114.02 | **Conduct of Meeting**

1. The Board of Trustees uses Roberts Rules of Order as a guide in the conduct of its meetings.
2. Presentation of items of business follow the agenda, unless varied by the Chair.
3. The Board welcomes attendance at its meetings by members of the public and College employees and encourages their interest in the conduct of the affairs of the College. The Board also welcomes the orderly expression of concerns by members of the public or organizations relating to the welfare of the College and welcomes questions or comments from members of the public and employees. In order that Board meetings may be orderly and serve the purposes of the College, the following additional rules govern visitor participation in Board meetings:
 - a. Citizens or organizations wishing to present written or oral proposals or petitions regarding matters of interest to the citizens, organizations, or the Board must summarize such proposals in writing and furnish them to the Secretary of the Board seven days prior to the meeting. Such proponents or petitions are assigned a period not to exceed ten minutes on the meeting agenda during the period for *Communications from Visitors* for any comments or additional oral materials the proponent or petitioner wishes to furnish in regard to the proposals. In the event an opponent to the proposal or petition is present, such opponent is given a like period of time to address the Board. The Chair may limit the number of citizen petitions to be heard at a particular meeting in the interest of time and places unheard petitions on the agenda for the next meeting.
 - b. As described below, members of the public and employees of the College may be heard without prior written notice on matters on the agenda, make comments, or ask questions of the Board by requesting permission of the Chair during the *Communication from Visitors* portion of the meeting.
 1. Agenda Items
 - a. During *Communication from Visitors* on the agenda, the Chair asks whether any members of the public wish to be heard on any agenda item. At the commencement of consideration of that item on the agenda during the course of the meeting, the citizen is called upon and permitted to address the Board on such item. Speakers for or against an item on the agenda are limited to a total of five minutes of meeting time for their statement. If more than one person wishes to address the Board, the time shall be divided among them. If there are proponents and opponents present, each side has a total of five minutes available for a statement of their position.
 - b. Although citizens may address the Board on agenda items, it is usually beneficial to the Board and citizen (or Board and citizen or organization) to inform the Secretary of the Board of the citizen's or organization's desire to speak and to give a general outline of concerns at least 24 hours in advance of the meeting. The advance notice permits the administration to solicit further helpful information and may avoid delay in acting on or responding to the item or concern.
2. Persons Addressing the Board: Persons addressing the Board shall address the Board as a whole or address the Chair. No more than two persons may address the Board on the same topic on the same side of an issue.
3. Questions
 - a. All questions to the Board are directed to the Chair. The Chair, in consultation with the President if desired, determines whether the question will be answered at the Board meeting, and if so, whether by the Chair or by a member of administration.
 - b. Questions directed to individual Trustees are deemed out of order and are not permitted. Individual Trustees may pose questions to the citizen speaking. Presentations by the citizen and citizen response to any questions by the Board must be orderly. After the allotted time has lapsed, the citizen or citizens may not address the Board further unless requested to do so by the Chair. The Board responds to questions asked during the course of the meeting except as permitted herein. Persons attending the meeting are not permitted to interject comments or questions during the Board's discussion of the matter. The Board is not obligated to act upon items presented by members of the public, employees, or organizations or to answer questions at the time such question is presented. The Board makes a good faith effort to respond to questions within a reasonable time. In order to permit time to consider other items on the Board's agenda, the time allowed under *Communication from Visitors* will not exceed 20 minutes. The Chair may, for good cause, extend the time limitations provided. The Chair may terminate the privilege of addressing the Board of any speaker who does not conduct themselves in an orderly, decorous, and respectful manner.
4. The Chair serves as spokesperson for the full Board at all meetings of the Board.

2. News Media: During any meeting of the Board, television cameras may not be placed where they impede the view of the Trustees by any persons in attendance. Cameras may not be closer to the meeting table than the table or other location provided for members of the news media. 116.01 | **Board Ethics**

In support of the best interests of the College, all Trustees adhere to reasonable ethical standards, which include the following:

1. Trustees have authority for official Board action only when acting in concert as a Board of Trustee legally in session. No member of the Board has the power to act in the name of the Board unless authorized to do so by the Board in legal session, with the exception of the Board Chair in case of an emergency. The Chair reports such emergency actions to the Board at the next scheduled meeting. Trustee relationships with staff, students, citizens, and media representatives are based on this fact.
2. Trustees demonstrate personal integrity and ethical behavior in word and action; work with other Trustees in a spirit of decency, harmony, and cooperation despite personal differences of opinion that may arise; regularly attend and contribute to Board meetings; focus discussion and decisions on problem-solving rather than blame-placing; avoid making public statements or acting in ways that would discredit the Board and undermine public confidence in the College or damage its reputation; and act consistently with the college's shared ethical values of respecting the worth and dignity of all people; standing for integrity and fairness; and encouraging responsibility, accountability, and persistence in a caring, supportive environment.
3. Trustees become informed to the extent necessary to be an effective Trustee and vote on issues based on correct information; review meeting packets, pose clarifying questions to college staff, and prepare for meetings in advance; welcome and encourage citizen input on the College, while remembering that final decisions are the responsibility of the Board based on input from the staff and recommendations from the President; place the best interests of the College and the District as the top priority in deciding votes; recognize the primary function of the

Board is to establish the policies by which the College is administered, but the administration of the educational programs and the conduct of college business is the primary function of the President and the staff; and abide by and support majority decisions of the Board.

4. Trustees do not use their position to obtain personal or financial gain for themselves, for family or friends, or for other organizations or businesses with which they are affiliated. Trustees do not attempt to exercise undue influence over employment or purchasing decisions that are not ordinarily acted upon by the Board. Trustees do not make use of college property or services for personal financial gain, except as they would be reasonably available to other residents of the District.
5. Trustees maintain confidentiality of privileged information, including all information discussed in closed or executive session meetings and other communications, such as attorney-client privileged communications.
6. Trustees abide by all laws relevant to their role at the College. Nothing in this policy in any way restricts the application or takes precedence over misfeasance or nonfeasance in office.

c. Disposition of Gifts: An officer or employee, his or her spouse or an immediate family member living with the officer or employee, does not violate this Policy if the recipient promptly takes reasonable action to return a gift from a prohibited source to its source or gives the gift or an amount equal to its value to an appropriate charity that is exempt from income taxation under Section 501 (c)(3) of the Internal Revenue Code of 1986, as now or hereafter amended, renumbered, or succeeded.

