INTRODUCTION

1.1 Purpose of Manual
It is the responsibility of employees to become familiar with the handbook, as well as the various rules and regulations, Board of Trustees policies and administrative procedures. The official policies and procedures of the College govern the subjects discussed in the handbook, and many have direct links to the Board Policy Manual. This handbook is not a contractual agreement, nor supersedes any collective bargaining agreement in effect at the College. This handbook is available on FAST and is regularly updated to ensure compliance with state and federal laws regarding employment, as well as reflect revisions in College policies, procedures, and benefits.

Please direct questions regarding the handbook to your supervisor or to the Human Resources Director. Sauk Valley Community College reserves the right to make changes to this handbook without notice. Please hold down the control key as you click on the web address to access the links embedded in the handbook.

1.2 Mission and Vision Statement

Mission Statement
Sauk Valley Community College is dedicated to teaching and scholarship while engaging the community in lifelong learning, public service, and economic development.

Vision Statement
Sauk Valley Community College will be recognized as a benchmark institution of higher education that provides exceptional learning opportunities in response to the diverse needs of its students and community.

1.3 History of Sauk Valley Community College
Sauk Valley Community College was created by a district-wide referendum in 1965. SVCC District 506 includes Lee and Whiteside Counties and portions of Ogle, Bureau, and Carroll Counties. Classes began in temporary buildings on September 26, 1966 with 651 students and 12 programs (construction began on the current building in December 1967). The College’s first-degree candidates totaled 14 students. Today, we offer associates degrees in art, science, or applied science in more than 35 areas and over 50 certificates.

Six presidents have served the College: Dr. Edward Sabol (1965-72), Dr. George Cole (1972-80), Dr. Hal Garner (1980-86), Dr. Herbert “Swede” Phillips, interim (1986), Dr. Richard L. Behrendt (1986-2005), Dr. George Mihel (2005-2015), and the College’s current President, Dr. David Hellmich.

The College’s rich history could literally fill volumes. Sauk grew to offer more resources and services as people and the area changed with the times. Our mission and commitment continue to grow. Sauk makes it possible; you make it happen.
1.4 Accreditation
The Higher Learning Commission regionally accredits the College. SVCC first received institutional accreditation in March 1972 and has maintained continued accreditation. In 2012, the College received accreditation for ten years. The Open Pathway system maintains that accreditation. The Radiologic Technology program has accreditation through the Joint Review Committee on Education in Radiologic Technology and the Nursing program has approval through the Illinois State Board of Nursing. Find additional facts about regional accreditation at http://www.ncahlc.org/About-HLC/about-hlc.html.

1.5 Assessment
SVCC has adopted an academic assessment system that helps us get “snapshots” of our students’ performance as they progress through their educational careers. These snapshots help us set policies like prerequisites, guide curriculum changes, and plan and budget for our areas. Each year, we complete a full assessment cycle to collect data, discuss our observations and findings, and make recommendations for changes. Our assessment system ties to our operational planning system and helps set goals and priorities for areas that relate to the strategic direction of the College. The assessment process is faculty-driven and for the benefit of improving teaching and learning.

A more detailed explanation of the assessment requirements and reporting is in the assessment plan at http://fast.svcc.edu/documents/assessment/plan/04-overview.html.

1.6 Board of Trustees
A seven member elected Board governs SVCC. In addition, there is a student elected advisory member. The Board of Trustees meet once a month in a public meeting. Primary functions of the Board are to establish Board Policy, provide oversight to the College, and to hire a president. Board of Trustees meeting dates, agendas, and minutes are at http://www.svcc.edu/about/boardoftrustees/boardmeetings.html.

1.7 College Committees
The function of the College committee system is to advise the President on policies, systems, and procedures concerning governance of the institution. The list of committees are on the SVCC website at http://fast.svcc.edu/committee/index.html. If you are interested in joining a committee, please see your supervisor.

