INDEPENDENT AUDITOR'S REPORT

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Sauk Valley Community College District 506 (the "College") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Sauk Valley College Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of Sauk Valley Community College District 506, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that the Management's Discussion and Analysis, Schedule of Share of Net Pension Liability, Schedule of Pension Contributions, Schedule of Share of Net OPEB Liability, and Schedule of OPEB Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The special reports section, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards in the annual federal financial compliance section is presented for purposes of additional analysis as required by U.S. Office of Management and Budget and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The supplemental financial information listed in the special reports section and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the annual federal financial compliance section and the supplemental financial information listed under the special reports section of the table of contents are fairly presented in all material respects in relation to the financial statements taken as a whole.

The other supplemental financial information listed in the special reports section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2020, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Year Ended June 30, 2020

Introduction

This section of Sauk Valley Community College District 506's (the College) Annual Financial Report presents management's discussion and analysis (the MD&A) of the College's financial position as of June 30, 2020 and the results of the current year's operations. This MD&A should be read in conjunction with the College's basic financial statements noted in the table of contents. Responsibility for the completeness and accuracy of this information rests with the College.

Using This Annual Report

The College presents its financial statements in a "business-type activity" format, in accordance with Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, and GASB Statement No. 35, Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities – an amendment of GASB Statement No. 34. The financial statements focus on the College as a whole and are prepared on the accrual basis of accounting and the economic resources measurement focus. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred in accordance with generally accepted accounting principles. The financial statements consist of four primary parts: (1) Statement of Net Position, (2) Statement of Revenues, Expenses, and Changes in Net Position, (3) Statement of Cash Flows, and (4) Notes to the Financial Statements. Separate columns are presented for the College (which is considered the primary government) and the Sauk Valley College Foundation (the College's discretely presented component unit). Unless otherwise specified, the amounts presented in this MD&A are for the College.

The **Statement of Net Position** is the College's balance sheet. It reflects assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (equity) of the College as of June 30, 2020. Liabilities due within one year, and assets available to pay those liabilities, are classified as current. Other assets and liabilities, are classified as noncurrent. Investment assets are carried at fair value. Capital assets, which include the College's land, buildings, improvements, and equipment, are shown net of accumulated depreciation. Net position is grouped in the following categories:

- Net investment in capital assets
- Restricted Nonexpendable
- Restricted Expendable
- Unrestricted

Deferred outflows of resources are similar to assets and will be recognized as expenses in future periods. Deferred inflows are similar to liabilities and will be recognized as revenue (or reductions of expense) in future periods.

Management's Discussion and Analysis For the Year Ended June 30, 2020

The **Statement of Revenues, Expenses, and Changes in Net Position** is the College's income statement. It details how net position has increased (or decreased) during the year ended June 30, 2020. Tuition revenue is shown net of scholarship allowances, depreciation is provided for capital assets, and there is required subtotals for net operating income (loss) and net income (loss).

It should be noted that the required subtotal for net operating income (loss) generally will reflect a "loss" for colleges and universities with a substantial amount of state support. This is primarily due to the way operating and non-operating items are defined under GASB Statement No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting. Operating expenses include virtually all College expenses, except for interest on long-term debt and certain investment management expenses. Operating revenues, however, exclude certain significant revenue streams that the College and other public institutions have traditionally relied upon to fund current operations, including State of Illinois (State) grants and on-behalf payments for employer pension and other postemployment benefits contributions, and non-operating federal grants, such as Pell grants to students.

The **Statement of Cash Flows** details how cash has increased (or decreased) during the year ended June 30, 2020. It breaks out the sources and uses of College cash into the following categories:

- Operating activities
- Noncapital financing activities
- · Capital and related financing activities
- Investing activities

Cash flows associated with the College's expendable net position appear in the operating and noncapital financing categories. Capital and related financing activities include payments for capital assets, proceeds from long-term debt and debt repayments. Purchases and sales of investments are reflected as investing activities.

The **Notes to the Financial Statements**, which follow the financial statements, provide additional details on the numbers in the financial statements. Behind the notes to the financial statements is a section that provided required supplementary information related to pension and other postemployment benefits.

Management's Discussion and Analysis For the Year Ended June 30, 2020

Financial Highlights and Key Trends

Statement of Net Position

Summary of Net Position (in thousands) June 30.

June 30,						
			Increase	Percent		
	2020	2019	(Decrease)	Change		
Current assets	\$22,775	\$22,436	\$339	1.5%		
Noncurrent assets:						
Capital assets, net	29,524	28,726	798	2.8%		
Other	1,940	1,940	0	0.0%		
Total assets	54,239	53,102	1,137	2.1%		
Deferred outflow of resources	513	584	(71)	(12.2%)		
Total assets and deferred outflows	54,752	53,686	1,066	2.0%		
Current liabilities	3,412	2,803	609	21.7%		
Noncurrent liabilities	11,698	13,343	(1,645)	(12.3%)		
Total liabilities	15,110	16,146	(1,036)	(6.4%)		
Deferred inflows of resources	5,656	4,998	658	13.2%		
Total liabilities and deferred inflows	20,766	21,144	(378)	(1.8%)		
Net position:						
Net investment in capital assets	24,349	22,536	1,813	8.0%		
Restricted	5,382	5,981	(599)	(10.0%)		
Unrestricted	4,255	4,025	230	5.7%		
Total net position	\$33,986	\$32,542	\$1,444	4.4%		

The College's total net position as of June 30, 2020 increased approximately \$1,444,000 (4.4%).

During fiscal year 2020, the College's total assets increased by approximately \$1,137,000 (2.1%), and deferred outflows of resources decreased approximately \$71,000. Major components of the net change in total assets included the following:

- Net capital assets increased approximately \$798,000 (2.8%), primarily related to capital renovations for the College's HVAC system, electrical infrastructure, fire safety improvements, lighting, and tennis courts, offset by current year depreciation expense.
- Current assets and other noncurrent assets increased approximately \$339,000 (1.5%) due to the overall surplus of unrestricted revenues over expenses realized during fiscal year 2020.

Management's Discussion and Analysis For the Year Ended June 30, 2020

During fiscal year 2020, the College's total liabilities decreased approximately \$1,036,000 (6.4%) and deferred inflows of resources increased approximately \$658,000 (13.2%). Major components of the net change in total liabilities and deferred inflows of resources included the following:

- Current liabilities increased approximately \$609,000 (21.7%) due to the current portion due for bonds payable.
- Noncurrent liabilities decreased approximately \$1,645,000 (12.3%) due to the long-term portion of bonds payable.
- Deferred inflows of resources increased approximately \$658,000 (13.2%) largely due to actuarial changes for the College's proportionate share of the CCHISF OPEB expenses and deferred property tax revenues.

During fiscal year 2020, the College's net investment in capital assets increased approximately \$1,813,000 (8.0%) due to an increase in net capital assets and reductions in capital related debt. Restricted net position decreased approximately \$599,000 (10.0%) as restricted debt proceeds were spent on capital projects. Unrestricted net position increased approximately \$230,000 (5.7%) due to a surplus of revenues over expenses in the College's operating funds offset by slightly by an increase in deferred outflows of resources related to CCHISF OPEB.

Management's Discussion and Analysis For the Year Ended June 30, 2020

Statement of Revenues, Expenses, and Changes in Net Position

Summary of Revenues, Expenses, and Changes in Net Position (in thousands) For the Year Ended June 30

	2020	2019	Increase (Decrease)	Percent Change
Revenues:				
Tuition and fees	\$3,037	\$2,856	\$181	6.3%
Auxiliary	ψ5,037 175	213	(38)	(17.8%

Scholarships, grants and waivers	3,149	2,423	726	30.0%
Depreciation	963	1,238	(275)	(22.2%
Interest	136	204	(68)	(33.3%
Total expenses	24,635	23,354	1,281	5.5%
Change in net position	1,444	213	1,231	577.9%
Net position, beginning of year,	32,542	32,329	213	0.7%
Net position, end of year	\$33,986	\$32,542	\$1,444	4.4%

The College's change in net position increased approximately \$1,231,000 from \$213,000 in fiscal year 2019 to \$1,444,000 for fiscal year 2020.

8

Management's Discussion and Analysis For the Year Ended June 30, 2020

Total revenues increased approximately \$2,512,000 (10.7%) from fiscal year 2019 to 2020. The increase in tuition and fee revenue is related to an increase in universal tuition and fee rates for the 2019-20 academic year coinciding with level enrollment growth. The increase in federal sourced revenue corresponds to additional grant funding and expanded financial assistance through the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Property taxes revenue increased in fiscal year 2020 due to the additional amounts levied for debt and interest payments on the Series 2018C General Obligation Bonds, for which the first principal installment is due February 1, 2021. The State sources increase is largely attributable to State of Illinois on-behalf revenue related to pension and other postemployment benefit (OPEB) contributions made by the State, but also realized year-over-year increases due to unrestricted and restricted State grant and appropriated funding. State of Illinois on-behalf revenue is recognized by the College in accordance with generally accepted accounting principles for the State's share of pension and OPEB expenses and does not have an impact on the College's fiscal operations.

Total expenses increased approximately \$1,281,000 (5.5%) from fiscal year 2019 to 2020. Compensation and benefits continue to represent a large portion of the College's operating expenses and continue to rise steadily in-line with market conditions. CARES Act funding provided through the U.S. Department of Education (ED) provided for emergency grants to students and increased flexibility with traditional ED financial assistance programs resulted in increased grant expenses for fiscal year 2020.

