approval of Board Policy 306.01 Abatement Policy for Second Reading.

### 306.01 Abatement Policy

The College views the economic health of the District as a matter of great importance to the College. The Board will look favorably toward tax abatements when by virtue of a tax abatement, a significant benefit to the District in economic terms can be realized.

Abatement may be appropriate whether the need arises by virtue of expansion of an existing business, or for attraction of new business. The Board will be concerned with a net benefit in comparison with any short term detriment which the College may suffer as a result of the abatement as compared to non-abatement, and will be concerned also with other benefits which the College District may enjoy as a result of the expansion of new business.

Tax abatement requests must be submitted in writing to the Board of Trustees of Sauk Valley Community College, District 506. All such requests will be considered on an individual basis. Tax abatements will not be granted for a period of time in excess of ten years.

Applications for tax abatement shall include the following information:

1. Name, address, and telephone number of the applicant.
2. Name, title, address, and telephone number of representative making application (if different from applicant).
3. Name and address of owner of site (if different from applicant).
4. Description of applicant's business generally and at the location where abatement is requested.
5. Description (legal description and/or street address) of site.
6. Real estate tax code(s) for site.
7. Current equalized assessed valuation for site, and current taxes paid to Sauk.
8. Description of current business operations conducted on site (if any), including number of employees working full-time and part-time.
9. Description of projected future business operations to be conducted on site as a result of the project, including number of employees working full-time and part-time, and total estimated change in payroll from current operations.
10. Total estimated cost of the project.
11. Terms of abatement requested.
12. Estimated dollar amount of abatement being requested from Sauk.
13. Statement of why abatement is being requested.
14. Other additional information as may be requested.

## 306.01 Abatement Policy

The College views the economic health of the District as a matter of great importance to the College. The Board will look favorably toward tax abatements when by virtue of a tax abatement, a significant benefit to the District in economic terms can be realized. Abatement may be appropriate whether the need arises by virtue of expansion of an existing business, or for attraction of new business. The Board will be concerned with a net benefit in comparison with any short term detriment which the College may suffer as a result of the abatement as compared to non-abatement, and will be concerned also with other benefits which the College District may enjoy as a result of the expansion of new business.

Tax abatement requests must be submitted in writing to the Board of trustee of Sauk Valley Community College, District 506. All such requests will be considered on an individual basis. Tax abatements will not be granted for a period of time in excess of ten years.

### Procedure

At the request of the Board of Trustees, the college president will appoint a committee from administration to consider an abatement request and develop a request recommendation to the Board. In developing its recommendation, any such committee shall take at least the following steps:

1. Meet with representatives of the firm or organization requesting the District #506 tax abatement, and review the policy of the Board, the annual dollar amount of the abatement, the number of years of abatement, and the total amount of the abatement.
2. Estimate the training programs or educational services available through the college the entity seeking abatement might utilize. The value, insofar as possible, of these services should be determined.
3. Consult with representatives of all other taxing bodies affected by the abatement request.
4. Review the nature of any claimed hardship and its validity.

The committee will establish procedures appropriate to permit it to make a recommendation to the Board and to maintain sufficient contact with the entity seeking abatement to determine whether the project is in fact proceeding.

## 307.01 Abatement of Real Estate Taxes in Lee County

SECTION 1. POLICY - This Board shall abate real estate taxes in Lee County from time to time upon the terms and conditions set forth in this policy, but no abatement shall become effective until the Board of Trustees has, by Resolution, approved the application, established the terms of abatement, and directed the County Clerk of Lee County to abate taxes, all in accordance with the Illinois Revised Statutes and regulations.

