INDEPENDENT AUDITOR'S REPORT

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Sauk Valley Community College District 506 (the "College") as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of Sauk Valley College Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and discretely presented component unit of Sauk Valley Community College District 506, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the College adopted new accounting guidance GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.* Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States require that the Management Discussion and Analysis, Schedule of Share of Net Pension Liability, Schedule of Pension Contributions, Schedule of Share of OPEB Liability, and Schedule of OPEB Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The special reports section, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards in the annual federal financial compliance section is presented for purposes of additional analysis as required by U.S. Office of Management and Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* and is also not a required part of the basic financial statements.

The supplemental financial information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the annual federal financial compliance section and the supplemental financial information listed under the special reports section of the table of contents are fairly presented in all material respects in relation to the financial statements taken as a whole.

The other supplemental financial information listed in the special reports section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2018, on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Wippei LLP

Sterling, Illinois October 10, 2018

Using This Annual Report

As the management of Sauk Valley Community College District 506 (the "College"), we offer the readers of the College's financial statements this narrative overview and analysis of the financial activities of the College for the year ended June 30, 2018.

The MD&A provides an overview of the College's financial position at June 30, 2018 and the results of operations for the year. This summary should not be taken as a replacement for the audit report, which consists of the financial statements, notes to the financial statements, required, supplemental and other supplemental financial information.

The financial statements, as presented under the reporting model established by GASB Statement No. 35, focus on the College as a whole. The basic financial statements are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The Statement of Net Position focuses on the financial condition of the College. This statement combines and consolidates current financial resources (short-term expendable resources) with capital assets. The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of College activities, which are supported mainly by property taxes and by state and other revenues. This approach is intended to summarize and simplify the user's analysis of the cost of various College services to students and the public.

The remainder of the MD&A highlights the structure and contents of the primary government's financial statements.

Financial Highlights

The College is one of 39 community college districts in the State of Illinois. It is located in the northwest corner of the state. The communities it serves are predominantly rural, with agriculture prominent in the region.

The College district encompasses 1,466 square miles and includes portions of six counties: Bureau, Carroll, Henry, Lee, Ogle and Whiteside. The district has a population of just over 100,000, with the majority of that population concentrated in and near the towns of Dixon, Sterling, and Rock Falls.

Financial highlights for the College included the following for the year ended June 30, 2018:

- The College paid down \$955 thousand of long-term debt during the year.
- The College had approximately \$219 thousand of State funding in arrears at June 30, 2018.
- Net position decreased during FY 2018 by approximately \$184 thousand.
- During FY2018, the College's enrollment in credit hours decreased about 6.0%.

Components of Financial Statements

The annual report consists of a series of financial statements and other information, as follows:

Management Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the College's financial activities.

Components of Financial Statements

The basic financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position and a statement of cash flows. These provide information about the activities of the College as a whole and present an overall view of the College's finances.

Notes to the financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

The College's financial position is summarized as follows for the years ended June 30, 2018 and 2017:

Financial Analysis of the College as a Whole

Net Position As of June 30, (in thousands)					
	2018	As Restated 2017	Increase (Decrease)	Percent Change	
Current assets	\$24,470	\$20,070	\$4,400	21.9%	
Noncurrent assets:					
Capital assets, net	26,314	25,250	1,064	4.2%	
Other	1,783	2,542	(759)	(29.9%)	
Total assets	52,567	47,862	4,705	9.8%	
Deferred outflow of resources	564	34	530	1,558.8%	
Total assets and deferred outflows	53,131	47,896	5,235	10.9%

Noncurrent liabilities	13,086	9,477	3,609	38.1%	
Total liabilities	16,452	11,843	4,609	38.9%	
Deferred inflows of resources	4,350	3,540	810	22.9%	
Total liabilities and deferred inflows	20,802	15,383	5,419	35.2%	
Net position:					
Net investment in capital assets	24,314	22,177	2,137	9.6%	
Restricted	8,755	5,441	3,314	60.9%	
Unrestricted	(740)	4,895	(5,635)	(115.1%)	
Total net position	\$32,329	\$32,513	(\$184)	(0.6%)	

The College's total net position at June 30, 2018 decreased approximately \$184 thousand, an decrease of approximately 0.6%.

In fiscal year 2018, the College's total assets and deferred outflows increased by \$5,235 thousand. Cash and cash equivalents increased by \$255 thousand, deposits increased by \$1 thousand, short-term investments increased \$7,600 thousand due to receipt of debt certificate proceeds and reclassifying funds from a Foundation receivable to a Foundation investment, property tax receivables increased by \$100 thousand, Government claims and grants decreased by \$1,904 thousand due to 99% of all state funding received in 2018, other receivables decreasing by \$2,191 due to mostly to the Foundation receivable reclass, prepaid expenses decreased by \$221 thousand, capital assets increased by \$1,064 thousand and deferred outflows increased by \$530 thousand due mostly to the recording of a OPEB liability of \$516 thousand.

Financial Analysis of the College as a Whole (continued)

Total liabilities and deferred inflows increased \$5,419 thousand. Current liabilities increased \$1,000 thousand due mostly due current bond payable increasing by \$995 thousand. Non-current liabilities increased \$3,609 thousand due to long term debt payable increasing by \$3,075 thousand and OPEB liabilities increased by \$591 thousand. Deferred inflow of resources increased by \$810 thousand due to deferred property taxes increasing by \$130 thousand and deferred OPEB liability of \$680 thousand.

In fiscal year 2018, the College's total net position decreased \$184 thousand. Restricted net position increased \$3,314 thousand primarily due to an increase in Operation & Maintenance Restricted from the proceeds of a debt certificate issuance. Unrestricted net position decreased by \$5,635 thousand.

Revenues and expenses for the years ended June 30, 2018 and 2017 are as follows:

		As Restated	Increase	Percent
	2018	2017	(Decrease)	Change
Revenues:				
Tuition and fees	\$2,772	\$2,596	\$176	6.8%

Loss on disposal of fixed assets	0	3	(3)	(100.0%)
Interest	56	60	(4)	(6.7%)
Total expenses	22,361	29,462	(7,101)	(24.1%)
Change in net position	(184)	(6,792)	6,608	(97.3%
Net position, beginning of year,	32,513	39,305	(6,792)	(17.3%)
Net position, end of year	\$32,329	\$32,513	(\$184)	(0.6%)

Financial Analysis of the College as a Whole (continued)

At June 30, 2018, net position decreased \$184 thousand. Compared to fiscal year 2017, revenues decreased \$493 thousand and expenses decreased \$7,101 thousand.