1.8 FAST (Faculty and Staff Tools)
The College provides an intranet for employees called FAST (Faculty and Staff Tools). Please access FAST by logging into the SVCC Website (svcc.edu) and click on employee. Your user name will be your firstname.middleinitial.lastname. Your password will be sv and the last four digits of your Sauk ID number (sv1234).

FAST contains general College information, communication, committee minutes, training, job descriptions, and documents/forms. If you have issues accessing FAST, please contact the Information Services department at extension 407 or e-mail is@svcc.edu.
1.9 Illinois Community College Board (ICCB)
The Illinois Community College Board (ICCB) has been the statewide voice for the Illinois Community College System since its inception in 1965. The ICCB, as the state coordinating board for community colleges, administers the Public Community College Act in a manner that maximizes the ability of the community colleges to serve their communities. As an integral part of the state's system of higher education, community colleges are committed to providing high quality, accessible, cost-effective educational opportunities for the individuals and communities they serve.

It is every employee’s responsibility to inform his or her supervisor or the Director of Human Resources, if an accommodation may be required to complete tasks associated with his or her job.

2.4 Board Policy
The Board official policies and procedures of the College govern the subjects discussed in the handbook, and many of the policies contained in the handbook will have direct links to the Board Policy Manual. Please access the Board Policy Manual at www.svcc.edu/about/policies/boardpolicy.html.

The College may also require an employee who violated this policy to participate satisfactorily in an employee assistance program or a substance abuse assistance or rehabilitation program.
3. Employees, as a condition of employment, are required to notify the College of any criminal drug conviction resulting from a violation occurring at the workplace no later than five (5) days after conviction.

2.6   FERPA (Family Educational Rights and Privacy Act)
The College policy on student records complies with the "Family Educational Rights and Privacy Act." This act protects the privacy of education records, to establish the rights of students to inspect and review their education records, and to provide guidelines for correction of incorrect or misleading data through formal and informal hearings. Here are some of the responsibilities you have as an employee:
• No one outside the institution will have access to nor will the institution disclose any information about student educational records without the written consent of the
student. Exceptions are personnel within the institutions in which students seek to enroll, persons or organizations providing students financial aid, accrediting agencies carrying out their accreditation function, persons in compliance with a judicial order, and/or persons in an emergency in order to protect the health or safety of students or other persons and to parents of an eligible student as a dependent for tax purposes.

- The following information is designated by the College as public or "directory" information: name, address, telephone listing, major field of study, dates of attendance, photographs, full-time/part-time status, degrees and awards received, the most recent educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. At its discretion, the institution may provide directory information in accordance with the provisions of the Act.
- Currently enrolled students may withhold directory information by notifying the Admissions and Records office in writing within two weeks after the first day of classes for the fall term.

Please access the complete policy at http://www.svcc.edu/about/policies/fameduact.html.

2.7 FMLA (Family Medical Leave Act)
The College grants Family and Medical Leave (FML) for eligible employees up to twelve weeks per year (defined as a 52 consecutive week period). Employees are entitled to take leave for the purposes stated below:

- Birth of an employee’s child or placement of a child with the employee for adoption or foster care and to care for such child within the twelve months after birth or placement.
- To care for the employee’s seriously ill spouse, child, or parent. “Child” is defined as a son or daughter under either 18 years of age or 18 years of age or older, but incapable of self-care.
- A serious health condition that makes the employee unable to perform the functions of the employee’s position.

Military Family Leave (MFL)
Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their twelve-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

Eligible employees are entitled up to twenty-six weeks of leave within twelve months to care for the employee’s spouse, son, daughter, parent, or next of kin who is a covered military service member who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.
**Eligibility**
An employee must be employed by the College for at least twelve months (not required to be consecutive) and must have worked at least 1,250 hours during the twelve-month period preceding the commencement of the leave of absence.