SECTION 2. APPLICATIONS - Applications for tax abatement shall be verified and in writing to the President of the College and shall include the following information:

- A. Name, address, and telephone number of the applicant;
- B. Name, title, address, and telephone number of representative making application (if different from applicant);
- C. Statement describing applicant's business (1) generally and (2) at location where abatement is requested;
- D. Description (legal description and/or street address) of site;
- E. Real estate tax code(s) for site;
- F. Current equalized value for site (by parcel and total EAV), and current taxes paid (by parcel and total tax);
- G. Name and address of owner of site if different from applicant;
- H. Description of current business operations conducted on site, including number of employees working full-time and part-time;
- I. If applicant is a corporation, submit a photocopy of the certificate of incorporation if an Illinois corporation, or the certificate of authority if a foreign corporation, together with any amendments thereto, or certificates of good standing, and copies of the applicant's most recent annual corporate report to the Secretary of State of the incorporation;
- J. If applicant is not a corporation, name, address and primary occupation of all partners or individuals having an ownership interest, direct or indirect interest, greater than 10% in the business to be conducted on site for which the abatement is requested;

K. Statement of the total number of full-time and part-time employees to be 1) hired, 2) added, or 3) retained as a result of the location/expansion project, together with a brief description of the jobs anti-cohabited to be so created brief description of the jobs anti-cohabited to be so created or retained, total estimated payroll for each job category, and the combined estimated payroll for all job categories;

L. Total estimated cost of the expansion/location project;

M. Estimated market area for product manufactured or sold;

N. Terms of abatement requested;

O. Estimated dollar amount of abatement being requested (total aggregate amount and total annual amount for length of term requested); and

P. Such other additional information as may be requested from time to time by the taxing body.

SECTION 3. GUIDELINES - Guidelines for consideration of application for tax abatement shall be as follows:

A. The nature and extent of any abatement shall be determined by the potential economic and community development benefits to the general community including potential employment and other expenditures related to construction, potential increases in the community's work force and payroll, increases in assessed valuation, potential encouragement of further economic and community development, and the avoidance of work reductions or decreases in assessed values;

B. Abatements will apply only to projects which are reasonably expected to cost in excess of \$200,000.00 or are reasonably expected to result in the creation of ten or more jobs in the College District or retention of ten or more jobs in the College District, without causing loss of jobs from other employers located in the College District;

C. Any area within Lee County in the jurisdiction of the College District shall be eligible, subject to limitations and provisions of zoning and building codes;

D. The terms of any tax abatement shall not exceed the limitations of state laws, and the Board of Trustees may add such further restrictions, limitations and conditions as it considers necessary;

E. Applications for abatement may be considered on a priority basis which takes into account anticipated economic development benefits, the time of filing and the total aggregate of all outstanding abatements for applications for abatement in any one year;

F. Reference to commercial or industrial firms in this policy shall include any person or business entity that qualifies as an applicant for tax abatement under Chapter 120, Section 643, Illinois Revised Statutes as the same may hereinafter be amended; and

G. All projects may be commenced not less than ninety days following approval of the application.

SECTION 4. ABATEMENT TERMS - The total aggregate allowed any single applicant shall not exceed the statutory maximum applicable, and no ordinance adopted pursuant to this policy shall be construed to allow any excess abatement:

A. Amounts: firms that are qualified under Section 3 of this policy may be granted an abatement the amount which shall not exceed the following limits:

1. New Commercial or industrial firms locating within the College District in Lee County or existing firms expanding their facilities within the College District in Lee County, when such location or expansion is reasonably expected to result in an increase in the work force and an increase in the assessed valuation of the premises in question, may be granted an abatement up to 100% if the additional taxes which would otherwise arise as a result of the increase in the equalized assessed value. Minimum abatement of 50% shall be granted targeted industries.

2. Existing commercial or industrial firms expanding their facilities within the College District in Lee County, when such expansion is reasonably expected to result in an increase in the assessed value of the premises in question and no increase in the work force, but is expected to retain existing employees, may be granted an abatement up to 75% of the additional taxes which would otherwise arise as a result of the increase in the equalized assessed value. A minimum abatement of 25% shall be granted targeted industries.