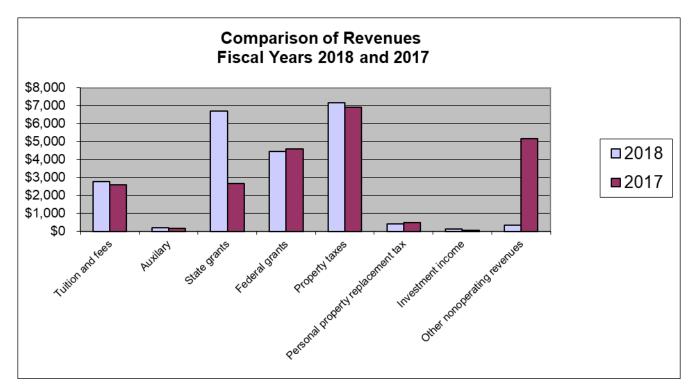

Operating revenue increased by \$213 thousand from fiscal year 2017. Non-operating state revenue increased by \$4,034 thousand due to the state passing a budget for FY18 and reclassifying SURS on behalf payment to state revenue rather than other revenue. Non-operating federal revenue decreased from fiscal 2017 by \$136 thousand. This decrease is primarily due to Pell Grants being down \$65 thousand College Workstudy/SEOG being down \$64 thousand and other Federal grants being down slightly. Local property tax increased due to a slight increase in the districts EAV in the 2017 tax year.

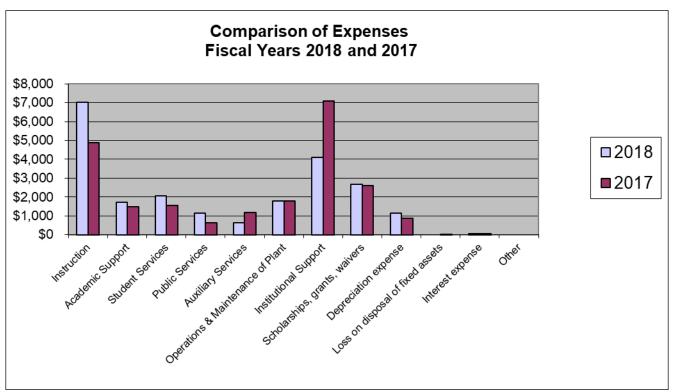

Expenses decreased \$7,101 thousand. This is due primarily to the recording of the initial OPEB liability in 2017of \$7,311 thousand.

Management Discussion and Analysis

Financial Analysis of the College as a Whole (continued)

The following graphs depict revenues and expense for the years ended June 30, 2018 and 2017:

Capital Assets

At June 30, 2018, the College had approximately \$41,127 thousand invested in land, buildings, land improvements, and equipment. In addition, approximately \$16,353 thousand in depreciation has accumulated over the years, with approximately \$1,121 thousand being incurred in the current year. The College's net book value of capital assets at June 30, 2018 is approximately \$26,314 thousand.

Total additions for the year were approximately \$2,217 thousand. Most of the additions during the year were financed through funding bond proceeds.

See Note 3 to the financial statements for additional information regarding capital assets.

Long-Term Debt Activity

At June 30, 2018, the College had approximately \$2,000 thousand in general long-term debt for Series 2014 bonds, which were issued during December 2014 to defease the Series 2014 Debt Certificates. The College issued new Debt Certificates, Series 2018 for \$5,025,000. Funding bonds were issued in September to defease the Series 2018 Debt Certificates which are set to close in October 2018.

The College's most recent Standard & Poor's bond rating (2018) was "AA-". State statutes limit the amount of debt that a school district may issue. The current debt limit for the College is approximately \$42.2 million under that statutory limit.

See Note 4 to the financial statements for additional information relating to the College's long-term debt activity.

Factors Impacting the College's Future

For fiscal year 2019, the College is budgeting that paid enrollment will be down 5%. Property tax revenue will increase approximately 1% consistent with past year increases. The College is planning on the State of Illinois funding close to flat compared to FY18 funding.

In fiscal year 2019, the College plans on finishing the upgrade of the boiler project as well as replace 8 of the original air handlers. Addition upgrade include security equipment, fire suppression equipment and electrical equipment. Expected costs are to be about \$3.5 million with financing coming from funding bond proceeds, Protection Health and Safety tax levies and state capital project funds.

Requests for Information

Note 1 Summary of Significant Accounting Policies

Nature of entity

Sauk Valley Community College District 506 (the "College") is organized in accordance with Chapter 110 of the Illinois Compiled Statutes. The Board of Trustees (the "Board") has the governing responsibilities over all activities related to public post and secondary school education within the jurisdiction of the College. The College receives funding from local, state and federal sources and must comply with the requirements established by these funding source entities. Board members are elected by the public and have decision-making authority, the power to designate management and the responsibility to significantly influence operations and primary accountability for fiscal matters.

The accounting policies of the College conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements.

Financial report entity

Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government, (2) organizations of which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Sauk Valley College Foundation (the Foundation) has a significant relationship with the College and is therefore included as a discretely presented component unit of the College. The Foundation is reported in a separate column in the basic financial statements to emphasize it is legally separate from the College.

The Foundation is a legally separate, tax-exempt component unit of the College. The Foundation acts primarily as a fundraising organization to supplement the resources that are available to the College in support of its programs. The Board of the Foundation is self-perpetuating. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

The Foundation is a private not-for-profit organization that reports its financial results under Financial Accounting Standard Board (FASB) Statements. Most significant accounting policies to the Foundation's operations and reporting model are described by FASB's issued guidance. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences; however, significant note disclosures (see Note 10) to the Foundation's financial statements have been incorporated into the College's notes to the financial statements.

Financial statements for the Foundation can be obtained at 173 Illinois Route 2, Dixon, Illinois 61021.

Note 1 Summary of Significant Accounting Policies (continued)

Measurement focus, basis of accounting, and financial statement presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-fund transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes, state appropriations and federal, state and local grants. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grant and state appropriations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal period when the uses are first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

The following is a summary of the more significant policies:

New Accounting Pronouncement

Management adopted new accounting guidance GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.* GASB No. 75 replaces the requirements of GASB Statement No. 45 on Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions. See Note 13 for the restatement of beginning net position.

Cash and cash equivalents

Cash includes deposits held at banks plus small amounts maintained for a change fund. Cash equivalents are defined as short-term highly liquid investments readily converted to cash with original maturities of three months or less. The College has deposits with financial institutions, which at times exceed the federally insured limits. Management does not believe this represents any significant risk to the College.

Investments

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair value is based on quoted market prices for the same or similar investments.

Receivables

All property tax, student tuition and governmental claims and grant receivables are expected to be received within one year. Governmental claims and grants are from state funding agencies. The College has a reserve of \$72,000 for uncollectible student tuition and fees. The College wrote off approximately \$37,000 of tuition and fees during the year ended June 30, 2018.

