

**Sauk Valley Community College
June 20, 2017**

Agenda Item 3.1.2

Topic: Graduate Data

Mission: Sauk Valley Community College is dedicated to teaching and scholarship while engaging the community in lifelong learning, public service, and economic development.

Presented By: Dr. David Hellmich and Dr. Jon Mandrell

Presentation:

Based upon degree completion data, the College awarded 510 degrees and certificates in 2017, which consisted of 255 Associate degrees and 255 certificates. These numbers are expected to increase as our Director of Enrollment Services conducts an annual audit process that confers degrees to those who may have completed a degree or certificate in their coursework and may not have realized it.

The Associate in Applied Science degree yielded the most completions with 91 graduates in FY17 but was down from 99 in FY16. The Associate in Science degree had 83 graduates in FY17 but was down from 111 in FY16. The Associate in Arts degree increased from 50 graduates in FY16 to 67 graduates in FY17. The Associate in Liberal Studies degree increased to eight completions in FY17 compared to two in FY16. The Associate in Engineering Science degree remained steady in completion at five students, which was down from six completions in FY16. The Associate in Fine Arts degree had one student complete in FY17, down from three completions in FY16.