3. Existing commercial or industrial firms expanding their facilities within the

College District in Lee County, when such expansion is reasonably expected to result in an increase of assessed value, but no increase in the work force and a reduction in the existing work force, may be granted an abatement up to 50% of the additional taxes which would otherwise arise as a result of the increase in the equalized assessed value.

B. Length: Firms that are qualified under Section 3 of this Policy may be granted an abatement the length of which shall not exceed the following limits:

1. New commercial or industrial firms located within the College District in Lee County or existing firms expanding their facilities within the College District in Lee County, when such location or expansion is reasonably expected to result in an increase in the work force and an increase in the assessed valuation of the premises in question may be granted an abatement for not more than ten years. A minimum abatement of five years shall be granted targeted industries.

2. Existing commercial or industrial firms expanding their facilities within the College District in Lee County, when such expansion is reasonably expected to result in an increase in the work force, but is expected to retain existing employees, may be granted an abatement for not more than seven years. A minimum abatement of three years shall be granted targeted industries.

3. Existing commercial or industrial firms expanding their facilities within the College District in Lee County, when such expansion is reasonably expected to result in an increase of assessed value, but no increase in work force, and a reduction in the existing work force, may be granted an abatement for not more than five years. A minimum abatement of one year shall be granted targeted industries.

C. Computation: Tax abatements shall be computed by 1) determining the current amount of taxes paid on the property in question, 2) estimating the increase in assessed value of the property as a result of the proposed development, 3) calculating the increase in taxes which would result from such increase in assessed value at current tax rates, and 4) applying the approved percentage and term (length) of abatement to determine the total approved abatement in dollars. The resolution adopting the abatement shall then establish the total abatement approved and, where applicable, the amount of each installment.

Example: Land currently paying \$1,000 annual tax. The \$1,000 is the base, unabated tax. A qualified project is estimated to increase equalized assessed value so as to result in \$3,000 in taxes annually. Tax abatement approved at 50% over 5 years. Total amount of abatement is \$5,000. (50% x \$2,000 increase x 5 years). Resolution will grant \$5,000 abatement in installments such as: 1) \$1,000 each year for 5 years; or 2) \$1,500 in years 1 and 2, \$2,000 in year 3, and \$500 in years 4 and 5. Installments could be flexible. Each year taxpayer will pay the full amount of the unabated tax (\$1,000 in the example), and receive a credit in the agreed amount towards the increase, if any, over the base, unabated tax.

D. Targeted Industries: By this resolution and from time to time by adoption of amendments hereto, certain industries shall be designated as "targeted industries" for the purpose of economic development. It is the legislative purpose of this Board of Trustees to determine and identify the types of industries which are critical to the area's economy and future growth. The general categories for such retention and growth activities are: food and kindred products; printing and publishing; cement and concrete products; blast furnaces and foundries; fabricated metal products and machinery; tourism; plastics; leather products; manufacture of retail products; insurance; and health care and social services. Applicants within such industries shall be encouraged by entitlement to minimum abatement. A complete schedule of targeted industries is attached to this resolution and made a part hereof.

E. Limitation: The actual amount and length of the abatement shall be considered on a firm by firm basis using the guidelines and other criteria established by the policy.

## How My Community College has Changed My Life

By attending Sauk Valley Community College, my life has been changed in many positive ways. I have discovered new methods of how to become a better student. I have managed to be more responsible with the assistance of Sauk's faculty. SVCC has helped me develop realistic goals for the future, and it has inspired me to motivate others.

While attending Sauk Valley Community College, I have learned to become a better student. The college offers many programs that help students succeed and accomplish more with their college education. The College offers a variety of programs, which have helped me with my education. SVCC offers support through workshops, Counseling Office, Student Activities, the Learning Assistance Center, Career Services, and P.L.A.C.E. (Promoting Latino Access to College Education). As a Latina student, I am glad to see that Sauk Valley Community College is concerned about minority groups and all of its students. SVCC creates an atmosphere of comfort and motivation that has helped me to never give up on my dreams.