Note 1 <u>Summary of Significant Accounting Policies (continued)</u>

Property taxes

The College's property tax is levied each year on all taxable real property located in the College district. Property taxes are recorded on an accrual basis of accounting. Pursuant to the Board's resolution, the property tax levy passed in November 2016 and 2017 were allocated fifty percent for each of the two years after the levy year.

Property taxes are collected by the County Collector and are submitted to the County Treasurer, who remits to the taxing bodies their respective share of collections. Taxes levied in one year become due and payable in two installments during the following year, generally on June 1st and September 1st. Taxes must be levied by the last Tuesday in December for the following collection year. The levy becomes an enforceable lien against the property as of January 1 of the levy year.

Inventories

Inventories consist of supplies held in the storeroom for internal use. Inventories are recorded at the lower of cost or market, on a first-in, first-out basis. The cost is recorded as an expense at the time individual inventory items are utilized or sold.

Capital assets

Capital assets include land, land improvements, buildings and equipment. The College defines capital assets as assets with an initial individual cost of more than \$2,500, and a useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Gains and losses realized upon retirement or disposition of capital assets are recognized in Statement of Revenues, Expenses, and Changes in Net Position/Net Assets as incurred. Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Land improvements	50 years
Buildings	50 years
Equipment	3-7 years

Unearned tuition and fee revenue

Tuition and fee revenues received and related to the period after June 30 are reported as unearned.

Long-term debt

Long-term debt and other long-term obligations are reported as liabilities in the statement of net position/net assets. Bond premiums and discounts are deferred and amortized over the life of the bonds and are recorded in other assets or liabilities.

Note 1 <u>Summary of Significant Accounting Policies (continued)</u>

Compensated absences

Compensated absences are those absences for which employees will be paid, such as vacation leave. Liabilities for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the College and its employees, are accrued as employees earn the rights to the benefits. Compensated absences that relate to future services or that are contingent on a specific event that is outside the control of the College and its employees are accounted for in the period in which such services are rendered or in which such events take place. Support staff, professional staff, and administrators earn from 1 to 2 days of vacation per month of employment. All vacation earned must be taken within 18 months of the close of the fiscal year during which the vacation time has been earned. Sick leave accrues at the rate of .92 days per month. An employee will not be paid for unused sick leave when termination or resignation from the College occurs.

Other Post-Employment ("OPEB") Obligations

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and to OPEB expense, information about the plan net position of the College Insurance Plan ("CIP") and additions to/deductions from CIP's plan net position has been determined on the same basis as they are reported by CIP. For this purpose, OPEB payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investment are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a OPEB plan that is used to provide OPEB to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to OPEB or (2) the non-employer is the only entity with a legal obligation to make contributions directly to an OPEB plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

Deferred inflows and outflows of resources

In addition to assets and liabilities, the statement of net position will sometimes report separate sections, deferred inflows and outflows of resources, which represent acquisitions or losses of net position that applies to future periods and so will not be recognized as an inflow (revenue) or outflow (expense) of resources until that time.

Classification of revenues and expenses

Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees and sales and service fees. Revenue from exchange transactions is recognized when earned. Student tuition and fees are recorded on the statement of revenues, expenses, and changes in net position, net of scholarship allowance and student aid. Nonoperating revenues include activities that have the characteristics of non-exchange transactions, such as local property taxes, state appropriations, most federal, state and local grants and interest. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition reported as nonoperating expenses.

Note 1 Summary of Significant Accounting Policies (continued)

Federal financial assistance programs

The College participates in federally funded Pell Grants, SEOG Grants, Federal Work-Study, and Federal Direct Loan programs. Federal programs are audited in accordance with the Single Audit Act of 1984 and the Single Audit Act Amendments of 1996, the U.S. Office of Management and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Uniform Guidance Compliance Supplement.

On-behalf payments for fringe benefits and salaries

Contributions made by the State of Illinois relating to the State Universities Retirement Systems and College Insurance Plan on behalf of the College's employees are recognized by the College as revenues and expenses. In fiscal years 2018 and 2017, the state made contributions of \$4,602,095 and \$4,859,900, respectively (Note 5 and 6).

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the plan net position of the State Universities Retirement System ("SURS") and additions to/deductions from SURS' plan net position has been determined on the same basis as they are reported by SURS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the purposes of financial reporting, the State of Illinois and participating employers are considered to be under a special funding situation. A special funding situation is defined as a circumstance in which a non-employer entity is legally responsible for making contributions directly to a pension plan that is used to provide pensions to the employees of another entity or entities and either (1) the amount of the contributions for which the non-employer entity is legally responsible is not dependent upon one or more events unrelated to pensions or (2) the non-employer is the only entity with a legal obligation to make contributions directly to a pension plan. The State of Illinois is considered a non-employer contributing entity. Participating employers are considered employer contributing entities.

Net position

The College's net position is classified as follows:

<u>Net investment in capital assets</u> – This represents the College's total investment in capital assets, net of accumulated depreciation and related debt.

<u>Restricted</u> – This includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both expendable restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, then unrestricted resources when they are needed.

<u>Unrestricted</u> – This includes resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

Note 1 Summary of Significant Accounting Policies (continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in fund equity during the reporting period. Material estimates that are particularly susceptible to significant change in the near term relate to depreciation on capital assets, allowance for doubtful accounts, and the fair value of investments. Actual results could differ from those estimates.

Note 2 Cash and Investments

The College's cash and deposits throughout the year and at year-end consisted of demand deposit accounts and certificates of deposit. The College classifies these accounts between cash and deposits on the combined balance sheet according to liquidity and intended use.

Cash and deposits as of June 30, 2018 consist of the following:

	Carrying Amount
Cash on hand	\$1,200
Deposits with financial institutions	5,435,276
Total	\$5,436,476

The College is allowed to invest in securities as authorized by the Illinois Public Community College Act and the Illinois Investment of Public Funds Act.

Interest rate risk – investments – Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The College's investment policy limits investment maturities to remain sufficiently liquid to meet all operating requirements as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk – investments – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The College's investment policy minimizes credit risk by limiting investments to those which are rated with the 3 highest classifications established by Moody's or Standard and Poor's.