Capital Assets

The College had numerous ongoing capital projects during fiscal year 2020. Capital additions accumulated through construction in-process totaled approximately \$1,353,000 during fiscal year 2020. See Note 3 for details of capital assets.

Capital projects completed during fiscal year 2020 totaled approximately \$2,765,000 and included the following: (1) Air Handler Replacement, (2) Fire System Improvements and various other small renovation and remodeling projects. Projects that were still in the development or active construction phases as of June 30, 2020 include the following: (1) Window Improvements, (2) Electrical and Security Improvements, (3) Solar Project, (4) Information Center Upgrades, (5) Electrical Improvements, (6) Exterior Lighting Improvements, and (7) DSO Renovation. Construction in-progress included approximately \$546,000 as of June 30, 2020.

The College incurred approximately \$299,000 for capital equipment during fiscal year 2020. There were no capital asset disposals during fiscal year.

Capital expenditures were largely funded from local sources during fiscal year 2020, however there was a grant funded equipment purchase. The College also received approximately \$154,000 in participation from the State of Illinois Capital Development Board in conjunction with the Air Handler Replacement project completed during fiscal year 2020.

Depreciation expense for fiscal year 2020 was approximately \$963,000, a decrease of approximately \$275,000 (22.2%) from fiscal year 2019.

Management's Discussion and Analysis For the Year Ended June 30, 2020

Long-Term Debt Activity

The College had \$5,175,000 of Series 2018C General Obligation bonds outstanding as of June 30, 2020. Of that amount, \$1,655,000 will be due during fiscal year 2021. The College retired its Series 2014 General Obligation bonds with the principal payment of \$1,015,000 due in February 2020.

Interest expense for fiscal year 2020 was approximately \$136,000, which was \$68,000 (33.3%) less than during fiscal year 2019.

The College's most recent Standard & Poor's bond rating (2018) was "AA-". State statute limits the amount of debt a school district may have outstanding. The College's outstanding balance as of June 30, 2020 is approximately \$48,309,000 under the statutory limit.

Economic Factors that will Affect the Future

The College derives its funding primarily from three sources: (1) Tuition and fees, (2) Property taxes, and (3) State and federal grants.

The College does not anticipate a substantial change in property tax revenues during fiscal year 2021 for operational purposes. The College District is largely supported from a stable agricultural and rural commercial property value base, and College administration does not anticipate significant fluctuations up-or-down over the next fiscal year. College administration monitors residential and commercial property values and economic activity to forecast future funding impacts on the College. The College's equalized assessed value (EAV) property tax base has realized modest growth over the past several years.

The COVID-19 challenge is unprecedented and the College has seen a slight decrease in enrollment for the fall 2020 semester. However, the long-term impact of COVID-19 is still very uncertain. Further short-term effects of COVID-19 on enrollment will largely be determined on the availability of testing and a vaccine as we enter calendar year 2021. Long-term impacts on enrollment will depend on the pace of economic recovery out of the pandemic, and more specifically, the recovery of the local economy.

Further federal stimulus to address the pandemic's impact on higher education, beyond CARES Act, seems likely, but it is uncertain what level of federal stimulus will be directed at higher education and local government. Federal stimulus to the State of Illinois will also have an impact on the level of State funding appropriated for the Illinois Community College System, which could impact the College's operating grants awarded through the Illinois Community College Board (ICCB). Currently, pandemic related stimulus has been used to provide emergency grants to students as well as assist with additional costs associated with the transition of course delivery to a distance learning environment.

Management's Discussion and Analysis For the Year Ended June 30, 2020

Requests for Information

This Annual Financial Report is designed to provide a general overview of the College's finances for all those with interest in the topic. Questions concerning any of the information provided in this report, or requests for additional information should be addressed to:

End of year	\$33,986,259	\$5,368,591

Statement of Cash Flows

For the year ended June 30, 2020

	Primary Institution Business-Type Activities
CASH FLOWS FROM OPERATING ACTIVITIES:	
Tuition and fees	\$5,174,427
Payments to suppliers	(4,664,786)
Payments to employees	(8,915,021)
Payments to students for scholarships and student grants	(5,445,702)
Auxiliary enterprise charges	174,574
Net cash flows from operating activities	(13,676,508)
CASH FLOWS FROM NONCAPITAL FINANCING ACTIVITIES:	
Proceeds from property taxes	7,655,051
Proceeds from grants	7,574,513
Net cash flows from noncapital financing activities	15,229,564
CASH FLOWS FROM CAPITAL AND RELATED FINANCING ACTIVITIES:	
Purchases of capital assets	(1,760,973)
Principal paid on bonds payable	(1,015,000)
Interest paid on bonds payable	(234,729)
Net cash flows from capital and related financing activities	(3,010,702)
CASH FLOWS FROM INVESTING ACTIVITIES:	
Interest received	296,462
Proceeds from maturities of investment securities	11,694,922
Purchases of investment securities	(4,968,912)
Net cash flows from investing activities	7,022,472
Net increase (decrease) in cash and cash equivalents	5,564,826
CASH AND CASH EQUIVALENTS:	
Beginning of year	1,915,424
End of year	\$7,480,250

Statement of Cash Flows (Continued)

For the year ended June 30, 2020

	Primary Institution
	Business-Type
	Activities
RECONCILIATION OF OPERATING LOSS TO NET CASH USED	
IN OPERATING ACTIVITIES:	
Operating loss	(\$21,287,430)
Adjustments to reconcile operating loss to net cash	(+= 1,==1, 100)
used in operating activities:	
Depreciation	962,743
State on-behalf payments for fringe benefits	6,161,594
Changes in assets and liabilities:	5,.5.,55
Inventory	387
Prepaid expenses	144,350
Receivables	(59,030)
Deferred outflows of resources	71,549
Accounts payable	106,015
Accrued liabilities	(49,184)
Accrued compensated absences	72,648
OPEB liability	47,714
Deferred inflows of resources	251,569
Unearned tuition and fees	(99,433)
Net cash used in operating activities	(\$13,676,508)
NONCASH INVESTING, CAPITAL, AND FINANCIAL:	
Increase (decrease) in fair value of investments and	
amortization/accretion	(\$36,707)
Acquisition of capital assets using accounts payable	\$268,370
STATE ON-BEHALF PAYMENTS	\$6,161,594

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies

Nature of entity

Sauk Valley Community College District 506 (the College) is organized in accordance with the Public Community College Act (110 ILCS 805/). The Board of Trustees (the Board) has the governing responsibilities over all activities related to public post and secondary school education within the College's District. The College receives funding from local, state and federal sources and must comply with the requirements established by these funding source entities. Board members are elected by the public and have overall decision-making authority, the power to designate management authority and primary accountability for fiscal matters.

The accounting policies of the College conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements.

Financial reporting entity

Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government, (2) organizations of which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Sauk Valley College Foundation (the Foundation) has a significant relationship with the College and is therefore included as a discretely presented component unit of the College. The Foundation is reported in a separate column in the basic financial statements to emphasize it is legally separate from the College.

The Foundation is a legally separate, tax-exempt component unit of the College. The Foundation acts primarily as a fundraising organization to supplement the resources that are available to the College in support of its programs. The Board of the Foundation is self-perpetuating. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a private not-for-profit organization that reports its financial results with accounting guidance prescribed by the Financial Accounting Standard Board (FASB). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences; however, significant note disclosures (see Note 9) to the Foundation's financial statements have been incorporated into the College's notes to the financial statements.

Financial statements for the Foundation can be obtained at 173 Illinois Route 2, Dixon, Illinois 61021.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (continued)

Measurement focus, basis of accounting, and financial statement presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when incurred. All significant intra-fund transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes, state appropriations and federal, state and local grants. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grant and state appropriations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal period when the uses are first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

Cash and cash equivalents

Cash includes deposits held at banks plus small amounts maintained for a change fund. Cash equivalents are defined as short-term investments readily converted to cash with original maturities of three months or less. The College has deposits with financial institutions, which at times exceed the federally insured limits. Management does not believe this represents any significant risk to the College.

Investments

Investment securities are stated at fair value based on quoted market prices. Income is recognized on the accrual basis of accounting. The types of investments allowed are regulated by Illinois State laws and include municipal bonds, fixed income mutual funds, U.S. Government or Illinois obligations, insured deposits or other investments of state or national banks, Federal National Mortgage Association obligations, Illinois Funds, and agreements collateralized by securities or mortgages in an amount at least equal to the fair value of the funds deposited.

Receivables

All property tax, student tuition and governmental claims and grant receivables are expected to be received within one year. Governmental claims and grants are from state and federal funding agencies. The College has a reserve of \$103,587 for uncollectible student tuition and fees. The College wrote off approximately \$28,587 of tuition and fees during the year ended June 30, 2020.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (continued)

Property taxes

The College's property taxes are levied each calendar year on all taxable real property located in the College's district. Property taxes are recorded on an accrual basis of accounting. Pursuant to the Board's resolution, property tax levies are allocated 50 percent for each of the two fiscal years after the levy year. Accordingly, the College estimates 50 percent of property taxes extended for the 2019 tax year and collected in 2020 are recorded as revenue in fiscal year 2020. The remaining 50 percent of revenues related to tax year 2019 has been deferred and will be recorded as revenue in fiscal year 2021. The 50 percent allocation is an approximation based on tax collections in prior years.