By attending Sauk Valley Community College, I have become a responsible adult. I am involved in many activities that require organization and discipline. Through the work-study program that SVCC offers, I am currently working in the Reading Center as an office assistant. I am the Vice-President of the Association of Latin American Students, and I am also involved in my community as I tutor high school students in Biology, Math and English where I have the opportunity to use my bilingual skills. Even though I am very busy, I have learned to discipline myself to accomplish all of my tasks, and whenever I face a problem, I know that I can count on my teachers for extra help and encouragement.

What is most rewarding for me is that by attending Sauk Valley Community College, I have been inspired to do well, and to accomplish my goals. I want to do well and prove to myself, my family and to others that I have what it takes to become a professional. With the education that Sauk Valley Community College has offered me, now I feel capable of facing challenges that life might bring. I see myself as being a role model especially for my four sisters, as well as to other students that pursue their education through Sauk Valley Community College.

## How My Community College Has Changed My Life

Attending Sauk Valley Community College is the most exciting thing that I've done this year. It has brought learning back into my immediate, everyday world and it's been fun. It has made me more confident of my abilities, preparing me for transfer to a four-year university. It has helped me set a good example for my children and I hope for others who see me grow through this experience.

My first career, that of a happy stay-at-home mom for the past 19 years, is approaching its end, and the time has come to prepare for my next career. My intention is to go into editing in the area of children's literature. This will require education that I did not receive after high school 23 years ago. However, deciding to go to college at the age of 40 is one thing, and actually doing placement testing and registering for classes is something entirely different. Walking into Sauk the first several times was terrifying. I didn't know what I was doing; I didn't know if I would be accepted by the other students; and I didn't know if I could still sit down and learn things like I had all those years before.

My fears were not entirely groundless, but most of them were unnecessary. The placement testing was frustrating and scary, as was walking into class the first day. However, I was treated with respect each time I stepped on campus by the faculty and staff who have never been less than fully supportive and friendly. The students have been very accepting of me as an older classmate, and as a result I have rarely felt out of place at Sauk. Already, in only my second semester, it is a place where I am completely at ease. Starting my delayed college life at a small community college has been so much easier than a larger, four-year university would have been.

I have learned how to study effectively and to focus on the task at hand, while keeping several other projects going in the background. I have gained basic cultural knowledge about art, psychology and sociology. I have found that I can still do math, learn Spanish, and that if I am willing to put in effort, then I will get a good result. I have grown in confidence—both in my scholastic abilities and in my interpersonal abilities. Associating with people of different ages and backgrounds has helped widen my view of the world.

My children have seen the changes within me. We sit at the table nearly every night doing homework together and comparing notes about our days. I talk to my husband, my friends, and my acquaintances nonstop about how much I am learning and enjoying my classes. I am showing my children that what a person chooses to do in life, he or she can do.

For Board Meeting of  
March 24, 2003

Agenda Item F

BUDGET PRESENTATION - REVENUES

As we approach budget development, it seems timely to offer the Board a series of PowerPoint presentations by Vice President Bittner on the SVCC budget. This first one will be confined to revenues – the various sources and their uses.

RECOMMENDATION: Information only.

## **Introduction to SVCC's Budget System**

### **March 2003**

#### **Governing Rules**

As a public community college, Sauk's accounting and budgeting system is governed by three rule-setting bodies: FASB (Financial Accounting Standards Board), GASB (Governmental Accounting Standards Board), and the ICCB (Illinois Community College Board).

The FASB publishes Statements of Financial Accounting Standards that establish GAAP (Generally Accepted Accounting Principles) to be followed by all accounting entities. The GASB publishes additional specialized standards for governmental units. The ICCB publishes the Fiscal Management Manual, which further refines the standards into account coding structures and reporting rules to be used by Illinois public community colleges. The manual can be found on-line at the ICCB's website ([www.iccb.state.il.us](http://www.iccb.state.il.us)).

