Action Item 5.8

Topic: Purchase/Contract Approval – Used Vehicle Purchase Pre-Approval

College Health Metric: Student Services – The College provides quality and supportive services to students.

Presented By: Drs. David Hellmich and Jon Mandrell

Presentation:

Participating in college sports provides opportunities for students to learn, compete and succeed. As part of the College’s Student Services and Athletics programs, students and staff utilize college vehicles for transportation to events.

The administration is seeking pre-approval up to \$100,000 to purchase a used bus. Purchases of equipment previously owned by some entity other than the district itself or “used” vehicles or equipment are exempt from competitive bidding under the Public Community College Act (110 ILCS 805/3-27.1) and Board Policy 305.01.

This purchase will be funded through restricted use funding bond proceeds.

Recommendation:

The administration recommends the Board pre-approve the purchase of a used bus from a prospective vendor up to a total amount of \$100,000 to be paid from restricted use funding bond proceeds.
