

(H70) Certificate

The purpose of the Warehousing and Distribution Specialist curriculum is to meet industry requirements for employees with essential knowledge skills and attitudes to successfully perform in warehousing and distribution positions.

Work and Employment

The SVCC Warehousing and Distribution Specialist (Logistics) program is designed to train entry-level Material Moving workers.

Special Consideration

To obtain employment in a warehousing and distribution plant, most individuals will be required to possess a high school diploma or GED. A drug test has become customary in most warehousing and distribution companies before hiring.

Program Contacts at Sauk Valley Community College

Counseling Office, 815/835-6354.
