SAUK VALLEY COMMUNITY COLLEGE
Fiscal Year 2022 Budget

Mission

Sauk Valley Community College is dedicated to teaching and scholarship while engaging the community in lifelong learning, public service, and economic development.

Budget Highlights

Sauk Valley Community College's Fiscal Year 2022 operating budget presents a \$644,624 deficit (see page 3). The COVID-19 pandemic created many challenges for the Sauk Valley community but the College Board of Trustees and Administration remain committed to being a leader in student achievement while expanding access to higher education across the Sauk Valley region. Even with the challenges encountered during Fiscal Year 2021, the College continues to pursue opportunities to better meet the needs of the students and our Sauk Valley community in Fiscal Year 2022. The Fiscal Year 2022 budget deficit is largely attributable to pandemic related enrollment declines experience during Fiscal Year 2021 (est. 17%) and increased payroll (11%) and supply budgets (58%) to overcome pandemic disruptions and better position the College to serve its students in the post-pandemic environment.

Although the budget presents a deficit for Fiscal Year 2022, the Federal stimulus provided through the Higher Education Emergency Relief Fund (HEERF) will help offset that deficit through direct financial resources provided to students enrolled at Sauk (student portion totals \$2,802,961) and also to assist the College in defraying additional costs incurred related to the pandemic and a transition to online learning (institutional portion totals \$3,866,622). The College plans to maximize the use of HEERF funding to remediate financial and technological barriers for students who would like to continue their education at Sauk. A financial projection of Fiscal Year 2022 shows the College overcoming the budget deficit, largely attributable to favorable enrollment as a result of the student grant programs and compensation expenditures experiences a slower increase than that reflected in the budget.

The College historically derives its operating revenues from three sources (with budgeted allocations for Fiscal Year 2022): (1) Local government sources (46%); (2) Student tuition and fees (33%); and (3) State of Illinois formula grants provided through the Illinois Community College Board (12%). For Fiscal Year 2022, Federal HEERF stimulus is providing additional operating resources to overcome lost revenue (6%).

Enrollment figures are not yet finalized for Fiscal Year 2021, but it is estimated that overall credit hours will be down just over 17% from Fiscal Year 2020. Although Fiscal Year 2021 credit hours were down sharply from Fiscal Year 2020, the College has experienced an average credit hour decline of just over 4% since Fiscal Year 2016. The Operating Funds Projection included within this budget assume a slight rebound in enrollment post-pandemic for Fiscal Year 2022 and a lower increase for years subsequent to Fiscal Year 2022.