Property taxes are collected by the County Collector and are submitted to the County Treasurer, who remits to the taxing bodies their respective share of collections. Taxes levied in one year become due and payable in two installments during the following year, generally on June 1st and September 1st. Taxes must be levied by the last Tuesday in December for the following collection year. The levy becomes an enforceable lien against the property as of January 1, immediately following the levy year.

Inventories

Inventories consist of supplies held in the storeroom for internal use. Inventories are recorded at the lower of cost or market, on a first-in, first-out basis. The cost is recorded as an expense at the time individual inventory items are utilized or sold.

Capital assets

Capital assets include land, land improvements, buildings and equipment. The College defines capital assets as assets with an initial individual cost of more than \$2,500, and a useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Gains and losses realized upon retirement or disposition of capital assets are recognized in Statement of Revenues, Expenses, and Changes in Net Position/Net Assets as incurred. Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Land improvements50 yearsBuildings50 yearsEquipment3-7 years

Unearned tuition and fee revenue

Tuition and fee revenues received prior to the end of the fiscal year that are related to the subsequent fiscal year.

Long-term debt

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position/net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds and are recorded in other assets or liabilities.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (continued)

Compensated absences

Compensated absences are those absences for which employees will be paid, such as vacation leave. Liabilities for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the College and its employees, are accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the College and its employees are accounted for in the period in which such services are rendered or in which such events take place. Support staff, professional staff, and administrators earn from 1 to 2 days of vacation per month of employment. All vacation earned must be taken within 18 months of the close of the fiscal year during which the vacation time has been earned. Sick leave accrues at the rate of .92 days per month. An employee will not be paid for unused sick leave when termination or resignation from the College occurs.

Other Post-Employment (OPEB) Obligations

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and to OPEB expense, information about the plan net position of the College Insurance Plan ("CIP") and additions to/deductions from CIP's plan net position has been determined on the same basis as they are reported by CIP. For this purpose, OPEB payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a OPEB plan that is used to provide OPEB to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to OPEB or (2) the non-employer is the only entity with a legal obligation to make contributions directly to an OPEB plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

Deferred inflows and outflows of resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time.

A deferred charge on bond refunding results when the carrying value of the refunded debt is less than the reacquisition price (loss on refunding); the loss from the refunding is deferred and amortized over the shorter of the life of the refunded bonds or the new bonds issued. The deferred contributions to SURS represent the federal, trust, or grant contributions made by the College to SURS subsequent to the pension liability measurement date. The contributions will be recognized as an expense in the next fiscal year.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time. Deferred revenue, which is derived from property taxes, are deferred and recognized as an inflow of resources in the period that the amounts become available.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (continued)

Deferred inflows and outflows of resources (continued)

Other postemployment benefits (OPEB) expense, as well as deferred outflows of resources and deferred inflows of resources related to OPEB, should be recognized for the employers' (and non-employer contributing entity's) proportionate shares of collective OPEB expense and collective deferred outflows of resources and deferred inflows of resources related to OPEB.

Other than differences between projected and actual investment earnings, deferred inflows and outflows of resources are recognized in OPEB expense beginning in the current period, using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the OPEB plan (active and inactive), determined as of the beginning of the measurement period.

Classification of revenues and expenses

Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees and sales and service fees. Revenue from exchange transactions is recognized when earned. Student tuition and fees are recorded on the statement of revenues, expenses, and changes in net position, net of scholarship allowance and student aid. Nonoperating revenues include activities that have the characteristics of non-exchange transactions, such as local property taxes, state appropriations, most federal, state and local grants and interest. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition are reported as nonoperating expenses.

Federal financial assistance programs

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, and Federal Direct Loan programs. Federal programs are audited in accordance with the Single Audit Act of 1984 and the Single Audit Act Amendments of 1996, the U.S. Office of Management and Budget and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Uniform Guidance Compliance Supplement.

On-behalf payments for fringe benefits and salaries

Contributions made by the State of Illinois relating to the State Universities Retirement Systems and College Insurance Plan on behalf of the College's employees are recognized by the College as revenues and expenses. In fiscal years 2020 and 2019, the state made contributions of \$6,161,594 and \$5,436,205, respectively.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System (SURS) and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

Net position

The College's net position is classified as follows:

<u>Net investment in capital assets</u> – This represents the College's total investment in capital assets, net of accumulated depreciation and related debt.

<u>Restricted</u> – This includes resources the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both expendable restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed.

<u>Unrestricted</u> – This includes resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in net position during the reporting period. Material estimates that are particularly susceptible to significant change in the near term relate to depreciation on capital assets, allowance for doubtful accounts, and the fair value of investments. Actual results could differ from those estimates.

Note 2 <u>Cash and Investments</u>

The College's cash and deposits throughout the year and at year-end consisted of demand deposit accounts and certificates of deposit. The College classifies these accounts between cash and deposits on the statement of net position according to liquidity and intended use.

Cash and deposits as of June 30, 2020 consist of the following:

	Carrying Amount
Cash on hand	\$1,000
Deposits with financial institutions	6,023,107
Total	\$6,024,107

The College is allowed to invest in securities as authorized by the Illinois Public Community College Act and the Illinois Investment of Public Funds Act.

Interest rate risk – investments – Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The College's investment policy limits investment maturities to remain sufficiently liquid to meet all operating requirements as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk – investments – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The College's investment policy minimizes credit risk by limiting investments to those which are rated with the 3 highest classifications established by Moody's or Standard and Poor's.

Notes to Financial Statements

Note 2 Cash and Investments (continued)

As of June 30, 2020, the College had the following investments with stated maturities at fair value:

		Inves	stment Maturi	ties (In Yea	rs)
	Fair Value	Less Than 1	1-5	6-10	More Than 10
Money market mutual funds	\$1,780,389	\$1,780,389	\$0	\$0	\$0
Local government investment pool	2,425,754	2,425,754	0	0	0
Certificate of deposit	3,027,152	2,773,881	253,271	0	0
Fixed income mutual funds	1,983,258	1,983,258	0	0	0
Total	\$9,216,553	\$8,963,282	\$253,271	\$0	\$0

As of June 30, 2020, the College had the following investments with stated ratings at fair value:

		Investment Ratings by Standard & Poor's			
	Total	AAA	AA+	Α	Unrated
Money market mutual funds	\$1,780,389	\$1,780,389	\$0	\$0	\$0
Local government investment pool	2,425,754	2,425,754	0	0	0
Certificate of deposit	3,027,152	0	0	0	3,027,152
Fixed income mutual funds	1,983,258	0	0	0	1,983,258
Total	\$9,216,553	\$4,206,143	\$0	\$0	\$5,010,410

Custodial credit risk – deposits – Custodial credit risk for deposits is the risk that in the event of a financial institution's failure, the College's deposits may not be returned to it. The College's policies require deposits in excess of the federally insured amounts be collateralized at the rate of 110% of such deposits. As of June 30, 2020, the bank balances of the College's deposits were \$6,201,793. The College had pledged securities of \$4,662,475 and FDIC coverage of \$1,539,318.

Custodial credit risk – investments – Custodial credit risk for investments is the risk that, in the event of a financial institution failure, the College will not be able to recover the value of its investments that are in the possession of an outside party. The College's investment policy requires that all securities be held in appropriate third-party safekeeping. Safekeeping is to be documented by an approved written agreement. At June 30, 2020, none of the College's investment securities are subject to custodial credit risk.

Concentration Risk - Concentration risk is the risk associated with having more than 5 percent of investments in any issuer, other than the U.S. Government. The College has no investments that represent 5 percent or more of the total investments.

Foreign Currency Risk - Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The College does not have a foreign currency risk policy. The College does not have any investments with foreign currency risk exposure.

Notes to Financial Statements

Note 2 Cash and Investments (continued)

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy, as described under current accounting standards, are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or inputs other than quoted prices that are observable for the asset or liability.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair Value Massurements of

The following table presents the College's approximate fair value hierarchy for the assets measured at fair value on a recurring basis as of June 30, 2020:

		Reporting Date Using			
	Total (Level 1) (Le			(Level 3)	
Assets measured at fair value on a recurring basis:					
Certificates of deposit	\$3,027,152	\$0	\$3,027,152	\$0	
Fixed income mutual funds	1,983,258	1,983,258	0	0	
Total investments	\$5,010,410	\$1,983,258	\$3,027,152	\$0	

Notes to Financial Statements

Note 3 <u>Capital Assets</u>

A summary of the changes in capital assets for the College for the year ended June 30, 2020, is as follows:

	Balance				Balance
	June 30, 2019	Additions	Deletions	Transfers	June 30, 2020
Nondepreciable assets:					
Land	\$162,651	\$0	\$0	\$0	\$162,651
Construction in progress	1,849,048	1,352,664	0	(2,655,907)	545,805
	2,011,699	1,352,664	0	(2,655,907)	708,456
Depreciable assets:					
Land improvements	2,742,692	60,918	0	295,891	3,099,501

Equipment	7,829,912	298,774	0	0	8,128,686
	44,275,959	408,309	0	2,655,907	47,340,175
Less accumulated depreciation:					
Land improvements	1,142,363	59,641	0	0	1,202,004
Buildings	9,207,240	665,384	0	0	9,872,624
Equipment	7,212,274	237,718	0	0	7,449,992
	17,561,877	962,743	0	0	18,524,620
Depreciable assets, net	26,714,082	(554,434)	0	2,655,907	28,815,555
Capital assets, net	\$28,725,781	\$798,230	\$0	\$0	\$29,524,011

