**Topic:**                **Board Policy 425.02 Senior Services Option  
(First Reading)**

**Presented By:**       **Dr. George Mihel**

**Presentation:**

In accordance with the directive from the Board, the administration has rewritten Board Policy 425.02 Senior Services Option, to update, remove unnecessary procedural language, and to clarify policies. This was intended to be a transitional policy.

The recommended revision is on the following page.

**Recommendation:**

The administration recommends the Board approve policy 425.02 Senior Services Option for first reading for deletion.

## 425.02 Senior Services Option

### Limited Applicability

~~Except as provided herein, the Senior Services Option policy in force on May 31, 2005, is void and of no further force or effect.~~

~~This transitional policy shall apply only to full time employees of the College who are employed as of June 1, 2005, ("transitional employees"). For transitional employees this policy shall be applicable only until the employment contract in effect on June 1, 2005, expires, at which time this policy shall cease to be applicable to such transitional employees, except as is otherwise provided hereinbelow.~~

~~As to and only as to transitional employees and pursuant to the other requirements of this policy, the College shall make available to full time College retirees ("retirees") who qualify for and participate in the Sauk Valley Community College "Early Retirement Incentive Program" (as set out in Section 425.01 of the College Policies) the option to provide "professional educational services" to the College, in addition to his or her regular assignment, during the last year or years of service to the College. For such services the transitional employee who is a retiree can earn up to a maximum of an additional twenty percent (20%) of his or her college compensation earned during the prior year. Such option shall be referred to as the "Senior Services Option".~~

~~For those transitional employees who qualify for Senior Services Option, the fact that the service is not completed before the end of the employment contract in force as of June 1, 2005, shall not disqualify the employee, provided that the required applications are received and approved during the term of the contract in force on June 1, 2005.~~

#### 1. Professional Educational Services Plan

~~"Professional educational services" to be performed by a retiree electing the Senior Services Option may include, but are not limited to, curriculum modification and improvements; design and program development; mentoring new full or part time faculty or staff; research and analysis; additional work or other professional services which are to be performed in addition to the retiree's normal job. Professional educational services are expected to have a significant value to the College. Participation in this option shall require the retiree to submit a detailed plan ("Plan") which must be fully approved by the appropriate Vice President who shall submit it to~~

~~the President of the College. The President must give final approval of the Plan before commencement of such services. The President shall have the right to refuse payment in part or full if the work is not performed according to the Plan. In the event the Senior Services Option work is not performed to the satisfaction of the President, the College shall have the option to refuse to allocate any or all of said additional salary as professional educational services. The judgment of the College shall be final and not subject to appeal.~~

## 2. Eligibility

~~To be eligible for participation in the Senior Services Option the staff member must:~~

- ~~• Otherwise qualify for the "Early Retirement Incentive Program" set out in Section 425.01 of College Policies. The Senior Services Option will not be available to retirees under any other retirement option.~~
- ~~• Notify the President, in writing, of his or her intention to participate in the Senior Services Option and complete all work under the Plan prior to the date of actual retirement. The notice and the Plan shall be given before May 1 of any year the retire expects to perform professional educational services which are intended to qualify under the Senior Services Option, prior to the actual retirement commencement date. The Plan shall be proposed by the retiree in sufficient time to permit the College administration a reasonable time to review and approve all of the proposed work and timetable details of the proposed plan.~~
- ~~• Submit a detailed plan of proposed professional services which provides the following:
  - ~~a. The general scope of work to be performed; the dates for progressive completion of such work; including definite starting and ending dates;~~
  - ~~b. The expected benefit to the College of such work;~~
  - ~~c. All short term and long term costs expected to be paid by the College, if any.~~~~

### 3. Salary Limitations of Senior Services Option

- ~~Each participating retiree shall be paid additional salary for the additional professional educational services, which shall not exceed twenty percent (20%) of that retiree's college compensation (defined hereunder as the total college compensation received by the employee during the prior year). The additional salary earned under the Senior Services Option shall be subtracted before determining the final year's retirement incentive payment being paid the retiring staff member by the College under the Early Retirement Incentive Program in effect at the time of retirement. Further, the additional salary approved by the College and paid the retiree for the professional educational services shall be credited against and shall be considered a part of the lump sum payment payable by the College to the retiree as early retirement incentive under Section 425.01 of the College Policies.~~
- ~~Payment for such additional services shall be paid only for professional educational services actually rendered by the retiring employee in accordance with the approved Plan. Compensation earned by the retiree for such professional educational services will be paid in installments according to the regular pay plan chosen by the staff member, providing the installments shall be consistent with the Plan's progressive completion dates specified.~~
- ~~All professional educational services to be performed under the Senior Services Option shall be completed and final payment by the College shall be made by the retiree's actual retirement date. In the event the retiring employee receives payment for professional educational services which are not performed or are not completed by the retiree's actual retirement date, the College shall have the right to deny additional salary value status for such work. In such event the College shall have the option to consider such payments previously made as retirement incentive payments, seek restitution from the retiring or retired employee, and/or withhold, deduct or set off any such overpayments against any other payments or credits due the retiree from the College from any source.~~

4. Grandfather Clause

~~Any request by retirees who gave notice on or before June 1, 2005, as required by Section 2 of this policy as in force on or before June 1, 2005, shall be deemed a request under that policy. The then current contract of employment shall be deemed to incorporate the policy in force as of May 31, 2005.~~