#### **Fund Accounting**

Governmental entities like Sauk use a reporting system called "fund accounting." While businesses have just a single balance sheet and income statement, we have a balance sheet and income statement for each of ten funds.

Sauk's revenues arrive with instructions on their use. For example, we receive ICCB Credit Hour grants to be used for educational purposes, and we levy property tax for specific functions, such as Liability Protection and Settlement. Fund accounting is the mechanism we use to tie those different types of sources to their related uses.

Sauk uses the following funds:

- Education – For general educational expenditures.
- Operations and Maintenance – For routine buildings and grounds costs.
- Operations and Maintenance-Restricted – For specific major facilities projects.
- Bond and Interest – For repayment of borrowing through bonds.
- Auxiliary Enterprises – For self-supporting, non-tax supported activities.
- Restricted Purposes – For grants and similar sources that stipulate specific uses.
- Working Cash – An internal savings account to cover periods of low cash flow.
- Audit – For annual independent audit costs.
- Liability Protection and Settlement – For protection against potential tort claims, risk management, and employee Social Security tax.
- Building Bonds Proceeds – To account for the receipt and use of building bond proceeds.

The Education and Operations and Maintenance Funds together are often referred to as the operating funds.

## **Operating Fund Revenues**

Sauk's operating revenues come from three major sources: property tax, State grants, and tuition and fees.

Property tax: We receive property tax (\$3,323,750 in the operating funds for FY 02) from the residents of six counties: Lee, Whiteside, Carroll, Ogle, Henry and Bureau. The assessed valuations for each in tax year 2001 were as follows:

County	Assessed Valuation	% of Total
Whiteside	593,292,517	48.3%
Lee	410,949,504	33.5%
Ogle	94,121,834	7.7%
Henry	2,427,274	.2%
Bureau	64,782,354	5.3%
Carroll	61,603,216	5.0%
Total	1,227,176,699	100.0%

We submit our annual tax levy to each county clerk by the last Tuesday in December. The levy is a dollar amount (not a rate) for each fund. Some funds have tax rate limits, as follows (per \$100 of Equalized Assessed Valuation):

Fund .	Rate Limit
Education	.2450
Operations and Maintenance	.0300
Operations and Maintenance-Restricted	.0500
Bond and Interest	none
Liability Protection and Settlement	none
Audit	none

To calculate the levy, in early November we ask each county for an estimate of the next year's EAV. We compare the estimates to the previous year's comparable figures and actual EAV to arrive at an average estimated property value percentage increase. The county information at that time of year is preliminary, as the clerks usually have not yet reduced the EAV for exemptions, sometimes have estimates only for the whole county rather than for Sauk's district, and have not yet received assessment appeals.

We then prepare a projection of the next fiscal year's budget for each tax-supported fund. Finally, we join the budget and EAV estimates to develop a tax levy recommendation for the Board of Trustees.

The next fiscal year's property tax revenue budget includes half of this newly developed levy plus an estimate of half of the following year's levy, as the fiscal year and property tax year differ by six months.

State grants: The ICCB submits its budget request to the Illinois Board of Higher Education in the fall of the year proceeding the budgeted fiscal year. The budget, as revised by the IBHE, goes to the State legislature around January. It reaches the Governor's office for final approval sometime in the spring. Sometimes the budget is not finalized until well into the new fiscal year. In fact, sometimes it is changed even after that approval, if the State decides to enact mid-year budget cuts.

We estimate State grants for early budget projections based on the ICCB and IBHE proposals and on news reports from Springfield. As the State budgeting process progresses we revise our estimates as needed.

We receive seven types of State funding in the operating funds.

