

Associate in Applied Science (021)

This program prepares the student for entry-level positions or to be a junior member of the accounting staff of a private business, industrial enterprise, public accounting firm, or governmental agency. Emphasis is on the financial record keeping aspects of accounting and the preparation and analysis of reports as a basis for managerial decisions.

Work and Employment

Accountants generally work in one of four major areas. Public accountants are employed primarily in auditing, taxation, or consulting businesses. Management accountants handle the financial records (such as taxes, budgeting, costs and investments) for a company. Government accountants maintain and examine the records of government agencies and audit private businesses which are subject to government regulations. Internal auditors review their company's operations. Click here for further career information: <https://www.svcc.edu/academics/programs/individual/021.html>