Two commissioners shall serve two-year terms, and the third commissioner shall serve a one-year term. Thereafter, all commissioners shall be appointed to two-year terms. Commissioners may be reappointed to serve subsequent terms. At the first meeting of the Commission, the commissioners shall choose a chairperson from their number. Vacancies shall be filled in the same manner as original appointments.

d. The Commission shall have the following powers and duties:

1. To promulgate procedures and rules governing the performance of its duties and the exercise of its powers.

2. Upon receipt of a signed, notarized, written complaint, to investigate, conduct hearings and deliberations, issue recommendations for disciplinary actions or reprimand. 2. The Commission shall send by certified mail, return receipt requested, a notice to the respondent that a complaint has been filed against him or her and a copy of the complaint. The Commission shall also send by certified mail, return receipt requested, a confirmation of the receipt of the complaint to the complainant.

The notices to the respondent and the complainant shall also advise them of the date, time, and place of

the meeting to determine the sufficiency of the complaint and to establish whether probable cause exists to proceed.

3. Upon not less than 48 hours' public notice, the Commission shall meet to review the sufficiency of the complaint and, if the complaint is deemed sufficient to allege a violation of this Policy, to determine whether there is cause, based on the evidence presented by the complainant, to proceed. The meeting may be closed to the public to the extent required by the Open Meetings Act. The Commission shall issue notice to the complainant and the respondent of the Commission's ruling on the sufficiency of the complaint and, if necessary, on cause to proceed within ten business days after such meeting. If the complaint is deemed sufficient to allege a violation and there is a determination of cause, then the Commission's notice to the parties shall include a hearing date scheduled within four weeks thereafter.
 4. On the scheduled date and upon at least 48 hours' public notice of the meeting, the Commission shall conduct a hearing on the complaint and shall allow both parties the opportunity to present testimony and evidence. The hearing may be closed to the public only if authorized by the Open Meetings Act.
 5. Within 30 days after the date the hearing or any recessed hearing is concluded, the Commission shall either (i) dismiss the complaint or (ii) issue a recommendation for discipline or reprimand to the alleged violator and to the Board of Trustees. The particular findings in the case, any recommendation for discipline, and any fine imposed shall be a matter of public information.

The administration of the purchasing policy is the responsibility of the college's Chief Fiscal Officer. This policy enables responsible parties to act in the best interests of Sauk Valley Community College. An efficient, well planned, and organized program associated with this policy is imperative to protect the public trust relative to the expenditures of public tax monies. Because the success of the purchasing program depends on the ways and means of implementation, management, and administration, it is apparent that this policy governs the purchasing program and its use.

1. All administrators acting as purchasing agents for Sauk Valley Community College are mindful of and practice the following ethics:
 - a. To regard public service as a sacred trust giving primary consideration to the interest of the school district;
 - b. To purchase without prejudice, seeking to obtain the maximum benefit for each tax dollar expended;
 - c. To strive for knowledge of college equipment and supplies in order to recommend items that may either reduce costs or increase the efficiency of the means of education;
 - d. To insist on and expect honesty in sales representation whether offered verbally or in the sample of product submitted;
 - e. To give all responsible bidders equal consideration and the assurance of unbiased judgment in determining whether their product meets specifications and the educational needs of the college;
 - f. To discourage the offer of, and to decline, gifts that in any way might influence the purchase of college equipment and supplies;
 - g. To accord a prompt and courteous reception, insofar as conditions permit, to all who call on legitimate business missions; and
 - h. To cooperate with educational, governmental, and trade associations in the promotion and development of sound business methods in the procurement of college equipment and supplies.
2. Procedures
 - a. The Chief Fiscal Officer has the responsibility of securing for the college its requirements for services, materials, supplies, and equipment at the lowest possible cost consistent with satisfactory standards for quality and service.
 - b. Supervision and control of all purchases are the responsibility of the Chief Financial Officer or their responsible officer.
 - c. The departmental budgets are charged for the value of the merchandise received. All purchases are initiated by requisition and signed by the requestor and the Chief Fiscal Officer. Additional signatures are needed as noted below:
 1. Signature of the requestor's immediate supervisor for purchases of \$100 to \$1,000;
 2. Signature of President's Cabinet member for purchase of \$1,000-\$5,000; and
 3. Signature of the President for purchases of \$5,001 or more.

 2. \$10,000 to \$24,999 requires a quote from 3 vendors.
3. Policies
 - a. Budgeted Expenditures: All expenditures for items of services, materials, supplies, and equipment are bid and purchased according to the following:
 1. Purchases involving and expenditure of less than \$25,000 are authorized by the Chief Fiscal Officer without advertising for bids or requiring formal competitive bidding. The Chief Financial Officer determines the type of bidding necessary, the procedure being dependent upon the circumstances pertaining to each particular purchase.
 2. Purchases involving an expenditure in excess of \$25,000 are let to the lowest responsible bidder considering conformity with specifications, terms of delivery, quality and serviceability, after due

advertisement, except contracts that by their nature are not adaptable to competitive bidding such as contracts for the following:

- a. services for individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part;
- b. printing of finance committee reports and departmental reports;
- c. printing or engraving of bonds, tax warrants, and other evidences of indebtedness;

- g. duplicating machines and supplies;
- h. purchase of natural gas when the cost is less than that offered by a public utility;
- i. purchase of equipment previously owned by some entity other than the district itself;
- j. repair, maintenance, remodeling, renovation, or construction or a single project involving an expenditure not to exceed \$50,000 and not involving a change or increase in the size, type, or extent of an existing facility;
- k. goods or services procured from another governmental agency;
- l. goods or services that are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone, or telegraph;
- m. where funds are expended in an emergency and such emergency expenditure is approved by 75% of the members of the Board.