Our main source of funding, Credit Hour Grants (\$1,568,664 in FY 02), depends on the ICCB's total allocation for the grants and the weighted average number of credit hours produced at each college two years prior. So, Sauk's FY 04 grant is based on FY 02 enrollment as a percent of total enrollment in the Illinois community colleges that year.

The Equalization Grant (\$684,778 in FY 02) is designed to support colleges that have a relatively low Equalized Assessed Valuation per credit hour generated. It attempts to ease pressure on local property tax rates for districts that have a low tax base.

The Square Footage Grant (\$30,900 in FY 02) provides some extra funding for building maintenance costs based on the size of each college's facilities.

The Small College Grant (\$60,000 in FY 02) goes to approximately 15 of the State's lowest enrollment colleges to assist in overcoming their lack of the operating economies of scale that benefit large schools.

The ISBE Vocational Education Grant (\$43,443 in FY 02) is distributed among the colleges on the same credit hour basis as the ICCB Credit Hour Grant, but for vocational course enrollment only.

The Corporate Personal Property Replacement Tax (\$280,930 in FY 02) was established in the mid 1980s when the State legislature eliminated personal property (equipment, rather than real property, or land and buildings) from local property taxes. The CPPRT mitigates the tremendous effect that decision would have had on school funding. It is now similar to an income tax, and its budget depends on economic conditions.

Other State funding sources in the operating funds might include supplemental ICCB grants or legislative "member project" grants. These occur only periodically, usually based on a competitive application and/or available State budget.

Tuition and fees: The tuition rate is usually approved by the Board of Trustees around February, to take effect with the summer semester. Changes in fees also go to the Board at that time.

We develop a recommended tuition rate based on early budget projections. Given assumptions about property tax, State grants, expenditures, transfers, and enrollment, we calculate the tuition rate needed to make the budget balance. Tuition revenue was \$2,559,334 in FY 02.

We base enrollment estimates on the area economic situation and on expected results from any special recruitment efforts. A strong economy usually leads to lower enrollment, as people either devote more time to jobs than school or are better able to afford more expensive schools elsewhere.

Fees (\$472,779 in FY 02) consist of course fees, the technology fee, and miscellaneous fees. Course fees cover non-personnel costs that can be tied directly to specific courses. The goal is to cover such costs through fees paid by students in those courses rather than to spread the cost load among all students through tuition. The technology fee represents \$2 of the stated tuition rate; it supports computer-related operating costs. Miscellaneous fees include deferred payment plan charges and other miscellaneous student fees.

Budgeting for fees is based mostly on the estimated percent change in enrollment.

Other revenue: Other revenue includes Corporate and Community Services course fees (\$238,693 in FY 02), investment income (\$106,806 in FY 02), sale of obsolete equipment, facilities rentals, and other minor sources. It also includes a book entry for the State's contribution to employees' SURS accounts, which is balanced by an equal expenditure entry (\$484,054 in FY 02).

Agenda Item I-1

FACULTY PROMOTIONS

The following faculty are presented as having successfully completed the requirements outlined in the Faculty Contract for promotion to a higher rank. Their record has been carefully reviewed and evaluated for each of these criteria:

1. Mastery of Subject matter
2. Teaching capability
3. Interest in students as individuals
4. Understanding of comprehensive community college
5. Evidence of personal growth
6. Meritorious service
7. Years in present rank

PROMOTIONS RECOMMENDED

Richard Eichman  
Juel Iwaasa

Assistant Professor to Associate Professor  
Instructor to Assistant Professor

RECOMMENDATION: It is recommended that the faculty nominated above be promoted as outlined, effective the fall of 2003.

RE: Faculty Promotion Recommendations

Due to an administrative oversight the promotions of Richard Eichman and Juel Iwaasa were overlooked on the information that was presented to the Board of Trustees during their February meeting.

We are requesting that Mr. Eichman be promoted from Assistant to Associate Professor and that Mr. Iwaasa be promoted from Instructor to Assistant Professor. Both of these individuals have met the criteria for promotion as documented on the attached memos. They are both excellent instructors, work well with our students and are deserving of this change in their status.