Note 2 Cash and Investments (continued)

As of June 30, 2018, the College had the following investments with stated maturities at fair value:

	Investment Maturities (In Years)				rs)
	Fair	Less		0.40	More
	Value	Than 1	1-5	6-10	Than 10
Money market	\$6,395,647	\$6,395,647	\$0	\$0	\$0
Local government investment pool	2,805,007	2,805,007	0	0	0
Certificate of deposit	3,434,702	2,217,503	1,217,199	0	0
U.S. Government agency securities	565,540	0	0	0	565,540
Pooled Foundation investment	1,940,057	1,940,057	0	0	0
Total	\$15,140,953	\$13,358,214	\$1,217,199	\$0	\$565,540

As of June 30, 2018, the College had the following investments with stated ratings at fair value:

		Investme	nt Ratings by	Standard	& Poor's
	Total	AAA	AA	Α	Unrated
Money market	\$6,395,647	\$5,835,914	\$0	\$0	\$559,733
Local government investment pool	2,805,007	2,805,007	0	0	0
Certificate of deposit	3,434,702	0	0	0	3,434,702
U.S. Government agency securities	565,540	0	565,540	0	0
Pooled Foundation investment	1,940,057	0	0	0	1,940,057
Total	\$15,140,953	\$8,640,921	\$565,540	\$0	\$5,934,492

Custodial credit risk – *deposits* – Custodial credit risk for deposits is the risk that in the event of a financial institution's failure, the College's deposits may not be returned to it. The College's policies require deposits in excess of the federally insured amounts be collateralized at the rate of 110% of such deposits. As of June 30, 2018, the bank balances of the College's deposits were \$5,638,356. The College had pledged securities of \$3,870,813, FDIC coverage of \$1,750,000, and under collateralized deposits of \$17,543.

Custodial credit risk – investments – Custodial credit risk for investments is the risk that, in the event of a financial institution failure, the College will not be able to recover the value of its investments that are in the possession of an outside party. The College's investment policy requires that all securities be held in appropriate third-party safekeeping. Safekeeping is to be documented by and approved written agreement. At June 30, 2018, none of the College's investment securities are subject to custodial credit risk.

Concentration Risk. Concentration risk is the risk associated with having more than 5 percent of investments in any issuer, other than the U.S. Government. The College has no investments that represent 5 percent or more of the total investments.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The College does not have a foreign currency risk policy. The College does not have any investments with foreign currency risk exposure.

Note 3 <u>Capital Assets</u>

A summary of the changes in capital assets for the College for the year ended June 30, 2018, is as follows:

onows.	Balance				Balance
	June 30, 2017	Additions	Deletions	Transfers	June 30, 2018
Nondepreciable assets:					
Land	\$162,651	\$0	\$0	\$0	\$162,651
Construction in progress	785,865	1,377,617	0	(785,865)	1,377,617
	948,516	1,377,617	0	(785,865)	1,540,268

Capital assets, net	\$25,249,959	\$1,063,706	\$0	\$0	\$26,313,665

Note 4 Long-Term Debt

The College issued general obligation bonds dated December 23, 2014 in the amount of \$3,885,000. The issue provides for serial retirement of principal on February 1 of each year starting in 2017 through 2020 with interest due February 1 and August 1, with an interest rate of 3%.

The College issued Series 2018A general obligation debt certificates dated June 26, 2018 in the amount of \$2,500,000. The College also issued Series 2018B general obligation debt certificates dated June 26, 2018 in the amount of \$2,525,000. The Series 2018A issue provided for serial retirement of principal on June 1 of each year starting in 2019 through 2021 with interest due June 1 and December 1, with an interest rate of 2.8%. The Series 2018B issue provided for serial retirement of principal on June 1 of each year starting in 2021 through 2023 with interest due June 1 and December 1, with an interest rate of 5%.

The following is a summary of the long-term debt activity for the year ended June 30, 2018:

	Balance June 30, 2017	Additions	Payments	Balance June 30, 2018	Due Within One Year
Long-term debt:					
General obligation bonds	\$2,955,000	\$0	\$955,000	\$2,000,000	\$985,000
Bond premiums (discounts)	117,920	0	45,180	72,740	45,180
Debt certificates	0	5,025,000	0	5,025,000	965,000
Compensated absences	278,321	210,607	245,156	243,772	162,515
Totals	\$3,351,241	\$5,235,607	\$1,245,336	\$7,341,512	\$2,157,695

Note 4 Long-Term Debt (continued)

Total debt maturities

Details on the debt as of June 30, 2018 are as follows:

 The College issued general obligation bonds dated December 23, 2014 in the amount of \$3,885,000. The issue provides for serial retirement of principal on February 1 of each year starting in 2017 through 2020 with interest due February 1 and August 1, with an interest rate of 3%. 100% of the bond proceeds were used for the purchase of capital assets. The annual debt service requirements on these bonds are due as follows:

Series 2014 General Obligation Bond Fiscal year ending June 30,	Principal	Interest	Total
2019	\$985,000	\$60,000	\$1,045,000
2020	1,015,000	30,450	1,045,450
Totals	\$2,000,000	\$90,450	\$2,090,450

2. The College issued Series 2018A general obligation debt certificates dated June 26, 2018 in the amount of \$2,500,000. The College also issued Series 2018B general obligation debt certificates dated June 26, 2018 in the amount of \$2,525,000. The Series 2018A issue provided for serial retirement of principal on June 1 of each year starting in 2019 through 2021 with interest due June 1 and December 1, with an interest rate of 2.8%. The Series 2018B issue provided for serial retirement of principal on June 1 of each year starting in 2021 through 2023 with interest due June 1 and December 1, with an interest rate of 5%.100% of the bond proceeds will be used for the purchase of capital assets. However, as of June 30, 2018, 0% had been used. The annual debt service requirements on these bonds are due as follows:

Series 2018A General Obligation Debt Certificate Fiscal year ending June 30,	Principal	Interest	Total
0040	#005 000	\$50.040	#4 004 040
2019	\$965,000	\$59,813	\$1,024,813
2020	970,000	42,980	1,012,980
2021	565,000	15,820	580,820
	\$2,500,000	\$118,613	\$2,618,613

Note 4 Long-Term Debt (continued)

The annual requirements to amortize all debt outstanding as of June 30, 2018, including interest, are as follows:

Year Ending June 30,	General Obligation Bonds	General Obligation Debt Certificates	Compensated Absences	Total Principal	Interest	Total Principal And Interest
2019	\$985.000	\$965,000	\$162,515	\$2,112,515	\$215,363	\$2,327,878
2020	1,015,000	970,000	81,257	2,066,257	199,680	2,265,937
2021	0	1,000,000	0	1,000,000	142,070	1,142,070
2022	0	1,030,000	0	1,030,000	104,500	1,134,500
2023	0	1,060,000	0	1,060,000	53,000	1,113,000
Total	\$2,000,000	\$5,025,000	\$243,772	\$7,268,772	\$714,613	\$7,983,385

The following is a schedule of the legal debt margin of the College as of June 30, 2018:

Assessed valuation – 2017 levy	\$1,712,598,380
Debt limit – 2.875% of assessed valuation	49,237,203
Less indebtedness	(7,025,000)
Legal debt margin, June 30, 2018	\$42,212,203

Note 5 Defined Benefit Pension Plans

General Information about the Pension Plan

Plan Description. The College contributes to the State Universities Retirement System of Illinois, a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State of Illinois (the State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided. A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed 6 months after their date of hire to make an irrevocable election. A summary of the benefit provisions as of June 30, 2017 can be found in the System's comprehensive annual financial report (CAFR) Notes to the Financial Statements.

