

## **(H70) Certificate**

---

The purpose of the Warehousing and Distribution Specialist curriculum is to meet industry requirements for employees with essential knowledge skills and attitudes to successfully perform in warehousing and distribution positions.

### **Work and Employment**

---

The SVCC Warehousing and Distribution Specialist (Logistics) program is designed to train entry-level Material Moving workers.

### **Special Consideration**

---

To obtain employment in a warehousing and distribution plant, most individuals will be required to possess a high school diploma or GED. A drug test has become customary in most warehousing and distribution companies before hiring.