If you have any questions, please contact me.

RE: Recommendation to promote Richard Eichman to the rank of Associate Professor

This memorandum will serve as a formal recommendation to appoint Richard Eichman to the rank of Associate Professor. The following information is offered in support:

1. Mastery of Subject Matter

Mr. Eichman has a Bachelor's degree in Psychology from the University of Maryland and a Master's degree in English from Central Missouri State University. He has completed all requirements for a Master's degree in History from Northern Illinois University (NIU) with the exception of a course in progress; he has also begun a Master's degree in French at NIU. He has been employed at Sauk Valley Community College since 2000. His studies have enhanced his teaching and his ability to advise and counsel students in the disciplines of English, History, and French.

2. Demonstrated Service Ability

Mr. Eichman has been an asset to the College. He has always been an active member on committees. He has arranged for visitors to speak to his classes on such topics as their experience in Vietnam. He has taught a section of a new course in Student Success Skills that has been developed for academically-challenged students. He has created an internet section of English Composition II; he has also developed a special topics course in History that addresses the assassination of President John F. Kennedy. He will begin offering French courses at Sauk in Fall Semester 2003.

3. Interest in Students as Individuals

Mr. Eichman is interested in helping students learn and apply what they have learned to settings outside the classroom. He is well-prepared and up-to-date in the classroom. As noted above, he has taught a section of a new course in Student Success Skills that has been developed for academically-challenged students. He encourages the development of thinking skills necessary to succeed in college and outside the classroom.

4. Understanding the Comprehensive Community College Mission

Mr. Eichman places a high priority on teaching excellence. He is well-organized in the classroom and employs appropriate technology to enhance his teaching capabilities.

5. Potential for Continued Professional Growth

Mr. Eichman is currently working on completing a Master's degree in History and has begun graduate studies in French at NIU. He works continuously to update and refine the courses he teaches in English and History.

6. Number of Years in Present Rank

Mr. Eichman was employed as an Assistant Professor in 2000. He has been in his current rank for three years.

RE: Recommendation to promote Juel Iwaasa to the rank of Assistant Professor

This memorandum will serve as a formal recommendation to appoint Juel Iwaasa to the rank of Assistant Professor. The following information is offered in support:

1. Mastery of Subject Matter

Mr. Iwaasa has Bachelor's and Master's degrees from Brigham Young University. He has been employed at Sauk Valley Community College since 2000. His studies have enhanced his teaching and his ability to advise and counsel students in the discipline of Music.

2. Demonstrated Service Ability

Mr. Iwaasa has been an asset to the College. He has always been an active member on committees. He writes and arranges music for the College's chamber ensemble and concert choir, organizes and promotes musical programs, and turns his portion of Sauk's choir concerts into events that both entertain and educate. He has taught a section of a new course in Student Success Skills that has been developed for academically-challenged students.

3. Interest in Students as Individuals

Mr. Iwaasa is interested in helping students learn and apply what they have learned to settings outside the classroom. He is well-prepared and up-to-date in the classroom. As noted above, he has taught a section of a new course in Student Success Skills that has been developed for academically-challenged students. He encourages the development of thinking skills necessary to succeed in college and outside the classroom.

4. Understanding the Comprehensive Community College Mission

Mr. Iwaasa places a high priority on teaching excellence. He is well-organized in the classroom and employs appropriate technology to enhance his teaching capabilities. He has worked to build strong relationships with the colleges and universities to which

Sauk students typically transfer; he has also made efforts to network with the music departments of the Sterling public school system.

5. Potential for Continued Professional Growth

Mr. Iwaasa has been attending professional continuing education workshops to enhance his instructional skills. He works continuously to update and refine the courses he teaches in Music.

6. Number of Years in Present Rank

Mr. Iwaasa was employed as an Instructor in 2000. He has been in his current rank for three years.