General Information about the Pension Plan (continued)

Contributions. The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2017 and 2018 respectively, was 12.53% and 12.46% of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15-139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants) and Section 15-155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period).

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net Pension Liability.

The net pension liability (NPL) was measured as of June 30, 2017. At June 30, 2017, SURS reported a net pension liability (NPL) of \$25,481,105,995.

Employer Proportionate Share of Net Pension Liability.

The amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the State's net pension liability associated with the College is \$48,210,253 or 0.1892%. This amount should not be recognized in the financial statement. The net pension liability and total pension liability as of June 30, 2017 was determined based on the June 30, 2016 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable contributions made to SURS during fiscal year 2017.

Pension Expense.

At June 30, 2017 SURS reported a collective net pension expense of \$2,412,918,129.

Employer Proportionate Share of Pension Expense.

The employer proportionate share of collective pension expense should be recognized similarly to onbehalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2017. As a result, the College recognized on-behalf revenue and pension expense of \$4,565,241 for the fiscal year ended June 30, 2018.

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. Deferred outflows of resources are the consumption of net position by the system that is applicable to future reporting periods.

2019	187,874,276
2020	90,475,551
2021	(155,949,656)
2022	Ó
Thereafter	0
Total	\$177,990,021

Employer Deferral of Fiscal Year 2018 Pension Expense

The College paid \$48,230 in federal, trust or grant contributions for the fiscal year ended June 30, 2018. These contributions were made subsequent to the pension liability date of June 30, 2017 and are recognized as Deferred Outflows of Resources as of June 30, 2018.

Assumptions and Other Inputs

Actuarial assumptions. The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period June 30, 2010 – 2014. The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Salary increases	3.75 to 15.00 percent, including inflation
Investment rate of return	7.25 percent beginning with the actuarial valuation as of June
	30, 2014

Mortality rates were based on the RP2014 Combined Mortality Table, projected with generational mortality and a separate mortality assumption for disabled participants.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2017, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	23%	6.08%
Private Equity	6%	8.73%
Non-U.S. Equity	19%	7.34%
Global Equity	8%	6.85%
Fixed Income	19%	1.38%
Treasury-Inflation Protected Securities	4%	1.17%
Emerging Market Debt	3%	4.14%
Real Estate REITS	4%	5.75%
Direct Real Estate	6%	4.62%
Commodities	2%	4.23%
Hedged Strategies	5%	3.95%
Opportunity Fund	<u>1%</u>	<u>6.71%</u>
Total	100%	5.20%
Inflation		<u>2.75%</u>
Expected Arithmetic Return		7.95%

Discount Rate. A single discount rate of 7.09% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 7.25% and a municipal bond rate of 3.56% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the System's funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2073. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2073, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate. Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 7.09%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1- percentage-point higher:

	Current Single Discount				
1% Decrease	Rate Assumption	1% Increase			
6.09%	7.09%	8.09%			
\$30,885,146,279	\$25,481,105,995	\$20,997,457,586			

Additional information regarding the SURS basic financial statements including the Plan Net Position can be found in the SURS comprehensive annual financial report by accessing the website at <u>www.SURS.org</u>.

Note 6 Other Post-Employment Benefits

Plan Administration. The Community College Health Insurance Security Fund (CCHISF) (also known as The College Insurance Program, "CIP") is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. The CIP was established under the State Employees Group Insurance Act of 1971, as amended, 5 ILCS 375/6.9 (f), which became effective July 1, 1999. The purpose of the CCHISF is to receive and record all revenues from the administration of health benefit programs under Article 15 of the Illinois Pension Code. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. CIP is a cost-sharing multiple-employer defined benefit post-employment healthcare plan with a special funding situation that covers retired employees and their dependents of Illinois community college districts throughout the State of Illinois, excluding the City Colleges of Chicago. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to CIP were transferred to the Department of Central Management Services (Department) as of July 1, 2013. The Department administers the plan with the cooperation of the State Universities Retirement System and the boards of trustees of the various community college districts.

Note 6 Other Post-Employment Benefits (continued)

Benefit Provisions. A summary of post-employment benefit provisions, changes in benefit provisions, employee eligibility requirements including eligibility for vesting, and the authority under which benefit provisions are established are included as an integral part of the financial statements of the Department of Central Management Services. A copy of the financial statements of the Department may be obtained by writing to the Department of Central Management Services, 401 South Spring Street, Springfield, Illinois, 62706-4100.

Benefits Provided. CIP health coverage includes provisions for medical, prescription drugs, vision, dental and behavioral health benefits. Eligibility to participate in the CIP is defined in the State Employees Group Insurance Act of 1971 (ACT) (5 ILCS 375/3). The Act (5 ILCS 375/6.9) also establishes health benefits for community college benefit recipients and dependent beneficiaries.

Contributions. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.10) requires every active contributor of the State Universities Retirement System (SURS), who is a full-time employee of a community college district or an association of community college boards, to make contributions to the plan at the rate of 0.5% of the salary. The same section of statute requires every community college district or association of community college boards that is an employer under the SURS, to contribute to the plan an amount equal to 0.5% of the salary paid to its full-time employees who participate in the plan. The State Pension Funds Continuing Appropriate Act (40 ILCS 15/1.4) requires the State to make an annual appropriation to the fund in an amount certified by the SURS Board of Trustees. The State Employees Group Insurance Act of 1071 (5 ILCS 375/6.9) requires the Director of the Department to determine the rates and premiums for annuitants and dependent beneficiaries and establish the cost-sharing parameter, as well as funding. At the option of the board of trustees, the college districts may pay all or part of the balance of the cost of coverage for retirees from their district. Administrative costs are paid by the CCHISF.

For the year ended June 30, 2017, member required contributions ranged from \$110.45 to \$111.19 per month per retiree, and from \$441.79 to \$444.76, per month per dependent beneficiary (assuming Medicare eligibility). Non-Medicare eligible members' required contributions ranged from \$109.33 to \$431.11 per retiree and from \$437.31 to \$1,724.44 per dependent family members. Active employees contributed \$4.367 million, or approximately 33.48% of total premiums, representing 0.5% of their salaries, and participating college districts contributed \$4.367 million, or 33.48% of total premiums, representing 0.5% of their salaries, and participating college districts contributed \$4.367 million, or 33.48% of total premiums, representing their required 0.5% contribution. The State contributed \$4.309 million, or approximately 33.04% of total premiums, representing their required contribution of 0.5% of estimated active employee salaries. The fund received \$185 thousand in Medicare Part D subsidy payments from the federal government. Retiree contributions are netted with related liability.

OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Net OPEB Liability. The net OPEB liability was measured as of June 30, 2017. At June 30, 2017, CIP reported a net OPEB liability of \$1,823,636,957.