**Definition of Serious Health Condition**
A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee’s job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three (3) consecutive calendar days combined with at least two (2) visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

**Employee Responsibilities**
Any employee who desires a leave of absence pursuant to this policy must complete and sign FML or MFL papers in the Human Resources office and submit a request for time off form to his or her supervisor. When the need for leave of absence is foreseeable or anticipated, the employee needs to complete the paperwork at least 30 days before the beginning the leave. If the need for leave was not foreseeable, the employee must submit paperwork as far in advance as is possible.

**Intermittent Leave**
A leave may be taken by the employee on an intermittent basis or on a reduced schedule if medically necessary. When leave is taken because of birth or placement of a child for adoption or foster care, an employee may take leave intermittently or on a reduced leave schedule only if approved by the immediate supervisor. The College may require the employee on an intermittent leave to temporarily transfer to an alternative position that accommodates the employee’s recurring absences or part-time schedule. The smallest increment of leave allowed to be taken in this category is one hour.

**Medical Certification**
If the proposed leave of absence is an employee’s own serious health condition, the written medical certification must include a statement that the employee is unable to perform the functions of his or her position. If the proposed leave of absence is a serious health condition of the spouse, child, or parent, the written medical certification must include a statement that the employee is needed to care for the individual, as well as an estimate of the amount of time. Employees will be required to periodically report on their status and intention to return to work.

In its discretion, and at its own expense, the College may require a second medical opinion. If the second medical opinion differs from the original medical certification, the College may require the employee to submit to examination by a third physician, the identity of whom will be agreed upon.
by the College and the employee. The College may require periodic recertification by an employee’s medical care provider.

**Compensation and Benefits**
Employees must use accrued time (vacation, sick, or personal) if available (including time off for job related injuries) toward all or part of the maximum twelve-week or twenty-six-week period. Employees on FML and MFL will maintain benefits at the same rate and coverage. Employees must arrange with the College’s Business Office to pay any contributions due. If an employee elects to maintain health insurance coverage during an unpaid FML or MFL they must elect COBRA after one month of FML or MFL leave without pay. Employees on unpaid leave will not accrue sick/personal/vacation time, and are not be eligible for benefits (e.g., holiday pay, tuition reimbursement, and tuition waiver).

If the employee does not return to work after completion of the leave of absence, the employee is required to reimburse the College for the full cost of payments made to maintain the employee’s benefits during the leave of absence.

**Return to Work**
When on a leave due to an employee’s own serious health condition, the employee must provide written medical certification from his or her medical care provider stating that he or she is able to perform the essential functions of his or her job with or without reasonable accommodation.

The employee will then return to his or her former position. If the position is not available, the employee may be placed in an equivalent position with equal pay and benefits. Reinstatement may be denied if the employee would have otherwise not been employed.

If an employee does not return to work on the agreed upon date, the employee will be considered to have voluntarily terminated employment. Under no circumstances will a FML be approved for longer than a period of twelve weeks.

**Key Employees**
With respect to “highly paid” or “key” employees, there may be circumstances where no positions are available upon the expiration of the leave. In such circumstances, the employee will be terminated from the College. A “key” employee is an exempt employee who is among the highest paid 10% percent of employees working for the College.

**2.8 Identity Theft Prevention**
The College maintains an identity theft prevention program as an administrative procedure to reduce the risk of data loss and identity theft to the College, to students, and to employees. The program was developed, implemented, and maintained to follow the relevant requirements provided in the Federal Fair and Accurate Credit Transaction Act (FACTA) of 2003 and the Fair Credit Reporting Act (FCRA), along with the applicable implementing regulations for both FACTA and FCRA. The Board will name a compliance officer for the program, who has the duty to oversee the program. The President will review the program with the Board upon its initial implementation.
and thereafter, will review the program with the Board not less frequently than annually. Violation of the program may be grounds for discipline.