Note 4 Long-Term Debt

The following is a summary of the long-term debt activity for the year ended June 30, 2020:

	Balance June 30, 2019	Additions	Payments	Balance June 30, 2020	Due Within One Year
Long-term debt:					
General obligation bonds	\$6,190,000	\$0	\$1,015,000	\$5,175,000	\$1,655,000
Bond premiums (discounts)	214,218	0	99,053	115,165	61,984
Compensated absences	291,830	353,978	281,330	364,478	242,985
Totals	\$6,696,048	\$353,978	\$1,395,383	\$5,654,643	\$1,959,969

Notes to Financial Statements

Total debt maturities

Note 4 Long-Term Debt (continued)

Details on the debt as of June 30, 2020 are as follows:

1. The College issued General Obligation Community College Bonds Series 2018C dated October 17, 2018 in the amount of \$5,175,000 to refund the Series 2018A and Series 2018B General Obligation Debt Certificates. The Series 2018C issue provided for serial retirement of principal on February 1 of each year starting in 2021 through 2023 with interest due February 1 and August 1, with an interest rate of 4.0%. 100% of the bond proceeds were used for the purchase of capital assets. The annual debt service requirements on these bonds are due as follows:

Series 2018C General Obligation Refunding Bond Fiscal year ending June 30, **Principal** Interest Total 2021 \$1,655,000 \$207,000 \$1,862,000 2022 1,725,000 140,800 1,865,800 1,795,000 2023 71,800 1,866,800

\$5,175,000

\$419,600

\$5,594,600

The annual requirements to amortize all debt outstanding as of June 30, 2020, including interest, are as follows:

	Year Ending June 30,	General Obligation Bonds	Compensated Absences	Total Principal	Interest	Total Principal And Interest
	2021	\$1,655,000	\$242,985	\$1,897,985	\$207,000	\$2,104,985
	2022	1,725,000	121,493	1,846,493	140,800	1,987,293
	2023	1,795,000	0	1,795,000	71,800	1,866,800
_						
	Total	\$5,175,000	\$364,478	\$5,539,478	\$419,600	\$5,959,078

The following is a schedule of the legal debt margin of the College as of June 30, 2020:

Assessed valuation – 2018 levy	\$1,860,304,249
Debt limit – 2.875% of assessed valuation	53,483,747
Less indebtedness	(5,175,000)
Legal debt margin, June 30, 2020	\$48,308,747

Notes to Financial Statements

Note 5 <u>Defined Benefit Pension Plans</u>

General Information about the Pension Plan

Plan Description. The College contributes to the State Universities Retirement System of Illinois, a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State of Illinois (the State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided. A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed 6 months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2019 can be found in the State Universities Retirement System's comprehensive annual financial report (CAFR) Notes to the Financial Statements.

Contributions. The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2019 and 2020 respectively, was 12.29% and 13.02% of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15-139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants) and Section 15-155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period).

Notes to Financial Statements

Note 5 <u>Defined Benefit Pension Plans (continued)</u>

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net Pension Liability.

The net pension liability (NPL) was measured as of June 30, 2019. At June 30, 2019, SURS reported a net pension liability (NPL) of \$28,720,071,173.

Employer Proportionate Share of Net Pension Liability.

The amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the State's net pension liability associated with the College is \$54,079,894 or 0.1883%. This amount should not be recognized in the financial statement. The net pension liability and total pension liability as of June 30, 2019 was determined based on the June 30, 2018 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS during fiscal year 2019.

Pension Expense.

At June 30, 2019 SURS reported a collective net pension expense of \$3,094,666,252.

Employer Proportionate Share of Pension Expense.

The employer proportionate share of collective pension expense should be recognized similarly to onbehalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2019. As a result, the College recognized on-behalf revenue and pension expense of \$5,827,257 for the fiscal year ended June 30, 2020.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.

Deferred outflows of resources are the consumption of net position by the system that is applicable to future reporting periods.

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience Changes in assumption	\$160,132,483 773,321,300	\$80,170,748 0
Net difference between projected and actual earnings on pension plan investments	0	55,456,660
Total	\$933,453,783	\$135,627,405

Notes to Financial Statements

Note 5 <u>Defined Benefit Pension Plans (continued)</u>

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

SURS Collective Deferred Outflows and Deferred Inflows of Resources by Year to be Recognized in Future Pension Expenses:

Year Ending June 30	Net Deferred Outflows of Resources
2020	\$786,021,133
2021	(11,534,848)
2022	(6,661,326)
2023	30,001,419
Total	\$797,826,378

Employer Deferral of Fiscal Year 2020 Contributions

The College paid \$60,487 in federal, trust or grant contributions for the fiscal year ended June 30, 2020. These contributions were made subsequent to the pension liability date of June 30, 2019 and are recognized as Deferred Outflows of Resources as of June 30, 2020.

Assumptions and Other Inputs

Actuarial assumptions. The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period June 30, 2014 – 2017. The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25 percent

Salary increases 3.25 to 12.25 percent, including inflation

Investment rate of return 6.75 percent beginning with the actuarial valuation as

of June 30, 2018

Mortality rates were based on the RP2014 Combined Mortality Table, projected with generational mortality and a separate mortality assumption for disabled participants.

Notes to Financial Statements

Note 5 <u>Defined Benefit Pension Plans (continued)</u>

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2019, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	23%	5.25%
Private Equity	6%	8.65%
Non-U.S. Equity	19%	6.75%
Global Equity	8%	6.25%
Fixed Income	19%	1.85%
Treasury-Inflation Protected Securities	4%	1.20%
Emerging Market Debt	3%	4.00%
Real Estate REITS	4%	5.70%
Direct Real Estate	6%	4.85%
Commodities	2%	2.00%
Hedged Strategies	5%	2.85%
Opportunity Fund	<u>1%</u>	<u>7.00%</u>
Total	100%	4.80%
Inflation		<u>2.75%</u>
Expected Arithmetic Return		7.55%

Discount Rate. A single discount rate of 6.59% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75% and a municipal bond rate of 3.13% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the System's funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

Notes to Financial Statements

Note 5 <u>Defined Benefit Pension Plans (continued)</u>

Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate. Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.59%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1- percentage-point higher:

Current Single Discount				
1% Decrease 5.59%	Rate Assumption 6.59%	1% Increase 7.59%		
\$34,786,851,779	\$28,720,071,173	\$23,712,555,197		

Additional information regarding the SURS basic financial statements including the Plan Net Position can be found in the SURS comprehensive annual financial report by accessing the website at www.SURS.org.

Note 6 Other Post-Employment Benefits

Plan Administration. The Community College Health Insurance Security Fund (CCHISF) (also known as The College Insurance Program, ("CIP") is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. The CIP was established under the State Employees Group Insurance Act of 1971, as amended, 5 ILCS 375/6.9 (f), which became effective July 1, 1999. The purpose of the CCHISF is to receive and record all revenues from the administration of health benefit programs under Article 15 of the Illinois Pension Code. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. CIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees and their dependents of Illinois community college districts throughout the State of Illinois, excluding the City Colleges of Chicago. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to CIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the State Universities Retirement System and the boards of trustees of the various community college districts.

Plan membership. All members receiving benefits from the State Universities Retirement System (SURS) who have been full-time employees of a community college district or an association of a community college who have paid the required active member CIP contributions prior to retirement are eligible to participate in CIP. Survivors of an annuitant or benefit recipient eligible for CIP coverage are also eligible for coverage under CIP.

Benefit Provisions. A summary of post-employment benefit provisions, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of the Department of Central Management Services. A copy of the financial statements of the Department may be obtained by writing to the Department of Central Management Services, 401 South Spring Street, Springfield, Illinois, 62706-4100.

Notes to Financial Statements

Note 6 Other Post-Employment Benefits (continued)

Benefits Provided. CIP health coverage includes provisions for medical, prescription drugs, vision, dental and behavioral health benefits. Eligibility to participate in the CIP is defined in the State Employees Group Insurance Act of 1971 (ACT) (5 ILCS 375/3). The Act (5 ILCS 375/6.9) also establishes health benefits for community college benefit recipients and dependent beneficiaries.

Contributions. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.10) requires every active contributor of the State Universities Retirement System (SURS), who is a full-time employee of a community college district or an association of community college boards, to make contributions to the plan at the rate of 0.5% of the salary. The same section of statute requires every community college district or association of community college boards that is an employer under the SURS, to contribute to the plan an amount equal to 0.5% of the salary paid to its full-time employees who participate in the plan. The State Pension Funds Continuing Appropriate Act (40 ILCS 15/1.4) requires the State to make an annual appropriation to the fund in an amount certified by the SURS Board of Trustees. The State Employees Group Insurance Act of 1071 (5 ILCS 375/6.9) requires the Director of the Department to determine the rates and premiums for annuitants and dependent beneficiaries and establish the cost-sharing parameter, as well as funding. At the option of the board of trustees, the college districts may pay all or part of the balance of the cost of coverage for retirees from their district. Administrative costs are paid by the CCHISF.

OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Net OPEB Liability. The net OPEB liability was measured as of June 30, 2019. CIP reported a net OPEB liability at June 30, 2019 of \$1,888,540,494.