3. All competitive bids for contracts involving an expenditure in excess of \$25,000 (\$50,000 for contracts listed in ii.(9) above) must be sealed by the bidder and must be opened by a member or employee of the Board, and witnessed, at a public bid opening at which the contents of the bids must be announced. Electronic bid submissions are considered a sealed document for competitive bid requests if they are received at the designated office by the time and date set for receipt of bids. Electronic bid submissions must be authorized by specific language in the bid documents in order to be considered. Bids for construction purposes are prohibited from being submitted electronically. Each bidder must receive at least three days' notice of the time and place of such bid opening.

4. Due advertisement includes, but is not limited to, at least one public notice at least ten days before the bid date in a newspaper published in the district, or if no newspaper is published in the district, in a newspaper of general circulation in the area of the district.

5. All requests for competitive bids shall be issued through the Office of the Chief Financial Officer.

b. Non-Budgeted Expenditures: Purchases of services, materials, supplies, and equipment that have not been specifically budgeted for in any of the College funds or shall be purchased according to the policies and guidelines as set forth in Section A, with the exception that responsibility for approval to purchase under this Section B, rests with the Board of Trustees.

c. Cooperative Purchasing Arrangements: The Chief Fiscal Officer may pursue cooperative purchasing arrangements with other public institutions and the State of Illinois Department of General Services, in accordance with Paragraph 3-27.2 Joint Purchases, of the Illinois Public Community College Act. The Board Secretary is authorized to sign the appropriate resolution for the State of Illinois Department of General Services.

d. Miscellaneous: The Chief Fiscal Officer exercises discretion in determining the responsibility of each bidder. The lowest responsible bidder is awarded the contract, provided they meet the specific requirements set forth in the bidding document. Preference will be given to persons or firms located in the college district so long as they provide the needed service on a substantially equal basis with the persons or firms located outside the district.

4. Equal Employment Opportunity Clause: All contracts to which the College is a party are conditioned upon the requirement that the supplier of materials or services of the contractor and their subcontractor, and all labor organizations furnishing skilled, unskilled and craft union skilled labor, or who perform any such labor or services, as the case may be, will not commit an unfair employment practice in this State as defined in Section 853 of Chap. 48, IL. Rev. Stats. All such contracts have incorporated therein the "Equal Employment Opportunity Clause" required under the Rules and Regulations of the Illinois Fair Employment Practices Commission as follows:

EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

In the event of the contractor's noncompliance with any provision of this Equal Employment Opportunity Clause (EEOC), the Illinois Fair Employment Practices Act of the Fair Employment Practices Commission's (IFEPC) Rules and Regulations for Public Contracts, the contractor may be declared non-responsible and therefore ineligible for future contracts or sub-contracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the contract may be canceled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation.

1. During the performance of this contract, the contractor agrees as follows:

- a. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
 - b. That, if it hires additional employees in order to perform this contract, or any portion hereof, it will determine the availability (in accordance with the Commission's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.
 - c. That in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, age, national origin or ancestry.
 - d. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement of understanding, a notice advising such labor organization or representative of the contractor's obligations under the Illinois Fair Employment Act and the Commission's Rule and Regulations for Public Contracts. If any such labor organization or representative fails or refuses to cooperate with the contractor in its efforts to comply with such Act and Rules and Regulations, the contractor will promptly so notify the IFEPC and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.
 - e. 307.01 | Capital Assets

1. The College records Capital Assets in accordance with Generally Accepted Accounting Principles (GAAP) in the United States of America and practices prescribed by the Illinois Community College Board. Capital assets, which will be or are owned by the College, are recorded at cost or, if donated, at acquisition value at the date of a gift. The College adds equipment to inventory that, in general, has a useful life of more than one year and a unit value equal to or greater than \$2,500. A non-cash addition of equipment or property is found or acquired through donation, loan, or transfer from another entity.
2. The College capitalizes all property and equipment that, in general, have a useful life of more than one year and a unit value equal to or greater than the capitalization thresholds. Capital assets of the College, other than land, inexhaustible collections, indefinite-life intangible assets, and construction-in-progress, which are non-depreciable assets, are depreciated or amortized using the straight-line method over the following useful lives:

Fixed Asset	Dollar Threshold	Useful Life (in Years)
Land	All	Non-Depreciable
Land Improvements	\$25,000	20
Buildings	\$25,000	40
Building Improvements	\$25,000	20
Infrastructure	\$25,000	20

Intangible - Software	\$25,000	5
Intangible - Indefinite Life	\$5,000	Non-Depreciable
Artwork	\$5,000	Non-Depreciable
Equipment	\$5,000	6
Vehicles	\$5,000	5
IT Equipment	\$5,000	4

1. Intangible "right-of-use" lease assets are recorded at cost based on the present value of expected payments over the term of the respective lease term (less any lease incentives) plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs that are ancillary charges necessary to place the lease asset into service. The College capitalizes lease assets (and liabilities) with an initial measurement equal to or greater than \$5,000. The College amortizes capitalized lease assets using the straight-line method over the shorter of the lease term or the useful life of the underlying asset (based on the classification in the table above). A short-term lease is defined as a lease that, at the commencement of the lease term, has a maximum possible term under the lease contract of twelve months (or less), including any options to extend, regardless of their probability of being exercised. The College recognizes short-term and non-capitalized leases as outflows of resources or inflows of resources, respectively, based on the payment provisions of the lease contract.
2. Intangible 'right-of-use' subscription assets are recorded at cost based on the present value of expected payments over the term of the respective subscription plus any payments made to the Subscription-Based Information Technology Arrangements (SBITA) vendor before commencement of the subscription term and capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. The College capitalizes subscription assets (and liabilities) with an initial measurement equal to or greater than \$25,000. The College recognizes amortization of capitalized subscription assets as an outflow of resources over the subscription term. Short-term SBITAs have a maximum possible term under the SBITA contract of 12 months (or less), including any options to extend, regardless of their probability of being exercised. Subscription payments for short-term and non-capitalized SBITAs are recognized as outflows of resources.
3. Collections are objects held and preserved as a group primarily for education, research, and/or public exhibition. There are two general types of collections: exhaustible and inexhaustible. Exhaustible items are "used up" so they are capitalized and depreciated. Inexhaustible items are maintained indefinitely so they are capitalized but not depreciated. Exhaustible collections are depreciated using the straight-line method over ten years.
4. The College capitalizes assets whose individual acquisition costs are less than the capitalization threshold for an individual asset but where the aggregate cost of such identical or similar items exceeds \$25,000 at the time of purchase. Assets meeting these criteria are capitalized in the aggregate for accounting purposes and depreciated using the straight-line method over the useful life based on their classification.
5. This Board Policy has an effective date of July 1, 2022. The college's Business Office is responsible for transition and implementation of related college procedures.