Note 6 Other Post-Employment Benefits (continued)

OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (continued)

Employer Proportionate Share of Net OPEB Liability. The amount of the proportionate share of the net OPEB liability to be recognized for the College is \$7,902,056 or 0.4333%. This amount is recognized in the financial statement. The change in the College's proportionate net OPEB liability was an increase of 0.0316%. The proportionate share of the State's net OPEB liability associated with the College is \$7,797,981. The total proportionate share of the net OPEB liability associated with the College is \$15,700,037. The net OPEB liability and total OPEB liability as of June 30, 2018 was determined based on the June 30, 2017 actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net OPEB liability is the actual reported OPEB contributions made to CIP during fiscal year 2017.

OPEB Expense. At June 30, 2017, CIP reported a collective net OPEB expense of \$169,446,479.

Employer Proportionate Share of OPEB Expense. The employer proportionate share of collective OPEB expense should be recognized similarly to on-behalf payments as both revenue and matching expenditure in the financial statements. The basis of allocation used in the proportionate share of collective OPEB expense is the actual reported OPEB contributions made to CIP during fiscal year 2017. As a result, the College recognized on-behalf revenue of \$36,854 and OPEB expense of \$755,581 for the fiscal year ended June 30, 2018.

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. Deferred outflows of resources are the consumption of net position by the system that is applicable to future reporting periods.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$0	\$22,364
Changes in assumption	0	658,235
Net difference between projected and actual earnings on OPEB plan investments Changes in proportion and differences between employer	0	83
contributions and share of contributions	478,965	0
Total deferred amounts to be recognized in pension expense in future periods	478,965	680,682
OPEB contributions made subsequent to the measurement date	36,854	0
Total	\$515,819	\$680,682

The College's Deferred Outflows and Deferred Inflows of Resources by Sources:

Other Post-Employment Benefits (continued) Note 6

OPEB Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of **Resources Related to OPEB (continued)**

OPEB Collective Deferred Outflows and Deferred Inflows of Resources by Year to be Recognized in Future OPEB Expenses

Year ended June 30:	Net Deferred Inflows of Resources
2019	(\$33,620)
2020	(33,620)
2021	(33,620)
2022	(33,620)
2023	(33,620)
2024	(33,617)
Total	(\$201,717)

Employer Deferral of Fiscal Year 2018 OPEB Expense

The College paid \$36,854 CIP contributions for the fiscal year ended June 30, 2018. These contributions were made subsequent to the OPEB liability date of June 30, 2017 and are recognized as Deferred Outflows of Resources as of June 30, 2018.

Assumptions and Other Inputs

Actuarial assumptions. The total OPEB liability was determined by an actuarial valuation as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified.

Inflation	2.75%
Salary increases	Depends on service and ranges from 10.00% at less than 1 year of service to 3.75% at 34 or more years of service. Salary increase includes a 3.75% wage inflation assumption.
Investment rate of return	0%, net of OPEB plan investment expense, including inflation

Note 6 Other Post-Employment Benefits (continued)

Assumptions and Other Inputs (continued)

Healthcare cost trend rates

Actual trend used for fiscal year 2017. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decreases to an ultimate trend of 4.5%. Additional trend rate of 0.52% is added to non-Medicare cost on and after 2020 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table. For disabled annuitants mortality rates were based on the RP-2014 Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 Whited Collar Table. Tables were adjusted for SURS experience. All tables reflect future mortality improvements using Projection Scale MP-2014.

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period June 30, 2010 to June 30, 2014.

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since CIP is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 2.85% as of June 30, 2016, and 3.56% as of June 30, 2017. The increase in the single discount rate from 2.85% to 3.56% caused the total OPEB liability to decrease by approximately \$182 million from 2016 to 2017.

The actuarial valuation was based on the Entry Age Normal cost method. Under this method, the normal cost and actuarial accrued liability are directly proportional to the employee's salary. The normal cost rate equals the present value of future benefits at entry age divided by the present value of future salary at entry age. The normal cost at the member's attained ae equals the normal cost rate at entry age multiplied by the salary at attained age. The actuarial accrued liability equals the present value of future salaries at attained age less present value of future salaries at attained age multiplied by normal cost rate at entry age.

During the plan year ending June 30, 2017, the trust earned \$24,000 in interest and due to a significant benefit payable, the market value of assets at June 30, 2017, is a negative \$51 million. Given the significant benefit payable, negative asset value and pay-as-you-go funding policy, the long-term expected rate of return assumption was set to zero.

Note 6 Other Post-Employment Benefits (continued)

Sensitivity of Net OPEB Liability to Changes in the Single Discount Rate

The following presents the plan's net OPEB liability, calculated using a Single Discount Rate of 3.56%, as well as what the plan's net OPEB liability would be if it were calculated using a Single Discount rate that is one percentage point higher (4.56%) or lower (2.56%) than the current rate:

Sensitivity of Net OPEB Liability as of June 30, 2017 to the Single Discount Rate Assumption				
		Current Single Discount		
1% Decrease Rate Assumption 1% Increas (2.56%) (3.56%) (4.56%)				
Net OPEB liability	\$2,085,622,937	\$1,823,636,960	\$1,597,770,691	

Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the plan's net OPEB liability, calculated using the healthcare cost trend rates of well as what the plan's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point higher or lower, than the current healthcare cost trend rates. The key trend rates are 8.00% in 2018 decreasing to an ultimate trend rate of 5.02% in 2025, for non-Medicare coverage, and 9.00% in 2018 decreasing to an ultimate trend rate of 4.5% in 2027 for Medicare coverage.

Sensitivity of Net OPEB Liability as of June 30, 2017 to the Healthcare Cost Trend Rate Assumption

	Healthcare Cost Trend			
	1% Decrease (a)	Rates Assumption	1% Increase (b)	
Net OPEB liability	\$1,512,891,678	\$1,823,636,960	\$2,273,321,981	

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2018 decreasing to an ultimate trend rate of 4.02% in 2025, for non-Medicare coverage, and 8.00% in 2018 decreasing to an ultimate trend rate of 3.50% in 2027 for Medicare coverage.
- (b) One percentage point increase in healthcare trend rates are 9.00% in 2018 decreasing to an ultimate trend rate of 6.02% in 2025, for non-Medicare coverage, and 10.00% in 2018 decreasing to an ultimate trend rate of 5.50% in 2027 for Medicare coverage.