### 2.9 Job Posting

All SVCC employees are encouraged and given the opportunity to advance through our policy of posting College vacancies. It is recommended that all employees be in their current position six months before applying for another position. Internal candidates may be considered for another position or promotion without a search if the candidate is a permanent full-time or part-time employee. All promotions/transfers must be reviewed by HR and approved by the hiring supervisor and the President.

When an employee’s position is being eliminated, the College reserves the right to move the employee to an open position for which he or she possesses the necessary skills and qualifications without a search (with the review of HR, approval by the hiring supervisor and the president). For administrative and faculty positions, this also requires Board approval. Permanent full-time or part-time vacancies not filled within the College are posted for a minimum of five working days on the SVCC website and may be advertised locally as well as nationally. Seasonal or temporary positions need not be posted. The College reserves the right to interview only internal candidates.

### 2.10 Non-Discrimination in Employment and Student Relations

SVCC is an equal opportunity employer and is committed to an effective policy of non-discrimination and equal opportunity in all employee and student relations. Except to the extent and subject to the exemptions permitted by law, no qualified employee or student will be excluded from employment or educational opportunity, be denied benefits, or be subjected to discrimination on the basis of race, color, religion, national origin, ancestry, age, gender, sexual orientation (as that term is defined in the Illinois Human Rights Act), marital status, handicap, military status, or unfavorable discharge from military service classified as Re-3 or the equivalent thereof. The EOE officer is the Director of Human Resources.

### 2.11 Pre-employment Investigations and Pre-employment Employee Testing

To help protect the security and safety of the College’s students and staff, and to comply with any relevant state or federal requirements, appropriate background checks and testing will be conducted for potential employees of the College, employees of the College who undertake certain specific responsibility, and persons who regularly serve as compensated or uncompensated volunteers of the College. The background checks and testing may include:

- (a) Criminal background checks
- (b) Fingerprinting and submission of fingerprints to appropriate law enforcement agencies
- (c) Drug testing

The complete pre-employment investigations, pre-employment, employee testing policies, and procedures may be accessed at [http://www.svcc.edu/about/policies/board-policy/428.02.pdf](http://www.svcc.edu/about/policies/board-policy/428.02.pdf).

### 2.12 Sex Discrimination and Sexual Misconduct Student Policy – Title IX

SVCC does not tolerate sex or gender discrimination, including sexual misconduct such as sexual harassment and sexual assault, stalking, and intimate partner violence. These behaviors are
harmful to the well-being of our community members, the learning/working environment, and collegial relationships among our students, faculty, and staff. All forms of prohibited conduct under this policy are regarded as serious College offenses, and violations will result in discipline, including the possibility of separation from the College. State and federal laws also address conduct that may meet the College's definitions of prohibited conduct, and criminal prosecution may take place independently of any disciplinary action instituted by the College. Title IX policies and procedures are accessed at https://www.svcc.edu/about/policies/svcc-title-ix-sex-discrimination-and-sexual-misconduct-policy.html.

Title IX officers are:
Coordinator – Assistant Professor of Criminal Justice Faculty – 815-835-6256 – Room 3E4
Assistant Coordinator – Director of Enrollment Mgt./Registrar – 815-835-6378 – Room 1E21

SECTION 4
COMPENSATION

4.1 Calculation of Payment of Load Credit for Seminars and Internships
In order to provide for uniformity and consistency in calculating load or payment for courses such as seminars or internships, the following procedure is used.

Occupational Seminars – Seminars (lecture) carry a 1.0 load factor as specified in the Faculty Contract. In instances where there are a low number of students, the load or salary is calculated on a tutorial basis, in the same manner as all regular classes.

Occupational Internships -
- Full-time Faculty – Academic Year- Internships will be calculated on the basis of 0.2 per student. (Thus, five students would equal a 1.0 load factor.)
- Full-time Faculty – Summer School- The pay rate for full-time faculty applies as provided in the Faculty Contract. Internships will be calculated on the basis of 0.2 per student and the load factor will be multiplied by the summer pay rate.
- Part-time faculty – In instances where part-time faculty handle internships, the 0.2 per student would be multiplied by the part-time rate.