309.01 | **Investment Policy**

SCOPE OF POLICY - This Investment Policy applies to the investment activities of any funds which are or may come under the jurisdiction of the College. Investments made under the College investment policy in force at the time of the adoption of this policy shall be permitted to mature if they conformed with the old policy but not with this policy and if the College would sustain a loss if it was sold prior to maturity. Anything in this notwithstanding, the mandates of Illinois Compiled Statutes shall take precedence over this policy except where this policy is more restrictive.

1. OBJECTIVES - The purpose of the College's Investment Policy is to establish cash management and investment guidelines for the stewardship of the public funds that are under the jurisdiction of the College. The specific objectives of the Policy are:
 - a. Safety. The safety of principal and the security of monies, whether on hand or invested, shall be the primary concern of the Treasurer in selecting depositories or investments.
 - b. Liquidity. The investment portfolio shall remain sufficiently liquid to meet the College's reasonably anticipated operating requirements.
 - c. Return. To the extent consistent with safety and the restriction imposed by this policy, the Treasurer shall seek to attain a market average or better rate of return throughout budgetary and economic cycles, taking into account risk, constraints, cash flow, and legal restriction on investment.
 - d. Local Considerations. The Treasurer shall use sound federally insured depositories located within the College District provided the aforementioned objectives are met, and such investments would be in compliance with all other conditions and limitations of this Investment Policy.
2. GUIDELINES - To assist in attaining the stated objectives, the following guidelines shall be observed:
 - a. Investments shall be undertaken in a manner that seeks to insure preservation of capital in the overall portfolio. To avoid unreasonable risks, diversification of investments is required. No one institution or Investment Company shall have more than 50% of the College's cash and invested funds at any one time.
 - b. The portfolio should remain sufficiently liquid to meet operating requirements, which may be reasonably anticipated. Cash flow shall be reviewed quarterly.
 - c. Investments shall be limited to those permitted by law, to the extent this policy is not more restrictive than the law.
 - d. All funds shall be deposited/invested within three working days.
 - e. When appropriate, investments shall be selected on the basis of competitive bids.
3. DIVERSIFICATION - Diversification of the investment portfolio shall be consistent with the Objectives described in Paragraph A.
4. RESPONSIBILITY - Investment of all funds under the control of the College is the direct responsibility of the Treasurer. The Treasurer shall be responsible for all transactions and shall establish a system of controls for all authorized subordinates who are directly involved in the assistance of such investment activities.
5. PERFORMANCE MEASURES - The use of U.S. Treasury bills, average Fed Fund rate, Illinois Funds or other stable markets can be used to determine whether market yields are being achieved.
6. PERIODIC REVIEW - The Treasurer shall establish annual independent review for internal control, which assures compliance within the Investment Policy. This will be accomplished with the College's external auditors.
7. REPORTING - All investment transactions shall be recorded by the Treasurer or the Treasurer's staff. A report listing all active investments, location of investments, maturity of investments, interest rate and other pertinent information deemed necessary will be submitted monthly to the Board.
8. INVESTMENT VEHICLES - Except as may be further limited by these policies, the Treasurer shall limit investments of College funds to those permitted in the Public Funds Investment Act (30 ILCS 235/).

The Public Funds Investment Act (30 ILCS 235/2) authorizes the College to invest any public funds as follows:

 - a. Bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
 - b. Bonds, notes, debentures, or other similar obligations of the United States of America, its agencies and its instrumentalities;
 - c. Interest-bearing savings accounts, interest-bearing certificate of deposit or interest-bearing time deposits or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;
 - d. Obligations of corporations organized in the United States with assets exceeding \$500,000,000 if (i) such obligations are rated at the time of purchase at one of the 3 highest classifications established by at least 2 standard rating services and which mature not later than 3 years from the date of purchase, (ii) such purchases do not exceed 10% of the corporation's outstanding obligations and (iii) no more than one-third of the public agency's funds may be invested in short term obligations of corporations; or
 - e. Money market mutual funds registered under the Investment Company Act of 1940, provided that the portfolio of any such money market mutual fund is limited to obligations described in paragraph (1) or (2) of this subsection and to agreements to repurchase such obligations.
 - f. The College may invest its public funds in interest bearing bonds of any county, township, city, village, incorporated town, municipal corporation, or school district, of the State of Illinois, or any other state, or of any political subdivision or agency of the State of Illinois or any other state, whether the interest earned thereon is taxable or tax-exempt under federal law. The bonds shall be registered in the name of the College or held under a custodial agreement at a bank. The bonds shall be rated at the time of purchase within the 4 highest general

classifications established by a rating service of nationally recognized expertise in rating bonds of states and their political subdivisions.