Note 7 Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy, as described under current accounting standards, are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or inputs other than quoted prices that are observable for the asset or liability.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table presents the College's approximate fair value hierarchy for the assets measured at fair value on a recurring basis as of June 30, 2018:

		Fair Value Measurements at Reporting Date Using		
	Total	(Level 1)	(Level 2)	(Level 3)
Assets measured at fair value on a recurring basis:				
Certificates of deposit	\$3,434,802	\$0	\$3,434,702	\$0
U.S. Government agency securities	565,540	0	565,540	0
Pooled Foundation investment	1,940,057	0	0	1,970,047
Total investments	\$5,940,299	\$0	\$4,000,242	\$1,940,057

Reconciliation of assets measured using Level 3 inputs as of June 30, 2018:

Balance, beginning of year Gains (Losses)	\$1,940,057 133.567
Distributions and fees	(133,567)
Balance, end of year	\$1,940,057

Note 7 Fair Value Measurements (continued)

The following methods and assumptions were used to estimate the fair value for the level 3 financial instrument measured at fair value.

Pooled Foundation Investment: On August 31, 2014, the College transferred approximately \$1.9 million to the Foundation to manage on behalf of the College pursuant to an agreement dated November 25, 2014. The College has entered into a "Gift Transfer and Management Agreement" with the Foundation to manage, invest, and otherwise hold all gifts for the benefit of the College. The corpus of the gifts shall be invested and held in a manner so that the corpus of the gifts are identifiable and distinguishable from the Foundation's other holdings. The Foundation may use the investment income generated from the gifts for any purpose consistent with the Foundation articles of incorporation and by-laws.

Note 8 Risk Management

The College is exposed to various risks of loss related to torts, property damage and general business risks. To cover such risks, the College participates in the Illinois Community College Risk Management Consortium (Consortium), which was established in 1981 by several Chicago area community colleges as a means of reducing the cost of general liability insurance. The Consortium is a public entity risk pool currently operating as a common risk management and insurance program for the member colleges. The main purpose of the Consortium is to jointly self-insure certain risks up to an agreed upon retention limit and to obtain excess catastrophic coverage and aggregate stop-loss reinsurance over the selected retention limit. No settlement has exceeded coverage since establishment of the Consortium. In 1992, the Consortium added statutory worker's compensation coverage. In fiscal year 2018, the College paid approximately \$110,491 to the Consortium for property, liability and worker's compensation protection. Since the Consortium requests initial payments to cover substantially any losses to be incurred for that policy year, the College anticipates no further liabilities for incurred losses.

During the year ended June 30, 1993, the College adopted a partial self-insurance health plan which is accounted for in the Auxiliary Fund. The College is responsible for the first \$80,000 of covered medical expenses for each insured employee and covered family member and there is an unlimited maximum benefit per individual per life time. The College has accrued a liability of \$3,215, \$178,823, and \$63,745 as of June 30, 2018, 2017, and 2016, respectively, for claims incurred and reported as well as an estimate of claims incurred but not reported. As of July 1, 2017, the College switched to a fully insured health coverage plan. Liabilities remaining are for expenses incurred before July 1, 2017.

	2018	2017	2016
Balance, July 1	\$178,823	\$63.745	\$115,453
Claims incurred	124,889	3,191,665	1,895,764
Claims paid	(300,497)	(3,076,587)	(1,947,472)
Balance, June 30	\$3,215	\$178,823	\$63,745

Note 9 Impact of Pending Accounting Pronouncements

GASB Statement No. 83, *Certain Asset Retirement Obligations* establishes criteria for determining the timing and pattern recognition of a liability and a corresponding deferred outflow of resources for asset retirement obligations and requires the current value of a government's asset retirement obligations to be adjusted for the effects of general inflation or deflation at least annually. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The College has not determined the effect of this Statement.

GASB Statement No. 84, *Fiduciary Activities* establishes criteria for identifying fiduciary activities of all state and local governments. This statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The College has not determined the effect of this Statement.

GASB Statement No. 87, Leases, improves accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The College has not determined the effect of this Statement.

GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, clarifies which liabilities governments should include when disclosing information related to debt. This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The College has not determined the effect of this Statement.

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The College has not determined the effect of this Statement.

GASB Statement No. 90, Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61 improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The College has not determined the effect of this Statement.

Note 10 <u>Component Unit</u>

The following are the significant accounting policies and footnotes related to the component unit which do not conflict with the College.

Summary of Significant Accounting Policies

Nature of Business

Sauk Valley College Foundation (the Foundation) was formed under the General Not-For-Profit Foundation Act of the State of Illinois on November 4, 1965. The Foundation has been approved by the Commissioner of Internal Revenue as an exempt organization under Section 501 of the Internal Revenue Code. Contributions to the Foundation qualify as charitable contributions for federal income tax purposes.

The Foundation was established to assist in carrying out the educational functions of Sauk Valley Community College. The Foundation provides funds by campaign or by other means for scholarships and fellowships for students, and endowments for the College for items having educational, artistic, historical, literary, or other cultural value.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis.

Financial Statement Presentation

The financial statements separately identify the net assets of the Foundation according to the legal restrictions placed on the assets by donors as follows:

<u>Unrestricted Net Assets</u> – Includes net assets that are not restricted by donor-imposed stipulations which can be used at the discretion of the Foundation's Board to accomplish the purposes for which the Foundation was founded.

<u>Temporarily Restricted Net Assets</u> – Includes net assets that are temporarily restricted by donor-imposed stipulations that require the Foundation to expend the resources either for a particular purpose or after the expiration of a certain period of time. As donor-imposed stipulations are satisfied, the related net assets are transferred to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

<u>Permanently Restricted Net Assets</u> – Includes net assets that are permanently restricted by the donors and cannot be expended.

Summary of Significant Accounting Policies (continued)

Contributions and Revenues

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Foundation reports the support as unrestricted. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions of assets other than cash are recorded at fair value at the date of the donation.

The Foundation reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. As of June 30, 2018, promises to give were \$502,354.

Income Taxes

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Foundation files Forms 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would ultimately be sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes that it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any.

Tax positions are not offset or aggregated with other positions. Tax positions that meet the "more likely than not" recognition threshold are measured as the largest amount of tax benefit that is more than 50% likely to be realized on settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statements of financial position along with any associated interest and penalties that would be payable to the taxing authorities upon examination.

Summary of Significant Accounting Policies (continued)

Forms 990 filed by the Foundation are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of each return. Forms 990 filed by the Foundation are no longer subject to examination for tax years before June 30, 2015.

Cash and Cash Equivalents

The Foundation considers all liquid investments with an initial maturity of three months or less when purchased to be cash equivalents.

Concentrations of Credit Risk

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash and cash equivalents. The Foundation maintains its general cash accounts in one financial institution located in Dixon, Illinois. Those balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000.

Certificates of Deposit

The Foundation holds non-brokered certificates of deposit which are carried at cost.

Investments and Investment Earnings

Investments consist primarily of assets invested in alternative investments and marketable equity securities. Investments in equity securities with readily determinable fair values are measured at the fair value in the statement of financial position. Alternative investments are measured at the net asset value per share as a practical expedient in the statement of financial position. Investment income or loss is included in the statement of activities as an increase or decrease in unrestricted net assets unless the income or loss is restricted by donor or law.