4.2 Deductions from your Pay
As required by law, SVCC makes the following deductions from your pay:

State Universities Retirement System (SURS) – 8.5% is deducted from your pay; 8% is tax deferred. Currently, 8% is the employee’s contribution to his or her retirement and .5% is for retiree health benefits.

Social Security – The College does not deduct social security from paychecks, as the College is a member of the State Universities Retirement System, a section 401(a) retirement plan.

Medicare – The College matches your Medicare contributions to the government, dollar for dollar.

Federal Income Tax – Your deductions are according to your salary level and the number of exemptions you claim. If you need to change this status, or need to have more than the required amount of income tax deducted, please see the business office to complete a new W-4 form.

State Income Tax – Your deductions are according to the guidelines described above (see federal income tax).

In addition, if you have elected to take insurance benefits, or participate in the College’s 403(b) Plan, 457 Plan, and/or Flexible Benefits Plan, your employee contribution will also be deducted from your pay. However, your signature is required to authorize any or all of these deductions. The College honors all valid withholding orders, which may include wage garnishments, spousal support, and child support orders.
4.3 **Direct Deposit**
Employees have the option to deposit a portion or all of their check to several institutions. It takes one pay run (pre-note) to ensure that all the account numbers are correct. Your first check will be a live check, and you may pick it up in the Business Office. You will access your pay information on SOAR (Sauk on-line access to records) as well as sign up for direct deposit. If you do not elect to have your check direct deposited, you may pick it up in the Business Office or have it mailed to your home.

4.4 **Pay Dates and Records**
Faculty are paid semi-monthly on the 15th and the last day of each month. If the College is closed on the pay dates indicated, then the last workday prior to the pay date becomes the payday for that time period.

Full-time employees are paid to date and should receive their first paycheck at the end of their first pay period. Full-time faculty with a ten-month contract have the option of distributing their pay over 19 or 24 equal payments. Adjunct faculty are paid according to the dates listed on the contract. CTION 6
CLASS PLANNING

6.1 Academic Freedom
It is the policy of SVCC to maintain and encourage an atmosphere of freedom in teaching commensurate with the responsibility, which each faculty member must assume. The College believes that creative scholarship may thrive only in an atmosphere where there is freedom for examination of ideas. Such freedom includes the right to investigate problems and to evaluate and question accepted theories. Academic freedom carries with it the responsibility to offer alternative solutions in an unbiased manner and to develop in students the habit of independent investigation. The protection of the prerogative of academic freedom requires a conscientious, responsible staff. Specifically, each member of the College community should uphold the dignity of the College in all activities; set for his/her students an example of integrity, tolerance, and decency; and maintain high standards of scholarship and personal conduct.

6.2 Choosing a Text
Faculty will receive a textbook adoption form that must be completed and returned with the correct information to the appropriate personnel. Please pay attention to the specific details of the textbook and the return dates requested, so that the correct edition of your textbook will be available to your students at the beginning of the semester. It is a requirement of the Higher Education Opportunity Act that textbook information be available on-line for students at the time of registration.

6.3 Classroom Management
The faculty member is responsible for maintaining order in the classroom and fostering an atmosphere supportive of academic discourse and student learning. The faculty member may impose reasonable rules upon the students for classroom behavior to meet this responsibility. Doors may be closed and locked during class, but locking students out of the classroom is never an acceptable means of controlling order in a class and should never occur.

6.4 Course Outlines
It is the responsibility of the Vice President of Academics and Student Services, working with faculty, to assure that course outlines are developed. These outlines describe courses, identify course objectives/outcomes, identify how outcomes are assessed, and are used as guides to help ensure that the students enrolled in multi-section and sequential courses will have an equal opportunity to achieve designated outcomes. Course outlines are reviewed during the five-year program review process and additionally when textbooks are changed. A sample format of the course outline is provided on-line through FAST, the College’s intranet site at https://fast.svcc.edu/documents/academic/index.html.