- g. Investments may be made only in banks which are insured by the Federal Deposit Insurance Corporation. The College may invest any public funds in short term discount obligations of the Federal National Mortgage Association or in shares or other forms of securities legally issuable by savings banks or savings and loan associations incorporated under the laws of this State or any other state or under the laws of the United States. Investments may be made only in those savings banks or savings and loan associations the shares, or investment certificates of which are insured by the Federal Deposit Insurance Corporation. Any such securities may be purchased at the offering or market price thereof at the time of such purchase. All such securities so purchased shall mature or be redeemable on a date or dates prior to the time when, in the judgment of such governing authority, the public funds so invested will be required for expenditure by such public agency or its governing authority. The expressed judgment of any such governing authority as to the time when any public funds will be required for expenditure or be redeemable is final and conclusive. The College may invest any public funds in dividendbearing share accounts, share certificate accounts or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States; provided, however, the principal office of any such credit union must be located within the State of Illinois. Investments may be made only in those credit unions the accounts of which are insured by applicable law.
- h. The College may also invest any public funds in a Public Treasurers' Investment Pool created under Section 17 of the State Treasurer Act. Any public agency may also invest any public funds in a fund managed, operated, and administered by a bank, subsidiary of a bank, or subsidiary of a bank holding company or use the services of such an entity to hold and invest or advice regarding the investment of any public funds.
- i. The College may purchase or invest in repurchase agreements of government securities having the meaning set out in the Government Securities Act of 1986, as now or hereafter amended or succeeded, subject to the provisions of said Act and the regulations issued thereunder. The government securities, unless registered or inscribed in the name of the public agency, shall be purchased through banks or trust companies authorized to do business in the State of Illinois.
- j. In addition to all other investments authorized under this Section, the College may invest public funds in any mutual funds that invest primarily in corporate investment grade or global government short term bonds. Purchases of mutual funds that invest primarily in global government short term bonds shall be limited to funds with assets of at least \$100 million and that are rated at the time of purchase as one of the 10 highest classifications established by a recognized rating service. The investments shall be subject to approval by the Sauk Valley Community College Board of Trustees. The College shall not initiate purchases in any such aforementioned mutual funds to exceed an aggregate portfolio holding value exceeding 40% of the College's investment portfolio.
9. FINANCIAL INSTITUTIONS - The College, with the advice of the Treasurer, shall select which financial institutions will be eligible depositories for the College District. Any financial institution, upon meeting the requirements of the Illinois Compiled Statutes and of this Investment Policy, may request to become a depository for the College funds. The College will take into consideration security, size, location, financial condition, service, fees, competitiveness, and the community relations involvement of the financial institution when choosing depositories.
10. COLLATERALIZATION OF DEPOSITS - To meet the objective of safety of capital, the Treasurer will always require deposits in excess of the Federal Deposit Insurance Corporation limits to be appropriately collateralized to the extent on One Hundred and Ten Percent (110%) and such collateralization shall be evidenced by an approved written agreement.
- a. Except as may be further limited by these policies, the Treasurer shall limit collateral instruments to those permitted in Illinois Compiled Statutes, 30 ILCS 235/6. A summary of allowable collateral instruments is as follows:
1. Negotiable obligations of the United States Government;
 2. Negotiable obligations of any agency or instrumentality of the United States Government backed by the full faith and credit of the United States Government;
 3. Negotiable obligations of the State of Illinois which are rated within the 3 highest classifications established by Moodys or Standard and Pools;

 6. A bond, executed by a company authorized to transact the kinds of business described in clause (g) of Section 4 of the Illinois Insurance Code, payable to SVCC
 7. Maturity of acceptable collateral shall not exceed 120 months.
- b. The ratio of fair market value of collateral to the amount of funds secured shall be reviewed weekly and additional collateral will be requested if the ratio declines below the level required.
- c. Safekeeping of Collateral. Third party safekeeping is required for all collateral. To accomplish this, the securities will be held at a safekeeping depository as approved from time to time by the Treasurer. Safekeeping will

be documented by an approved written agreement. Substitution, exchange or release of securities held in safekeeping may be done upon two (2) days prior written notice to the Treasurer. When collateral is extended, the Treasurer should receive a copy of the financial institution's board minutes, indicating the board of director's approval.

11 ~~SAFEKEEPING OF SECURITIES~~ - Unless held physically by the Treasurer, all securities shall be kept in appropriate third party safekeeping. The Treasurer will have the sole responsibility for selecting safekeeping agents. Safekeeping will be documented by an approved written agreement.

12 ~~NDEMNIFICATION~~ - Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the possible income to be derived. The above standards are established as standards for professional responsibility and shall be applied in the context of managing the portfolio. The Treasurer and employees of the Treasurer acting in accordance with this Investment Policy and procedures as have been or may be established and exercising due diligence shall be relieved of personal liability for an individual security's credit risk or market changes.

Leave of absence without pay must be approved in advance by the employee's supervisor. Leave of absence without pay for more than one calendar month in any fiscal year must be approved in advance by the President. An employee concurrently on SURS disability leave and on a leave of absence without pay will have his or her leave of absence without pay terminated after six months. Grant of leave of absence without pay under this section does not guarantee the employee will return to the same or a similar job at the end of the leave. The College may deny reinstatement if the employee would not otherwise have been employed at the time reinstatement is requested. Failure to return to work at the end of an approved leave of absence will be considered a resignation.

The College will reasonably facilitate employee participation in Section 403(b) and 457(b) programs, and will make salary reductions on behalf of qualified employees when employees comply with this policy. b. Part-time Active Employees:

1. Under the Illinois Family Bereavement Leave Act, after 1,250 hours of service with an employer during the prior 12-month period, an employee is eligible for two weeks (10 working days) of unpaid leave following the death of a child. Child is defined as a biological, foster, adopted or step child, a legal ward or a child for whom the employee stood in loco parentis. Bereavement leave days cannot be accrued. Employees meeting the eligibility requirements of the Illinois Family Bereavement Leave Act may elect to substitute leave they have accrued such as sick, vacation or personal days for any portion of the leave. Leave under the Illinois Family Bereavement Act must be completed within 60 days after the date an employee receives notice of the death of the child. Employees may be entitled to up to 6 weeks of bereavement time in the event of the death of more than one child during a twelve-month period. This Act does not create a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or in addition to the unpaid leave time permitted by the federal Family and Medical Leave Act.
2. The employee's immediate supervisor authorizes the use of bereavement leave. If additional time is needed beyond what is indicated above, vacation, sick or unpaid leave may be taken with supervisory approval in consultation with Human Resources. The supervisor should consult with Human Resources in special circumstances.

