2D Classrooms Tech Guide

1. Touch the control panel screen to start.
2. Select the device you want to display.
3. When finished, press the power button (Yellow Circle).

Combine Rooms: This will only be used if the dividing wall is open to combine 2D01 & 2D05 classrooms to one. “Press to Combine Rooms” must be done from the 2D01 side of the room.

Room PC: This shows the desktop and document camera.

Laptop: Use the HDMI cable on the desk to display your laptop.

Input 6: Not currently being utilized.

Document Camera Instructions:

1. Make sure the Room PC is selected on the control panel.
2. Open the Visualizer icon on the desktop.