6.5 Course Syllabi
Faculty are required to prepare a course syllabus for each course taught. The syllabus must be aligned with the course outline and identify outcome statements and assessment methods. The
The syllabus must be submitted in an electronic format to the Vice President of Academics and Student Services by the start of the second week of classes. Copies of the course syllabus are to be distributed and discussed with students at the first class meeting.

Please ensure that your syllabus includes the institutional polices as seen in the syllabus template. A copy of these policies and a syllabus template are found on the College website through FAST under academic forms at http://fast.svcc.edu/documents/academic/index.html.

The syllabus must address all items contained in the current syllabus template; however, these are only minimal expectations. Additional information for students is encouraged.

6.6 Hours of Classroom and/or On-line Instruction
Hours of classroom and/or on-line instruction of a course (800 minutes’ equals one contact hour per semester). Contact hours are determined according to the Illinois Community College Board’s administrative rules and is/was determined when the course was approved.

6.7 Procedure for Notification of Class Cancellation
Faculty members have the responsibility to notify the Executive Assistant or the appropriate Administrative Assistant prior to canceling classes. Please do this at the earliest possible time. Calls prior to 7:30 am are made to security at (815)-441-2040. Nursing instructors with 7:00 am clinical assignments will notify the Director of Health Professions at home as soon as the need to be absent is known. Class cancellation forms are typed and posted on the classroom door as well as posted on the College website.

6.8 Sauk On-line Access to Records (SOAR)
Current class lists, student information, and personnel information are accessed through the SOAR system, available from the on-line services menu on the College website. Instructors are required to use SOAR to verify class lists and to submit never attended, fifth week, midterm, and final class list information as requested by the admissions and records office. SOAR is used to submit all required grades. Please use the SOAR system to update your address, direct deposit information, and access your pay information.

As the College moves towards using less paper, it is important to maintain records accurately with the SOAR system.
SECTION 7
FACULTY ACTIVITIES AND RESPONSIBILITIES

7.1 Assessment
Faculty are required to participate in the College’s ongoing program of assessment of student learning outcomes by attending mandatory meetings, completing in class assessment activities, and working with other faculty in his or her discipline on program level assessment.

Full-time faculty members are responsible for collecting and submitting data for an area assessment, and two general education assessments per year. Many areas have group assessments with a common test or rubric that everyone in the area uses to report student skills. These rubrics are based on general objectives for the course, and will usually work with projects and assessments you already use. General education assessments are completed individually, and are based on six competencies the faculty identified as being consistent across all programs of study: communication, research, ethics, mathematical reasoning, problem solving, and technology. Each general education competency has a rubric housed in the general education database which is used for reporting that data. A more detailed explanation of the assessment requirements and reporting are found in the assessment plan, which is housed in the assessment pages as described at http://fast.svcc.edu/documents/assessment/pla

All faculty members are assigned to an assessment area, based on the courses they teach most frequently. Cross-discipline instructors are assigned to a single area. Each area has an area leader who is in charge of collecting data, keeping records of discussion, and overseeing the operational planning process. If you are uncertain of your area, please contact an Assessment Core Team member or the Vice President of Academics and Student Services for more information.

7.2 Attendance (Student)
Regular and prompt attendance is expected of students in all classes. College policy requires each instructor to keep an accurate grade and daily attendance record for each student and to provide this information upon request to appropriate College officials. A student who is absent from class is responsible for any missed course work.

A student may be dropped from class if, in the instructor’s judgment, the student cannot benefit from further class instruction. The instructor may assign the student a grade of “W” for withdrawal or a grade of “F”. Grades are assigned by using the SOAR system. When withdrawing a student, or assigning a grade of F, be sure to indicate the last date of attendance, with four-digit year, in the appropriate place using the SOAR system.