The College desires to reasonably protect the health and well-being of its employees and its students as per the following policy:

1. Examination of New Employees: New employees may be required to provide evidence of fitness to perform duties assigned. Such evidence may consist of a demonstration of performance of typical job tasks and/or a physical and/or mental examination by a physician, psychologist, or other health care practitioner selected by the College, licensed in Illinois or in any other state, to practice in their field. Results of the physical and/or mental examination are furnished to the employee and to the College. The cost of such examination is paid by the College.
2. Examination of Employees Generally: If it appears to the College that an employee has a physical or mental health condition that is adversely affecting an employee's performance or is creating a risk to the health or welfare of other employees or students, the College may require an examination by any physician, health care professional, rehabilitation specialist, or mental health care practitioner selected by the College, licensed to practice in Illinois or in another state. The College pays all expenses of such examination. The results of such examination are furnished

in writing to the employee and to the College. The College utilizes the following procedure in requiring employees to undergo a physical or mental health examination:

- a. If a situation is present where the possibility of requesting an examination may exist, the supervisor responsible for evaluating the involved employee and Human Resources conduct an appropriate investigation of the circumstances. In the event it is determined a physical or mental examination is to be requested, then they supply to the employee written notice of the requirement to see a chosen medical or mental health care professional. The written notice must include a clear, detailed, statement of the specific actions and behaviors that have led to a questioning of the employee's physical or mental fitness, and it must be signed by the supervisor of that employee and Human Resources.
 - b. All documents and communications regarding an employee's physical or mental health under this policy are held in strictest confidence as secured documents in the Human Resources Department accessible only by those authorized by law.
3. Communicable Diseases: Staff or students having any temporary communicable disease that is determined by a licensed medical practitioner satisfactory to the College to pose no health threat to other employees or to students may remain at the College if they are medically able to continue at a level of performance reasonable for their position. Staff or students having a temporary communicable disease, as determined by a licensed medical practitioner satisfactory to the College, who does pose a health threat to other employees or to students may remain at the College only with permission of the appropriate supervisor in charge of evaluating them in the case of employees; if the subject is a student, with the permission of the Dean of Student Services or under such conditions as the appropriate Dean of Student Services may impose.
4. Chronic Communicable Diseases: Employees or students suffering from chronic communicable diseases are accommodated to the extent required by the Americans with Disability act and the Illinois Human Rights Act.
5. Communicable Diseases in the Health Occupations Field: Any employee or student involved in the health occupation field who has a communicable disease of any nature must comply with the standards and requirements of the clinical site involved in the instruction, consistent with the standards set by the clinical site for its employees.
6. Confidentiality: The College will provide appropriate confidentiality of information provided to the College regarding an individual's medical or mental condition.
7. Compliance with Illinois Department of Public Health Regulations: The College complies with appropriate directives and the rules and regulations for the control of communicable diseases as promulgated by the Illinois Department of Public Health, Division of Infectious Diseases.

425.01 | **Early Retirement**

The College provides for an early retirement incentive program as follows:

1. Eligibility: This program shall be open to all full-time College employees (i) who are at least fifty-five (55) years of age but who have not reached sixty (60) years of age on the date of retirement; (ii) who have ten (10) or more years of service at Sauk Valley Community College, and (iii) who have been employed by the College on a full-time basis during each of the two (2) years preceding the date which their early retirement shall commence.
2. Application Procedures: A written request to participate in the retirement incentive program must be submitted and received by the President of the College no later than May 1 of the year prior to the year of actual retirement.
3. Provisions: A leave of absence will not be considered as years of service for the purpose of determining eligibility for early retirement. In the event of death of the early retiree prior to the effective date of retirement, the College shall have no obligation to make any remuneration under this plan.
4. Incentive
 - a. The College will make a payment to the retiree calculated on the retiree's contractual base salary as of the effective date of retirement, based upon the participant's age on the date of retirement. The contribution

percentage shall be calculated under the following provision with a lump sum payment, based upon age and a percentage of retiree's base contractual salary:

Age	Percentage
55	45%
56	40%
57	35%
58	30%
59	25%

The lump sum payment will, at the retiree's option, be paid either as of the effective date of the retirement or as of January 31 following the actual date of retirement.

b. Base contractual salary is further defined for the following:

1. Instructional Staff: Base contractual salary to be received from the College for the academic year.

2. Administration and Support Staff: Computation for early retirement incentive is based upon base contract salary to be received from the College during the fiscal year (12 month) contract or other pro-rated contracts as appropriate.

c. Base contract salary shall not include summer school pay, overload pay, overtime pay or other non-regular salary or earnings. An employee may not participate in the College's early retirement plan and also participate in any other state early retirement incentive plan. If any other state early retirement incentive plan is elected, the College plan shall not be available. For the purpose of this paragraph, a state early retirement "incentive plan" is defined as any state retirement plan which requires the College to pay more dollar benefits on behalf of an individual employee than is required under the normal SURS early retirement plan without discount, as provided in 40 ILCS 5/15-136.2.

d. The number of retirees retiring under this policy may be limited by the Board depending upon budgetary conditions but shall not be limited to less than 15% of those eligible per year. The right to elect early retirement hereunder shall be allocated on the basis of priority of receipt by the College of notice of intent to retire in the event early retirement limitations must be applied.

428.01 | **Intellectual Property**

1. Purpose of Policy: Sauk Valley Community College's primary mission lies in the creation and dissemination of knowledge in works of the intellect in whatever medium they may be embodied or expressed. This public service mission creates an environment that is highly conducive to the conception and development of many forms of intellectual property. There is always the possibility that these developments may have commercial value, and the College wishes to encourage and support development of inventions, copyrightable materials, and other intellectual property for public use. The purpose of this policy is to state for College faculty, administrators, other staff, and students (hereinafter "College Community") the nature of the responsibilities, privileges, and options available to the College Community when members of the College Community have created intellectual properties. Clear allocation of ownership and control of intellectual property rights is necessary to avoid disputes among the College Community over many issues, including teaching uses, copyrights and royalties. In the event members of the College Community take the initiative in developing intellectual property of any nature, including instructional programs or courses, it is hoped and expected that all such members of the College Community will utilize this policy as a basis to determine ownership and compensation issues which may result from such developments. It

is important to do so since the law concerning rights to the ownership and use of educational works is evolving and many issues are unclear and unresolved.

