

Industrial Maintenance Intern – Summer 2025

About the Role:

Flex-O-Glass is seeking a highly motivated Industrial Maintenance Intern for the Summer of 2025. This hands-on internship provides an opportunity for a student pursuing a certificate or degree in Manufacturing Technology to gain practical experience in plastics manufacturing and machinery/facility maintenance. The intern will work closely with our maintenance team to maintain the existing machines and facility.

Qualifications:

- Currently enrolled in a Certificate or Degree program for Manufacturing Technology or similar.
- Strong analytical and problem-solving skills.
- Ability to work both independently and collaboratively in a team environment.
- Excellent verbal communication skills.
- Strong troubleshooting skills and a proactive approach to challenges.
- Some hands on experience.

Responsibilities (Under Supervision as Needed):

- Assist with special projects in the maintenance department, including machinery preventative maintenance and facility maintenance.
- Troubleshoot problematic machinery components for repairs, as needed.
- Assist with safety procedures within the maintenance department to ensure a safe and efficient work environment.
- Assist with new machinery start-up and creation of written procedures.
