

**Sauk Valley Community College**  
**November 27, 2023**

**Action Item 4.2**

**Topic:**                   **New Program Proposal – Diagnostic Medical Sonography**

**Strategic Direction:** **Workforce Development – Sauk Valley Community College meets the workforce needs of the region through effective and responsive programming and services for all learners.**

**Presented By:**       **Drs. David Hellmich and Jon Mandrell**

**Presentation:**

In working with local healthcare providers, the College has identified the need to provide Diagnostic Medical Imaging and Sonography programming. In response, the Health Professions area has drafted a proposal for an Associate in Applied Science degree in Diagnostic Medical Sonography with a projected start date of Fall 2024.

**Recommendation:**

The administration recommends the Board approve the addition of a Diagnostic Medical Sonography Program for Fall 2024.