Employer Proportionate Share of Net OPEB Liability. The amount of the proportionate share of the net OPEB liability to be recognized for the College is \$8,003,973 or 0.4238%. This amount is recognized in the financial statement. The change in the College's proportionate net OPEB liability was an increase of 0.0018%. The proportionate share of the State's net OPEB liability associated with the College is \$8,003,973. The total proportionate share of the net OPEB liability associated with the College is \$16,007,946. The net OPEB liability and total OPEB liability as of June 30, 2019 was determined based on the June 30, 2018 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net OPEB liability is the actual reported OPEB contributions made to CIP during fiscal year 2019.

OPEB Expense. At June 30, 2019, CIP reported a collective net OPEB expense of \$84,924,196.

Employer Proportionate Share of OPEB Expense. The employer proportionate share of collective OPEB expense should be recognized similarly to on-behalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective OPEB expense is the actual reported OPEB contributions made to CIP during fiscal year 2019. As a result, the College recognized on-behalf revenue of \$334,337 for the fiscal year ended June 30, 2020. Additionally, the College recognized OPEB expense of \$385,419 for the fiscal year ended June 30, 2020.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. Deferred outflows of resources are the consumption of net position by the system that is applicable to future reporting periods.

Notes to Financial Statements

Note 6 Other Post-Employment Benefits (continued)

OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

The College's Deferred Outflows and Deferred Inflows of Resources by Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$93,805	\$169,266
Changes in assumption	0	1,115,140
Net difference between projected and actual earnings on OPEB plan investments Changes in proportion and differences between employer	0	353
contributions and share of contributions	318,837	166,887
Total deferred amounts to be recognized in pension expense in future periods	412,642	1,451,646
OPEB contributions made subsequent to the measurement date	39,378	0
III Casul Cilicili Valc	39,370	U
Total	\$452,020	\$1,451,646

The College reported \$39,378 as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the reporting year ended June 30, 2021. Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense in future periods as follows:

Year ended June 30:	Net Deferred Inflows of Resources
2020	(\$173,167)
2021	(173,167)
2022	(173,167)
2023	(173,167)
2024	(173,167)
2025	(173,169)
Total	(\$1,039,004)

Notes to Financial Statements

Note 6 Other Post-Employment Benefits (continued)

OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

Assumptions and Other Inputs

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified.

Inflation 2.25%

Salary increases Depends on service and ranges from 12.25% at

less than 1 year of service to 3.25% at 34 or more years of service. Salary increase includes

a 3.25% wage inflation assumption.

Investment rate of return 0%, net of OPEB plan investment expense,

including inflation

Healthcare cost trend rates Actual trend used for fiscal year 2019 based on

premium increases. For fiscal years on and after 2020, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.50%. Additional trend rate of 0.40% is added to non-Medicare cost on and after 2022 to account for the Excise Tax.

Asset Valuation Method Market value

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 Whited Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period June 30, 2010 to June 30, 2014.

Notes to Financial Statements

Note 6 Other Post-Employment Benefits (continued)

Assumptions and Other Inputs (continued)

Discount Rate. Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with fixed income municipal bonds with the 20 years to maturity that include only federally tax-exempt municipal bonds reported in Fidelity's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.62% as of June 30, 2018, and 3.13% as of June 30, 2019. The decrease in the single discount rate from, 3.62% to 3.13% caused the total OPEB liability to increase by approximately \$121.1 million as of June 30, 2019.

Sensitivity of Net OPEB Liability to Changes in the Single Discount Rate

The following presents the plan's net OPEB liability, calculated using a Single Discount Rate of 3.13% at June 30, 2019, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount rate that is one percentage point higher or lower than the current rate:

Sensitivity of Net OPEB Liability as of June 30, 2019 to the Single Discount Rate Assumption			
Current Single Discount			
	1% Decrease (2.13%)	Rate Assumption (3.13%)	1% Increase (4.13%)
Net OPEB liability	\$9,186,447	\$8,003,973	\$7,000,343

Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the plan's net OPEB liability, calculated using the healthcare cost trend rates of well as what the plan's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point higher or lower, than the current healthcare cost trend rates. The key trend rates are 8.00% in 2020 decreasing to an ultimate trend rate of 4.90% in 2027, for non-Medicare coverage, and 9.00% in 2020 decreasing to an ultimate trend rate of 4.50% in 2029 for Medicare coverage.

Sensitivity of Net OPEB Liability as of June 30, 2019 to the Healthcare Cost Trend Rate Assumption			
	Healthcare Cost Trend		
-	1% Decrease (a)	Rates Assumption	1% Increase (b)
Net OPEB liability	\$6,642,810	\$8,003,973	\$9,802,671

Notes to Financial Statements

Note 6 Other Post-Employment Benefits (continued)

Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate (continued)

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2020 decreasing to an ultimate trend rate of 3.90% in 2027, for non-Medicare coverage, and 8.00% in 2020 decreasing to an ultimate trend rate of 3.50% in 2029 for Medicare coverage.
- (b) One percentage point increase in healthcare trend rates are 9.00% in 2020 decreasing to an ultimate trend rate of 5.90% in 2027, for non-Medicare coverage, and 10.00% in 2020 decreasing to an ultimate trend rate of 5.50% in 2029 for Medicare coverage.

Note 7 Risk Management

The College is exposed to various risks of loss related to torts, property damage and general business risks. To cover such risks, the College participates in the Illinois Community College Risk Management Consortium (Consortium), which was established in 1981 by several Chicago area community colleges as a means of reducing the cost of general liability insurance. The Consortium is a public entity risk pool currently operating as a common risk management and insurance program for the member colleges. The main purpose of the Consortium is to jointly self-insure certain risks up to an agreed upon retention limit and to obtain excess catastrophic coverage and aggregate stop-loss reinsurance over the selected retention limit. No settlement has exceeded coverage since establishment of the Consortium. In 1992, the Consortium added statutory worker's compensation coverage. In fiscal year 2020, the College paid approximately \$104,638 to the Consortium for property, liability and worker's compensation protection. Since the Consortium requests initial payments to cover substantially any losses to be incurred for that policy year, the College anticipates no further liabilities for incurred losses.

Note 8 <u>Impact of Pending Accounting Pronouncements</u>

GASB Statement No. 84, *Fiduciary Activities* establishes criteria for identifying fiduciary activities of all state and local governments. This statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. The College has not determined the effect of this Statement.

GASB Statement No. 87, Leases, improves accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of this Statement are effective for fiscal years beginning after June 15, 2021. The College has not determined the effect of this Statement.

GASB Statement No. 90, Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61 improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The College has not determined the effect of this Statement.

Notes to Financial Statements

Note 8 <u>Impact of Pending Accounting Pronouncements</u>

GASB Statement No. 91, *Conduit Debt Obligations* provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021. The College has not determined the effect of this Statement.

GASB Statement No. 92, *Omnibus 2020*, improves the consistency of several practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. The College has not determined the effect of this Statement.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*, amends certain hedge accounting from GASB Statement No. 53 and variable lease payments in accordance with GASB Statement No. 87. The requirements of this Statement are effective for fiscal years beginning after June 15, 2021. The College has not determined the effect of this Statement.

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, provides more guidance for accounting and financial reporting for availability payments arrangements. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The College has not determined the effect of this Statement.

GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, provides more guidance regarding postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The College has not determined the effect of this Statement.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITA), defines a SBITA, establishes a right-to-use subscription asset and liability, provides the capitalization criteria for outlays other than subscription payments, and requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The College has not determined the effect of this Statement.

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32, provides more guidance for determining whether a primary government is financially accountable for a potential component unit, when the financial burden criterion in paragraph 7 of Statement No. 84 applies, and this statement clarifies that Statement 84 should be applied to all arrangements organized under IRC Section 457 to determine whether those arrangements should be reported as fiduciary activities. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged if Statement 84 has been implemented. The College has not determined the effect of this Statement.

Notes to Financial Statements

Note 9 Component Unit

The following are the significant accounting policies and footnotes related to the component unit which do not conflict with the College.

Summary of Significant Accounting Policies

Nature of Business

Sauk Valley College Foundation (the Foundation) was formed under the General Not-For-Profit Foundation Act of the State of Illinois on November 4, 1965. The Foundation has been approved by the Commissioner of Internal Revenue as an exempt organization under Section 501 of the Internal Revenue Code. Contributions to the Foundation qualify as charitable contributions for federal income tax purposes.

The Foundation was established to assist in carrying out the educational functions of Sauk Valley Community College. The Foundation provides funds by campaign or by other means for scholarships and fellowships for students, and endowments for the College for items having educational, artistic, historical, literary, or other cultural value.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis.

Net Assets

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Net assets without donor restrictions: net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net assets with donor restrictions: net assets subject to donor or certain grantor imposed restrictions. Some donor imposed restrictions are temporary in nature, such as those that will be met by the passage of time, long-lived assets placed in service, or other events specified by the donor. Other explicit donor imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Notes to Financial Statements

Note 9 Component Unit (continued)

Summary of Significant Accounting Policies (continued)

Contributions and Revenues

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Foundation reports the support as unrestricted. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions of assets other than cash are recorded at fair value at the date of the donation.

The Foundation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. As of June 30, 2020, promises to give were \$30,508.

Income Taxes

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Foundation files Forms 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would ultimately be sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes that it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any.