7.3 Class Roster(s)
Your class roster(s) is found on the College website by accessing the SOAR system from the on-line services menu. Please check this list frequently for changes in enrollment.
7.4  Classrooms
Instructors are to use only their assigned classroom. Room changes will not be made without permission of your supervisor. Check with your supervisor for a key to your classroom. The library conference room may be reserved on individual dates. This room has a seating capacity of 14 to 18 people. Contact the information center at extension 275 in advance to check availability and schedule dates.

7.5  College Committee Service
Faculty are strongly encouraged to belong to standing committees. The involvement in committees is used in the faculty evaluation process as documented in the Faculty Contract. If you wish to serve on a committee, please contact your supervisor. A list of current committees are found at https://fast.svcc.edu/committee/index.html.

7.6  Faculty Responsibilities
Faculty are expected to be in their classrooms or teaching stations prior to the start of class and conduct class for the full, scheduled class time. In the event of an illness, which will result in a class cancellation, contact your supervisor at the earliest possible time between 8:00 a.m. and 4:30 p.m. Contact the switchboard operator at 815-288-5511, if you are cancelling a class that starts at 8:00 a.m. or if you need to cancel an evening class after 4:30 p.m.

7.7  Final Exams
All instructors are to give their final exams during the assigned examination period. The appropriate Dean or Director must approve any exceptions in advance. Classes beginning at or after 4:00 p.m. are considered evening classes. Examinations for those classes should be given during the regular class period. Students scheduled for more than two exams on any one day should contact their instructors to facilitate an alternate exam schedule. The final exams schedule may be found on the College website under Schedules.

7.8  Grading Policy, Procedures and Record Keeping
The following procedures are very important to allow Sauk to comply with federal and state mandatory reporting requirements as well as support students during the semester.

Instructor State and Federal Reporting regulations
All instructors must indicate to the admissions and records office through SOAR, students who have never attended class at the 10th day of classes. You will receive an e-mail from the registrar at the beginning of the semester regarding “NA” (Never Attended) grades. If a student misses the first two class sessions, they are to be assigned a grade of “NA” (never attended) in SOAR. If a student then attends class after being assigned the “NA” grade and the instructor wishes to put the student back in the class, they must contact the Admissions and Records office.

All instructors must indicate to the Admissions and Records office through SOAR, students who are not actively pursuing the completion of a class or who are not attending the course at mid-term.
Sauk prefers the instructor give a student an actual mid-term grade. This requires entering a letter grade, or an “AP” grade for actively pursuing, or a “W” grade if the student is not actively pursuing. Official final grades are entered by the instructor through SOAR and posted directly to the student’s permanent record. Students will not be able to see their grades until after the Registrar “rolls” the grades into history status. When this is complete, grade changes must be made through the on-line grade change form.

A system of letters indicating the quality of academic work are found on the College website and in the College catalog. Faculty will receive an email from the Registrar prior to due dates for midterm and final reporting. The registrar will supply you with information regarding the grades appropriate to your class.

These grades are used in calculating a student’s GPA:

These grades are not used in calculating a student’s GPA
I - Incomplete
P - Passing
W - Withdrawal
X - Audit
Z - Proficiency
Q – Progressing

Note: Developmental grades and grades in non-credit classes are not calculated in the GPA.

**GRADE DEFINITIONS**

Incomplete Grade

If a student is unable to complete a course and the student initiated withdrawal date has passed, the instructor may assign a grade of “I” under the condition that it is practical for the student to complete the requirements of the course in the following major term. Re-registering in the course is not required in order to change an incomplete to a grade. A grade of “I” must be changed to a letter grade by the student completing the requirements of the course no later than the end of the following major term, or the “I” grade will be changed to an “F” on the student’s permanent record. It is the student’s responsibility to contact the instructor to complete the course. When the “I” grade is awarded, the student and the instructor will submit an appropriate written plan noting projects and a time line for completion of the course to the appropriate dean. When course requirements are completed, the instructor will submit the “incomplete contract” including a grade change to the Registrar’s office.
Pass Grade

“P” (passing grade) is a grade that demonstrates that the student has met the class requirements and/or allows the student to proceed to the next level of the course sequence. These credits are not be used in the calculation of GPA (grade point average).