2. **Statement of Principles:** The Board recognizes the value of professional development, which may or may not result in the creation of intellectual properties. The Board further encourages and supports such development because of its inherent benefits to the College Community. Pursuit of professional development through development of intellectual properties is valuable to the College, but such pursuit does not diminish the responsibilities or commitment faculty, administrators and other staff members have to the College's regular instructional program. The development of intellectual properties may, in many cases, involve questions relative to ownership of such intellectual properties between the employee or student who may have developed the property and the College who employed the creator and may have provided support for the development of such intellectual properties. A process to resolve such ownership issues quickly and equitably will help create a climate of understanding and trust as well as determine the ownership of corresponding payments for usage of the intellectual properties that may result in revenue, commonly referred to as royalties. The College seeks to resolve such questions by adherence to and application of this policy.
3. **Definition of Intellectual Properties:** Intellectual properties may include but are not limited to inventions, software, written/graphic materials, techniques, device-like software, and processes. For exemplification purposes only, the Board provides the following list of definitions of intellectual properties in which questions about ownership or royalties may exist:
 - a. **Inventions:** Devices, device-like software (or middleware), discoveries, processes, methods, uses, products, or combinations of any of these, whether or not patented or patentable at any time under the Federal Patent Act (Act 35 U.S.C. Sec. 1 et. seq.) as now existing or hereafter amended or supplemented;
 - b. **Written/Graphic Materials:** Instructional, literacy, graphic/visual art, dramatic, and musical materials or works, computer programs, and all other materials, published or unpublished, whether or not copyrighted or copyrightable;
 - c. **Recorded Materials:** Sound, visual, or audio-visual productions, including without limitation slides, films, tapes, videotapes, compact discs, laser discs, or other recordings or transcriptions, published or unpublished, whether or not copyrighted or copyrightable.
4. **General Ownership of Intellectual Properties**
 - a. **Creator's Rights In Title to Intellectual Properties:** As between the College and the creator, title to intellectual properties produced by faculty, administrators, employees, or students without any support from the College and produced by the creator on his or her own unpaid time and at his or her own expense, in the absence of other agreements, will normally belong to the creator of those properties. Intellectual property rights arising in courses approved for College credit may belong to their individual creator but rights shall also vest in the College to the extent that every member of the College Community, including students, faculty, staff and administrators, shall enjoy a permanent non-exclusive royalty-free license to make all traditional, customary or reasonable academic uses of the immediate content of that course. To that extent, the College shall retain the right to a copy for its own use once such a course has been taught at the College.
 - b. **Joint or Shared Developed Intellectual Properties:** In those instances where intellectual properties are developed by a combination of faculty, administrators', employees' or students' individual efforts and with some College support in the form of stipends, facilities, release time or overload time, the ownership of the materials, processes or inventions developed (including copyrights or patents) will be vested in the creator or the College or both as designated by written agreement between the parties. Such properties shall normally be held in the name of the College but ownership rights shall be shared as provided in the agreement. It is incumbent on any creator who wishes to share in intellectual property rights to secure a written agreement and understanding prior to creation of any intellectual property. In the event no such written agreement is entered into, ownership will be vested solely in the College.
 - c. **College Rights In Title To Intellectual Properties:** As between the College and the creator(s), the College will retain any title to any intellectual properties produced and/or developed by any College employee(s) under the concept of works-for-hire when the College has assigned the development of such intellectual property or properties to the creator(s) as part of the duties of the creator(s), whether or not extra-routine support is provided. In such event, the creator shall be entitled to retain a copy for the creator's own use.
 - d. **Intellectual Property Rights In Grant or Contract Work:** Intellectual property rights in works developed or supported by grants or contracts shall be governed according to the terms and conditions which may be contained in such grants or contracts; in the event such grants or contracts are silent as to intellectual property rights, such rights arising from grants or contracts shall be governed and determined by policy.
5. **Royalties and Revenue:** The creator's rights to revenue from intellectual properties to that the creator retains title and full rights will belong to the creator(s). The creator(s) will make arrangements independent from the College to collect these revenues directly from the agency providing them, and will be responsible for the tax-related issues associated with them. The creator(s) will also assume all copyright and/or patent costs and will indemnify the College against all infringement claims which may arise as a result of the creator's development and uses of the

intellectual properties. The creator's rights to a reasonable share of revenue from intellectual properties to which the College retains title in whole or in part will be negotiated as part of the agreement in accordance with this policy relating to intellectual properties. The College's costs will be recovered as part of the College's share of revenue, unless negotiated otherwise.

6. College Revenue Collection and Distribution: In order to minimize bookkeeping questions or accounting problems or both, the Chief Financial Officer (CFO) will be the collection agent for the creator(s) and the College of all income for all intellectual properties to which the College retains sole or shared title. Promptly following receipt of revenue, the CFO, or his or her designee, will disburse it according to the revenue shares provided in this Policy or pursuant to the negotiated agreement under provisions of this Policy. Each of the parties shall be responsible for any payment of income or other taxes of every nature imposed upon or related to the respective portions of shared income received by the College or creator(s). The creator(s) shall not be entitled in any event to any part of tuition or student fees paid to the College for enrolling in courses and all such revenues will belong solely to the College. The creator(s) shall have the rights of full disclosure of all aspects of accounting relating to revenue from a shared property, including, but not limited to, requesting an independent audit of the records of revenue and distribution.