Notes to Financial Statements

Note 9 Component Unit (continued)

Summary of Significant Accounting Policies (continued)

Income Taxes (continued)

Tax positions are not offset or aggregated with other positions. Tax positions that meet the "more likely than not" recognition threshold are measured as the largest amount of tax benefit that is more than 50% likely to be realized on settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statement of net assets along with any associated interest and penalties that would be payable to the taxing authorities upon examination.

Forms 990 filed by the Foundation are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of each return. Forms 990 filed by the Foundation are no longer subject to examination for tax years before June 30, 2016.

Functional Allocation of Expenses

Included on the statement of revenues, expenses, and changes in net assets. Expenses that can be identified with a specific program are recorded directly according to their natural expense classification. Other expenses that are common to several functions are allocated by various methods.

Cash and Cash Equivalents

The Foundation considers all liquid investments with an initial maturity of three months or less when purchased to be cash equivalents.

Concentrations of Credit Risk

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash and cash equivalents and certificates of deposits. As of June 30, 2020, the bank balances of the Foundation's deposits were \$1,609,428, and the entire balance was secured by FDIC coverage and collateralized securities in the Foundation's name.

Certificates of Deposit

The Foundation holds non-brokered certificates of deposit which are carried at cost.

Investments and Investment Earnings

Investments consist primarily of assets invested in alternative investments and marketable equity securities. Investments in equity securities with readily determinable fair values are measured at the fair value in the statement of net assets. Alternative investments are measured at the net asset value per share as a practical expedient in the statement of net assets. Investment income or loss is included in the statement of revenues, expenses, and changes in net assets. as an increase or decrease in net assets without donor restrictions unless the income or loss is restricted by donor or law.

Notes to Financial Statements

Note 9 Component Unit (continued)

Summary of Significant Accounting Policies (continued)

Donated Services

Donated services are to be recognized in the financial statements. The services must either (a) create or enhance a non-financial asset or (b) be specialized skills, provided by entities or persons possessing those skills that would be purchased if not donated. The Foundation receives donated services generally in the form of contributed time by volunteers. However, these donated services are not reflected in the financial statements since they do not meet the criteria for recognition as contributed services. Donated services funded by the College are recognized in the financial statements and included in supporting services.

Assets Held for College

As a service to the Sauk Valley Community College, the Foundation permits the College to deposit its own funds with the Foundation for investment. The College established the fund for its own benefit and is classified by the Foundation as a liability. The Foundation maintains variance power and legal ownership of the funds based on the agency and intermediary agreements and as such continues to report the funds as assets of the Foundation.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Foundation has evaluated subsequent events through October 21, 2020 which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of June 30, 2020 have been incorporated herein.

Change in Accounting Policy

In June 2018, the FASB issued ASU No. 2018-08, Not-For-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The amendments in this ASU assist in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) subject to Subtopic 958-605 or as exchange (reciprocal) transactions subject to Account Standards Codification 606 and determining whether a contribution is conditional. The contribution guidance in Subtopic 958-605 requires the Organizations to determine whether a transaction is conditional, which affects the timing of the revenue recognized. The Organization has applied the amendments in this ASU on a modified retrospective basis. There was no change in opening balances of net assets and no prior period results were restated.

Notes to Financial Statements

Note 9 Component Unit (continued)

Summary of Significant Accounting Policies (continued)

Change in Accounting Policy (continued)

In May 2014, the FASB issued ASU No. 2014-09, Revenue From Contracts With Customers (Topic 606). The amendments in this ASU, along with numerous clarifications and modifications, require an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Organization adopted this guidance as of July 1, 2019 and applied Topic 606 on a modified retrospective basis. There was no change in opening balances of net assets and no prior period results were restated.

Pending Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02: *Leases*. When this standard is adopted, the primary accounting change will require lessees to recognize right of use assets and lease obligations for most operating leases as well as finance leases. This standard is effective for financial statement issued for annual periods beginning after December 15, 2020. Management is evaluating what impact this new standard will have on its financial statements.

Liquidity and Availability of Financial Assets:

The Foundation's primary sources of support are contributions, fundraising and income from investing its endowment. Most of that support is required to be used in accordance with the purpose restrictions imposed by the donors. The following table reflects the Foundation's financial assets as of June 30, 2020, reduced by amounts not available for general expenditures:

Total financial assets	\$7,308,648
Less those unavailable for general expenditure within one year due to:	
Funds held for others	1,940,057
Purpose restrictions	1,621,459
Perpetual endowments	3,005,576
Financial assts available to meet cash needs for	
general expenditures within one year	\$741,556

Investments:

Interest, dividends, realized and unrealized gains and losses attributable to investments have been distributed based on each fund's percentage holdings of that investment. All investments are through an investment pool called Commonfund which carries funds at fair value. The investments at June 30, 2020 consisted of the following:

	Fair Value	Cost	Unrealized Appreciation (Depreciation)
Multi-Strategy Equity Funds	\$3,359,303	\$2,650,603	\$708,700
Multi-Strategy Bond Funds	2,407,545	2,263,768	143,777
	\$5,766,848	\$4,914,371	\$852,477

Notes to Financial Statements

Note 9 Component Unit (continued)

<u>Investments (continued)</u>

The following schedule summarizes the investment return and its classification in the statement of revenues, expenses, and changes in net assets for the year ended June 30, 2020:

	Without Donor Restriction	With Donor Restriction	Total
Interest and dividends	\$27,400	\$22,960	\$50,360
Unrealized gains (losses)	(153,294)	71,327	(81,967)
Realized gains (losses)	205,839	0	205,839
Investment fees /	(7,910)	(12,528)	(20,438)
Total	\$72,035	\$81,759	\$153,794

Endowment Funds:

The Foundation's endowment consists of approximately 50 donor-restricted individual funds established to be maintained permanently with earnings to be used for a variety of purposes.

The Foundation follows the laws prescribed by the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA establishes law for the management and investment of donor-restricted endowment funds.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent any explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classified as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those assets have been appropriated for expenditure by the Foundation in a manner consistent with the standards of prudence prescribed in UPMIFA.

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate earnings on donor-restricted endowment funds:

- 1. The duration and preservation of the fund;
- 2. The purpose of the Foundation and the donor-restricted endowment fund;
- 3. General economic conditions;
- 4. The possible effect of inflation and deflation;
- 5. The expected total return from income and the appreciation of investments;
- 6. Other resources of the Foundation: and
- 7. The investment policies of the Foundation

Notes to Financial Statements

Note 9 Component Unit (continued)

Endowment Funds (continued

Investment income generated by the Foundation's endowment funds are used to benefit each endowment's intended purpose and accordingly, investment losses are recognized in the Foundation's unrestricted net assets.

The endowment net asset composition by type of fund as of June 30, 2020 is as follows:

		Without Donor Restriction	With Donor Restriction	Total Endowment Assets
Donor	restricted endowment funds	\$0	\$3,752,668	\$3,752,668
Changes in	endowment net assets as of Jun	e 30, 2020 are as Without Donor Restriction	follows: With Donor Restriction	Total Endowment Assets
Endov	vment net assets, beg of year	\$0	\$3,693,833	\$3,693,833
Inter Net a	ment return: est income appreciation (realized and	0	10,431	10,431
-	ealized) on investments investment return	0	71,327 81,758	71,327 81,758
	butions ssification per donor	0	109,998	109,998
agre Appro	ement priation of endowment assets xpenditure	0	(7,836) (125,085)	(7,836) (125,085)
	vment net assets, end of year	\$0	\$3,752,668	\$3,752,668

Funds with Deficiencies

From time to time, the fair value of the assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. The Foundation had no individual donor-restricted endowment fund deficiencies at June 30, 2020.

Return Objectives and Risk Parameters

The Foundation has adopted investment policies to maximize total return (appreciation and income) and to achieve a specified income level while minimizing credit risk and avoiding excessive market risk. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a specified period(s), as well as the earnings on those funds which have not yet been appropriated. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to preserve the principal and provide liquidity of amounts over the principal while assuming a moderate level of investment risk.

Notes to Financial Statements

Note 9 Component Unit (continued)

Endowment Funds (continued

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investments returns are achieved through both capital appreciation (realized and unrealized and current yield (interest and dividends). The Foundation's policy is that its investments should consist of a high-quality portfolio of securities following "the Prudent Man rule." Management believes this strategy will help to achieve the Foundation's long-term return objectives within prudent risk constraints. While this is the long-term strategy, on a short-term basis the Foundation chose to invest in highly liquid, short-term securities.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation's spending policy is that income from donor-restricted funds will be spent on the intended service, program, or purpose, within a reasonable time period.

Net Assets with Donor Restrictions:

Net assets with donor restrictions consist of the following as of June 30, 2020

Subject to expenditure for specified purpose:	
Student scholarships, awards and College support	\$1,621,459
Endowment subject to spending policy and appropriation	3,005,576
Net assets with donor restrictions	\$4,627,035

The Foundation reports gifts or cash as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when the purpose of the restriction is accomplished, with donor restriction net assets are reclassified to without donor restriction net assets and reported in the statement of activities as net assets released from restrictions.

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes during the years ended June 30, 2020 for scholarships, awards and College support totaled \$345,711.

The Foundation also reclassified \$6,948 of with donor restricted funds to without donor restrictions due to change in donor restrictions.