Withdrawal Grade

“W” (withdrawal grade) is a grade that signifies that a student is not pursuing completion of the course work during the enrolled semester. These credits are not be computed in the GPA. The “W” grade must be accompanied by an official last date of attendance.

Audit Grade

“X” (audit grade) is a grade assigned when a student registers for a course to gain knowledge but does not wish to earn credit for the course. These credits are not be computed in the GPA.

Proficiency Grade

“Z” (proficiency grade) is awarded when a student passes a proficiency exam. These credits are not be computed in the GPA.

Progressing Grade

A “Q” (progressing grade) is awarded when the course does not conform to the standard semester timeline. A letter grade is awarded at the conclusion of the course.

Grading Options

Letter grades - (“A” “B” “C” “D” “F”) are awarded based on student performance as defined in the instructor’s syllabus.

Pass/Fail – (P/F) – The pass/fail option is only for courses other than those within the major field. This option must be designated by mid-term.

Pass/Withdrawal – (P/W) – The pass/withdrawal option is used only for Fitness Center courses (PED 150-153). This option must be designated by mid-term.

WITHDRAWAL FROM CLASSES (types)

Student Initiated
During the first two weeks of the fall and spring semesters, a student may drop a course by filing a program change form in the Admissions and Records office. From the third through the tenth week of the class, a student may withdraw from a course by filing an instructor signed program change in the admissions and records office. The signature indicates that the instructor is aware of the withdrawal, and has had an opportunity to discuss reasons for the withdrawal and possible alternatives. The instructor must indicate the official last date of attendance on the program.
change form. A grade of “W” will be recorded on the student’s transcript. The faculty may also enter the grade “W” or “F” grade using SOAR at https://soar.svcc.edu.

Please be sure to enter the last official date of attendance. Deadlines for withdrawal will be prorated for classes that meet less than sixteen weeks, including summer sessions. Dual-enrollment students should contact their high school counselor prior to withdrawing. The student’s failure to withdraw properly may result in a failing grade of “F” in the course. When entering a grade of “F” in SOAR, an official date of last attendance is also required. In the case, that a student completes the course and receives an “F” grade the last attendance date entered in SOAR would be the date of the final exam.

Instructor Initiated
Prior to the final examination, an instructor may withdraw a student if the instructor has proof that a student cannot successfully complete the course. The Admissions and Records office will notify the student of this withdrawal. The student will receive a final grade of “W” as outlined above. Students should consult individual instructors about his/her policy on withdrawing the student from the course. Any time a “W” grade is assigned, the official last date of attendance must be recorded in SOAR. Students may appeal this withdrawal by using established College appeal procedures. Students enrolled in health career courses may be withdrawn immediately from these courses, if their clinical performance contributes to either the physical or emotional jeopardy of clients.

ACADEMIC APPEALS
The procedure for academic appeal is found in the College catalog.

Grade entry
Student grades are to be completed using the SOAR on-line system. If you need assistance using the faculty access, refer to the SOAR On-line Help at https://fast.svcc.edu/training/index.html.

If you have a student who is completing an honors project, the student is listed separately from the rest of the class on the final class list. Please look for the separate menu in order to submit the final grade for the student.

7.9 Sponsoring Clubs and Special Events
Faculty members are encouraged to sponsor College clubs. Information on how to sponsor campus clubs and organizations is available from the Dean of Student Services. Faculty may also sponsor events at the College. Information on facilities and reservations is available in the Information office, and publicity for the event may be arranged through the Marketing and Public Relations office.