7. Procedures for Intellectual Property Agreement

a. Negotiating the Agreement: Prior to the time intellectual properties are developed and before College support is awarded or used for the purpose of developing, producing or marketing intellectual property, the Chief Academic Officer (CAO), or his or her designee, will meet with the creator(s) to negotiate the terms of the development of any intellectual properties which are intended to result, as well as the production, marketing, and the reasonable division of revenue which may result from the sale of intellectual properties. The creator(s) shall be entitled to representation during this negotiation process, e.g. an attorney or a representative of the Sauk Valley Community College Faculty Association.

b. Division of Revenue: The CAO, or his or her designee, and the creator(s) will consider the following conditions in arriving at a reasonable division of revenue:

1. The origins of the ideas upon which the intellectual properties are based;
2. The expertise and investment of resources, e.g. time and money and/or equipment, involved in conceptualization and development of the intellectual properties;
3. The extent to which the College has or will support the development and production of the intellectual properties, particularly concerning released time;
4. Costs that may be incurred in the production, marketing, and sale of intellectual property. The parties will pay particular attention to avoid negotiating agreements in which the cost of processing and administering the agreements to the College and the creator(s) may be disproportionate to the proceeds obtained. Furthermore, the parties must include in the agreement specific information about the costs that will be incurred by the College and which must be repaid out of the College's share of revenue, the ways the cost of the copyright/ patent/licensing of the intellectual property will be shared by the parties involved, and specific terms under which revenue will be distributed between/among the parties. The parties shall also address the issues of responsibility for infringements upon intellectual property rights of others. The CAO, or his or her designee, and creator(s) may consult with experts as they deem necessary in arriving at an agreement. Each party shall be solely responsible for payment of any experts each party selects unless the parties agree otherwise. To maintain consistency in negotiations, the agreements that are negotiated should be available for public information and inspection.

c. Binding Resolution of Disputes: Unless otherwise mutually agreed, negotiations should be concluded within sixty (60) calendar days after the initial meeting. In the event a satisfactory conclusion cannot be reached, the matters at issue will be submitted to a Resolution Committee, composed of three members: one member selected by the President of Sauk Valley Community College, one selected by the creator (which may include the President of the Sauk Valley Community College Faculty Association), and one selected by mutual agreement between the President of Sauk Valley Community College and the creator. In the event the resolution Committee cannot reach an agreement by consensus, the representative of the President of the College will make one final last best offer, the member appointed by the creator will make one final last best offer, and the third member will make a final binding selection of one of the two offers. The decision shall be final and shall not be subject to review by any other person or body, including but not limited to any grievance process.

8. Covered Parties and the Element of Time: All intellectual properties developed subsequent to this agreement shall be subject to the terms of this policy. Any intellectual properties developed prior to this agreement are exempt therefrom.

432.01 | **Whistleblower**

1. Sauk Valley Community College is committed to the highest ethical standards and conducts its operations in compliance with federal and state laws and regulations. As such, the College encourages employees to report allegations of internal wrongdoing and provides assurance they will be protected from retaliation for such reporting in good faith.
2. Wrongdoing may include, but is not limited to, the following: crimes or violations of the law or governmental regulations; fraud or financial irregularity; improper use of college funds, property, or assets; corruption, bribery, or blackmail; and harming college property.
3. The College promptly investigates reports of possible fraudulent or dishonest use or misuse of college resources made under this policy. Appropriate action is taken against anyone found to have engaged in fraudulent or dishonest conduct, including disciplinary action by the College, and/or civil and criminal prosecution when warranted.
4. Reporting:
 - a. Concerns about possible fraudulent or dishonest use or misuse of resources should be made in writing via a form in FAST, which will be forwarded to the President, the Chair of the Board of Trustees, or the Chief Human Resources Officer. Sufficient information should be provided so that an investigation can be conducted. Concerns may be submitted on a confidential anonymous basis, if the person so desires, but doing so does not obligate the College to investigate the alleged misconduct.
 - b. The Whistleblower Hotline is an alternate reporting process. The number of 815-835-6444 has been established and may be used to report concerns about possible fraudulent or dishonest use or misuse of resources.

The Whistleblower Hotline is not an alternative grievance process intended to resolve a personal/personnel injustice.

- c. Employees reporting suspected improper activities on the Whistleblower Hotline are encouraged to identify themselves so the College may contact them for further information if necessary. Reports may be made anonymously if the employee feels that it is the only way they can disclose the information safely.
5. The College encourages those submitting concerns to put their names to allegations because appropriate follow-up questions and investigation may not be possible unless the source of the information is identified. Anonymous whistleblowers must provide sufficient corroborating evidence to justify the commencement of an investigation. An investigation of unspecified wrongdoing or broad allegations is not undertaken without verifiable evidentiary support. Because investigators are unable to interview anonymous whistleblowers, it may be more difficult to evaluate the credibility of the allegations and, therefore, less likely to cause an investigation to be initiated.
6. Reports and investigations are kept confidential to the extent allowed by the circumstances and the law. In general, whistleblower complaints are shared with those who have a need to know so that the College can conduct an effective investigation, determine what action to take based on the results of any such investigation, and, in appropriate cases, contact law enforcement personnel. Should disciplinary or legal action be taken against a person or persons as a result of a whistleblower complaint, such persons may also have the right to know the identity of the whistleblower.
7. An employee who in good faith reports a suspected violation of law or college policy will not suffer harassment, retaliation, or adverse employment consequences from other employees or the College. An employee who retaliates against someone who has reported a suspected violation in good faith is subject to discipline up to and including termination of employment. Whistleblowers who believe they have been retaliated against may file a written complaint with the Chief Human Resources Officer or the College President. Any complaint of retaliation is promptly investigated and appropriate corrective measures taken if allegations of retaliation are substantiated.
8. Anyone filing a complaint concerning a violation or suspected violation must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation. This policy is not intended and should not be used for personal grievances. Allegations that prove to have been made maliciously or knowingly to be false are viewed as a serious offense subject to discipline up to and including dismissal from employment.

2. Once the admissions process is appropriately completed, a Designated School Official may issue the student a Certificate for Nonimmigrant Eligibility (Form I-20). The student then pays the SEVIS I-901 fee and may apply for an F-1 visa at a United States consulate in the student's home country. Visa processing times vary by country and may take one month or more. Students should never make travel plans until a visa has been received and accept total responsibility for ensuring adequate time for visa processing and travel.