Notes to Financial Statements

Note 9 Component Unit (continued)

Pledges Receivable:

Unconditional promises are included in the financial statements as other receivable and revenue of the appropriate net asset category. The breakdown of pledges receivable as of June 30, 2020 is as follows:

Total Pledges Receivable Less discounts to net present value	\$35,135 (4,627)
Pledges Receivable	\$30,508
Amounts due in: Less than one year	\$30,508
Pledges Receivable	\$30,508

Funds Held for Others:

The Foundation invests, under a fiduciary agreement with the Sauk Valley Community College, in an agent capacity. Transactions in funds held for others are summarized as follows:

Additions:	
Net realized gains (losses)	\$206,774
Net unrealized gains (losses)	(154,229)
	52,545
Deductions:	
Distributions to Foundation	(52,545)
Change in funds held for others	0
Balance, beginning of year	1,940,057
Balance, end of year	\$1,940,057

Fair Value of Financial Instruments:

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy, as described under current accounting standards, are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Notes to Financial Statements

Note 9 Component Unit (continued)

Fair Value of Financial Instruments (continued):

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value of investments in investment companies have a value of their capital account or net asset value calculated in accordance with, or in a manner consistent with U.S. generally accepted accounting principles (referred to as NAV). As a practical expedient, the Foundation is permitted under U.S. GAAP to estimate the fair value of an investment at the measurement date using the reported NAV without further adjustment unless the entity expects to sell the investment at a value other than NAV or if the NAV is not calculated in accordance with U.S. GAAP. The Foundation's investments in Commonfund's multi-strategy equity fund and multi-strategy bond fund in the alternative investment portfolio are generally valued based on the most current NAV received, adjusted for cash flows when the reported NAV is not at the measurement date. The Foundation adopted FASB Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), and therefore is not required to assign a level in the hierarchy to investments measured using NAV.

Equity Investments

Investments in equity vehicles are comprised of corporate stocks and daily traded mutual funds. Securities held in corporate stocks and daily traded mutual funds are generally valued based on quoted market prices in active markets obtained from exchange or dealer markets for identical assets, and are accordingly categorized as Level 1, with no valuation adjustments applied.

Alternative Investments

The alternative investment portfolio is made up of investments of shares of funds in Commonfund's multi-strategy equity fund and multi-strategy bond fund. The fund managers invest in a variety of securities based on the strategy of the fund. Some of the shares in those multi-strategy funds are traded in an active market. All alternative investments are valued at NAV and are categorized as Level 3.

Notes to Financial Statements

Note 9 Component Unit (continued)

Fair Value of Financial Instruments (continued)

At June 30, 2020, the Foundation's investments valued at net asset value were as follows:

	Fair Value	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Multi-strategy equity fund Multi-strategy bond fund	\$3,359,303 2,407,545	Monthly Monthly	5 days 5 days
Total	\$5,766,848	_	

The Foundation does not have any unfunded commitments related to the above investments as of June 30, 2020.

The table below sets forth a summary of changes in the value of the Foundation's investments measured using NAV:

	Multi-Strategy Equity Fund	Multi-Strategy Bond Fund	Total
	Equity Fund	Fullu	i Ulai
Fair Value as of June 30, 2019	\$3,533,558	\$2,270,524	5,804,082
Purchases	558,600	23,733	582,333
Sales	(723,000)	0	(723,000)
Fees	(13,449)	(6,990)	(20,439)
Distributions to College	(7,643)	(26,529)	(34,172)
Unrealized gains	11,237	146,807	158,044
Fair Value as of June 30, 2020	\$3,359,303	\$2,407,545	\$5,766,848

Related Parties:

The Foundation is a component unit of Sauk Valley Community College District 506 (College) for financial reporting purposes. The financial balances and activities included in these financial statements are, therefore, also included in the College's financial statements. The College provides office space and support services for the Foundation. The estimated fair value of such in-kind benefits to the Foundation was \$249,041 for the year ended June 30, 2020 and is recognized as both a revenue and expense in the statement of activities. The Foundation paid the College \$318,901 for scholarships and awards during the year ended June 30, 2020.

On April 30, 2010 and 2013, the US Department of Education released the fund restrictions related to the Sauk Valley Community College's Endowment Challenge Grant. On August 31, 2014 the College transferred approximately \$1.9 million to the Foundation to manage on behalf of the College pursuant to an agreement dated November 25, 2014. The Foundation has entered into a "Gift Transfer and Management Agreement" with the College to manage, invest, and otherwise hold all gifts for the benefit of the College. The corpus of the gifts shall be invested and held in a manner so that the corpus of the gifts are identifiable and distinguishable from the Foundation's other holdings. The Foundation may use the investment income generated from the gifts for any purpose consistent with the Foundation articles of incorporation and by-laws. As of June 30, 2020, the Foundation has assets held for the College in the amount of \$1,940,057.

Notes to Financial Statements

Note 9 Component Unit (continued)

Risks and Uncertainties:

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID-19 Virus Crisis ("CV19 Crisis). The Foundation had to cancel several alumni events at graduation, donations slowed, and new software/technology was purchased to maintain operations. The main fundraiser was rescheduled and will potentially be cancelled for fiscal year 2021. The long-term impact of the CV19 Crisis on the Foundation cannot be reasonably estimated at this time.

Note 10 Contingencies and Commitments

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the College expects such amounts, if any, to be immaterial.

Note 11 Related Party Transactions (Assets Held at College Foundation)

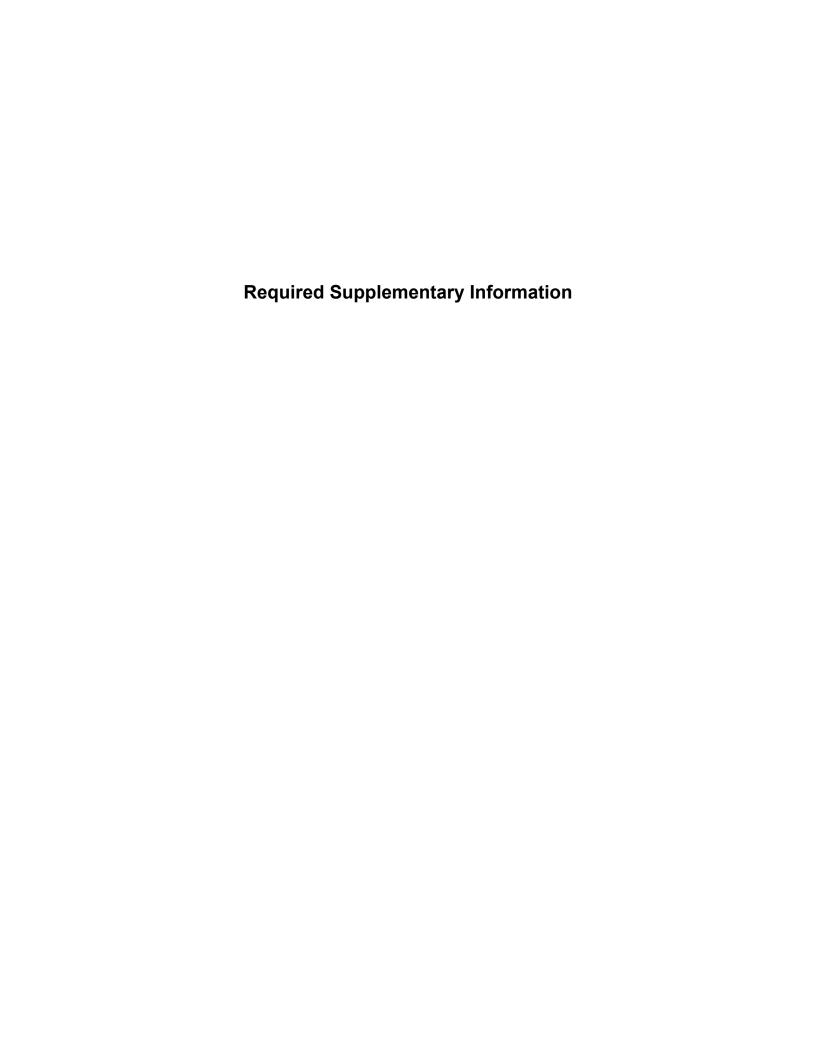

On April 30, 2010 and 2013, the US Department of Education released the fund restrictions related to the College's Endowment Challenge Grant. On August 31, 2014, the College transferred approximately \$1.9 million to the Foundation to manage on behalf of the College pursuant to an agreement dated November 25, 2014. The College has entered into a "Gift Transfer and Management Agreement" with the Foundation to manage, invest, and otherwise hold all gifts for the benefit of the College. The corpus of the gifts shall be invested and held in a manner so that the corpus of the gifts are identifiable and distinguishable from the Foundation's other holdings. The Foundation may use the investment income generated from the gifts for any purpose consistent with the Foundation articles of incorporation and by-laws. As of June 30, 2020, the College has assets held by the Foundation in the amount of \$1,940,057, which is included as a noncurrent asset on the College's statement of net position.

Note 12 Subsequent Event

The College has evaluated subsequent events through November 18, 2020 which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of June 30, 2020 have been incorporated herein. There are no other subsequent events that require disclosure.

Note 12 Risks and Uncertainties

Beginning in March 2020, the United States economy began suffering adverse effects from the COVID-19 Virus Crisis ("CV19 Crisis). The long-term impact of the CV19 Crisis on the College cannot be reasonably estimated at this time.

Schedule of Share of Net Pension Liability Last 10 Fiscal Years (Schedule to be Built Prospectively from 2014)

Notes to Required Supplementary Information

Note 1. Changes of Benefit Terms:

There were no benefit changes recognized in the Total Pension Liability as of June 30, 2019.

Note 2. <u>Changes of Assumptions</u>:

In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2014 to June 30, 2017 was performed in February 2018, resulting in the adoption of new assumptions as of June 30, 2018.

- Salary increase. Decrease in the overall assumed salary increase rates, ranging from 3.25
 percent to 12.25 percent based on years of service, with underlying wage inflation of 2.25
 percent.
- Investment return. Decrease the investment return assumption to 6.75 percent. This reflects maintaining an assumed real rate of return of 4.50 percent and decreasing the underlying assumed price inflation to 2.25 percent.
- Effective rate of interest. Decrease the long-term assumption for the ERI for crediting the money purchase accounts to 6.75 percent (effective July 2, 2019.)
- Normal retirement rates. A slight increase in the retirement rate at age 50. No change rates for ages 60-61, 67-74 and 80+, but a slight decrease in rates at all other ages. A rate of 50 percent if the member has 40 or more years of service and is younger than age 80.
- Early retirement rates. Decrease in the rates for all Tier 1 early retirement eligibility ages (55-59).
- Turnover rates. Change rates to produce lower expected turnover for members with less than 10 years of service and higher turnover for members with more than 10 years of service.
- Mortality rates. Maintain the RP-2014 mortality tables with projected generational mortality improvement. Update the projection scale from the MP2014 to the MP-2017 scale.
- Disability rates. Decrease current rates to reflect that certain members who receive disability benefits do not receive the benefits on a long-term basis.

Note 3. Changes of OPEB Benefit Terms:

There were no benefit changes recognized in the Total OPEB Liability as of June 30, 2019.

Note 4. Changes of OPEB Assumptions:

In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest and salary of the members and benefit recipients of CIP. An experience review for the years June 30, 2014 to June 30, 2017, resulting in the adoption of new assumptions as of June 30, 2018. The following OPEB-related assumptions changes were made since the last valuation as of June 30, 2017:

Notes to Required Supplementary Information

Note 4. Changes of OPEB Assumptions (continued):

- The price inflation was decreased from 2.75 percent to 2.25 percent.
- The salary scale assumption was decreased.
- The rates of retirement were decreased.
- The rates of termination were decreased.
- The rates of disability were decreased.
- The mortality table was updated to reflect recent experience and mortality improvement scales.
- The discount rate was changed from 3.62 percent at June 30, 2018, to 3.13 percent at June 30, 2019.
- The healthcare trend assumption was updated based on claim and enrollment experience through June 30, 2018, projected plan cost for plan year end June 30, 2019, premium changes through plan year end 2019, and expectation of future trend increases after June 30, 2019;
- The Excise Tax trend adjustment was updated based on available premium and enrollment information as of June 30, 2019;
- Per capita claim costs for plan year end June 30, 2019, were updated based on projected claims and enrollment experience through June 30, 2019, and updated premium rates through plan year end 2020; and
- Healthcare plan participation rates by plan were updated based on observed experience.

Supplemental Financial Information Section

Uniform Financial Statements

The Uniform Financial Statements are required by the Illinois Community College Board for the purpose of providing consistent audited data for every community college district. Regardless of the basis of accounting used for a College's Statement of Net Position and Statement of Revenues, Expenses, and Changes in Net position, the Uniform Financial Statements are completed using the modified accrual basis of accounting and a current financial resource measurement focus.

The Uniform Financial Statements include the following:

- No. 1 All Funds Summary
- No. 2 Summary of Fixed Assets and Debt
- No. 3 Operating Funds Revenues and Expenditures
- No. 4 Restricted Purposes Fund Revenues and Expenditures
- No. 5 Current Funds Expenditures by Activity

Certificate of Chargeback Reimbursement

No. 6 - Certificate of Chargeback Reimbursement

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE REQUIREMENTS FOR STATE ADULT EDUCATION AND FAMILY LITERACY GRANTS

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the State Adult Education and Family Literacy Grants of Sauk Valley Community College District 506 (the "College") as of and for the year ended June 30, 2020, which comprise of the balance sheet as of June 30, 2020, and the related statement of revenues, expenditures and changes in fund balances for the year then ended, and the related notes to the ICCB grant program financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audit also included a review of compliance with the provisions of laws, regulations, contracts, and grants between the College and the State of Illinois and Illinois Community College Board (ICCB).

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the State Adult Education and Family Literacy Grants of the Sauk Valley Community College District 506 as of June 30, 2020, and the results of their operations for the year then ended in conformity with accounting principles generally accepted in the United States.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the State Adult Education and Family Literacy Grants and do not purport to, and do not present fairly the financial position of the Sauk Valley Community College District 506 as of June 30, 2020, the changes in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States. Our opinion is not modified with respect to this matter.

Compliance

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to materially comply with the provisions of laws, regulations, contracts and grants between the College and the State of Illinois and the Illinois Community College Board (ICCB). However, our audit was not directed primarily toward obtaining knowledge of all such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the College's noncompliance with the above referenced laws, regulations, contracts and grants. We also believe that the College is materially in compliance with the provisions of laws, contracts, and ICCB policy guidelines with respect to restricted grants.

Sterling, Illinois

Notes to ICCB Grant Programs Financial Statements

Note 1 <u>Summary of Significant Accounting Policies</u>

General

The accompanying statements include only those transactions resulting from the State Adult Education & Family Literacy grant programs. These transactions have been accounted for in the College's Restricted Purpose Fund.

Basis of Accounting

The statements have been prepared on the modified accrual basis. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2020. Funds obligated for goods prior to June 30 for which the goods are received prior to August 31, 2020 are recorded as encumbrances. Unexpended funds are reflected as a reduction to fund balance and a liability due to the ICCB by October 15.

Fixed Assets

Capital asset purchases are recorded as capital outlay. However, for the Statement of Net Position for the College as a whole, capital assets are capitalized.

Note 2 Payment of Prior Year's Encumbrances

Payments of prior year's encumbrances for goods received prior to August 31 are reflected as expenditures during the current fiscal year.

Background Information on State Grant Activity

Unrestricted Grants

Base Operating Grants - General operating funds provided to colleges are based upon credit enrollment.

<u>Small College Grants</u> - Funds provided to colleges with full-time equivalent enrollments of less than 2,500 students. They are intended to help small colleges pay for some of the "fixed costs" of operating a smaller institution.

<u>Equalization Grants</u> - Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

Statewide Initiatives

<u>Special Incentive Grants</u> - A new request to provide flexible funding for unique initiatives needed in the community college system. The grants will be awarded on a Request for Proposal basis and will focus on higher education priorities such as accessibility, affordability, productivity, partnerships, quality, and responsiveness. In addition, a significant proportion of the dollars available will focus on improving the availability of qualified information technology employees in the State of Illinois.

Other Grants - These other grants are additional contractual grants provided for special or specific system related initiatives. These grants are supported by signed contracts between the college and the State of Illinois. A brief description of each grant should be included in this section. A description of the grants supported by grant agreements may be found in the appendix of the grant agreement governing these grants.

Restricted Grants/State

State Basic - Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and child care facilities or provision.

<u>Public Assistance</u> - Grant awarded to Adult Education and Family Literacy providers to pay for instruction, fees, books, and materials incurred in the program for students who are identified as recipients of public assistance.

<u>Performance</u> - Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

INDEPENDENT ACCOUNTANT'S REPORT ON ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

We have examined management of Sauk Valley Community College District 506's (the College) assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Sauk Valley Community College District 506 during the period July 1, 2019 through June 30, 2020. The College's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion about the College's compliance with the specified requirement based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the College's compliance with the specified requirements.

In our opinion, management's assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Sauk Valley Community College District 506 is fairly stated, in all material respects.

Note to Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed

Note 1 Residency Verification Process

Procedures for Verifying and Classifying Residency

An in-district student is one whose legal residency is within the boundaries of the Sauk Valley Community College District. New students to the district must reside in the district at least 30 days prior to registration to be eligible for in-district tuition. All students applying for admission to the College are required to certify on the Student Information Form that the address given is correct. They will be subject to dismissal if found inaccurate. Returned mail to the College creates cause to question residency. If an address is questioned, the student will be coded as out-of-district and must display proof of residency in order to regain in-district status. Proof of residency may include a driver's license, voter's registration card, property tax bill, or an apartment lease. For tuition purposes only (not for State funding classification), in-district tuition will be granted to a student who presents either a recent paycheck stub from an in-district employer, a property tax bill for in-district property owned by the student, or an authorized chargeback form. Residents of states other than Illinois will be classified as out-of-state.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and discretely presented component unit of Sauk Valley Community College District 506 (the College), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated November 18, 2020. The financial statements of Sauk Valley College Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Wippei LLP

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

Report on Compliance for Each Major Federal Program

We have audited Sauk Valley Community College District 506's (the "College") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2020. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility for Compliance

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal Program

In our opinion, Sauk Valley Community College District 506 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal Awards

Note 1 Significant Accounting Policy

Reporting entity and basis of accounting

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Sauk Valley Community College District 506 (the "College") for the year ended June 30, 2020, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The College elected to not use the 10% de minimis indirect cost rate during the year ended June 30, 2020.

Note 2 Federal Loan Program

For the year ended June 30, 2020, the College acted as a pass-through agency for Federal Direct Loans (subsidized and unsubsidized) to students in the amount of \$1,090,289.

Note 3 Non-cash Assistance

The College did not expend any federal awards in the form of non-cash assistance during the year ended June 30, 2020.