Donated Services

Donated services are to be recognized in the financial statements. The services must either (a) create or enhance a non-financial asset or (b) be specialized skills, provided by entities or persons possessing those skills that would be purchased if not donated. The Foundation receives donated services generally in the form of contributed time by volunteers. However, these donated services are not reflected in the financial statements since they do not meet the criteria for recognition as contributed services. Donated services funded by the College are recognized in the financial statements and included in supporting services.

Funds Held for Others

As a service to the Sauk Valley Community College, the Foundation permits the College to deposit its own funds with the Foundation for investment. The College established the fund for its own benefit and is classified by the Foundation as a liability. The Foundation maintains variance power and legal ownership of the funds based on the agency and intermediary agreements and as such continues to report the funds as assets of the Foundation.

Summary of Significant Accounting Policies (continued)

<u>Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Foundation has evaluated subsequent events through October 10, 2018 which is the date these financial statements were available to be issued. All subsequent events requiring recognition as of June 30, 2018 have been incorporated herein. There are no other subsequent events that require disclosure.

Accounting Standards Update

On August 18, 2016, the FASB issued ASU 2016-14 (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities ("Update"). The Update reduces the number of net asset classes from three to two, those with donor restrictions and those without, requires all nonprofits to report expenses by nature and function and improves information presented in financial statements and notes that is useful in assessing a not-for-profit's liquidity, financial performance, and cash flows. The amendments in this Update are effective for annual financial statements issued for fiscal years beginning after December 15, 2017, and for interim periods within fiscal years beginning after December 15, 2017. Early application of the amendments in this Update is permitted. The Foundation has not elected to early implement the amendments.

Investments:

Interest, dividends, realized and unrealized gains and losses attributable to investments have been distributed based on each fund's percentage holdings of that investment. All investments are through an investment pool called Commonfund which carries funds at fair market value. The investments at June 30, 2018 consisted of the following:

	Fair Value	Cost	Unrealized Appreciation (Depreciation)
Multi-Strategy Equity Funds	\$3,332,637	\$2,537,026	\$795,611
Multi-Strategy Bond Funds	1,666,544	1,713,622	(47,078)
Publicly traded equities	1,497	0	1,497
	\$5,000,678	\$4,250,648	\$750,030

Investments (continued)

The following schedule summarizes the investment return and its classification in the Statements of Activities for the year ended June 30, 2018:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Interest and dividends	\$51,160	\$50,870	\$197	\$102,227
Unrealized gains (losses)	132,425	154,709	0	287,134
Realized gains (losses)	1,142	2,585	7	3,734
Total	\$184,727	\$208,164	\$204	\$393,095

Endowment Funds:

The Foundation's endowment consists of approximately 50 donor-restricted individual funds established to be maintained permanently with earnings to be used for a variety of purposes.

The Foundation follows the laws prescribed by the Uniform Prudent Management of Institutional Funds Act (UPMIFA). UPMIFA establishes law for the management and investment of donor-restricted endowment funds.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent any explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classified as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted net assets is classified as temporarily restricted net assets until those assets have been appropriated for expenditure by the Foundation in a manner consistent with the standards of prudence prescribed in UPMIFA.

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate earnings on donor-restricted endowment funds:

- 1. The duration and preservation of the fund;
- 2. The purpose of the Foundation and the donor-restricted endowment fund;
- 3. General economic conditions;
- 4. The possible effect of inflation and deflation;
- 5. The expected total return from income and the appreciation of investments;
- 6. Other resources of the Foundation; and
- 7. The investment policies of the Foundation

Endowment Funds (continued

Investment income generated by the Foundation's endowment funds are used to benefit each endowment's intended purpose and accordingly, investment losses are recognized in the Foundation's unrestricted net assets.

The endowment net asset composition by type of fund as of June 30, 2018 is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total Endowment Assets
Donor-restricted endowment funds	\$0	\$684,434	\$2,793,422	\$3,477,856

Changes in endowment net assets as of June 30, 2018 are as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total Endowment Assets
Endowment net assets, beg of year	\$0	\$618,466	\$2,118,357	\$2,736,823
Investment return: Interest income Net appreciation (realized and	0	14,244	197	14,441
unrealized) on investments	0	156,409	7	156,416
Total investment return	0	170,653	204	170,857
Contributions	0	8,137	660,934	669,071
Reclassification per donor agreement	0	0	13,929	13,929
Appropriation of endowment assets for expenditure	0	(112,822)	0	(112,822)
Endowment net assets, end of year	\$0	\$684,434	\$2,793,424	\$3,477,858

Funds with Deficiencies

From time to time, the fair value of the assets associated with individual donor-restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. The Foundation had no individual donor-restricted endowment fund deficiencies at June 30, 2018.

Return Objectives and Risk Parameters

The Foundation has adopted investment policies to maximize total return (appreciation and income) and to achieve a specified income level while minimizing credit risk and avoiding excessive market risk. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a specified period(s), as well as the earnings on those funds which have not yet been appropriated. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to preserve the principal and provide liquidity of amounts over the principal while assuming a moderate level of investment risk.

Endowment Funds (continued

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investments returns are achieved through both capital appreciation (realized and unrealized and current yield (interest and dividends). The Foundation's policy is that its investments should consist of a high-quality portfolio of securities following "the Prudent Man rule." Management believes this strategy will help to achieve the Foundation's long-term return objectives within prudent risk constraints. While this is the long-term strategy, on a short-term basis the Foundation chose to invest in highly liquid, short-term securities.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation's spending policy is that income from donor-restricted funds will be spent on the intended service, program, or purpose, within a reasonable time period.

Temporarily Restricted Net Assets:

Temporarily restricted net assets are available for the following purposes:

Student scholarships, awards and College support \$1,534,099

Permanently Restricted Net Assets:

Permanently restricted net assets are restricted to be held as investments, with a portion of earnings to be added to permanently restricted net assets and a portion of earnings to be used for scholarships and awards to students as well as College support. Earnings which are used for scholarships to students are temporarily restricted until such earnings are used for scholarships to students as specified by the donor, at which time they are reclassified as unrestricted. As of June 30, 2018, permanently restricted net assets totaled \$2,793,424.

Net Assets Released:

The Foundation reports gifts or cash as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when the purpose of the restriction is accomplished, temporarily and permanently restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes during the years ended June 30, 2018 for scholarships, awards and College support totaled \$419,281.

Pledges Receivable:

Unconditional promises are included in the financial statements as pledges receivable and revenue of the appropriate net asset category. The breakdown of pledges receivable as of June 30, 2018 is as follows:

Due in one year or less	\$502,354
-------------------------	-----------

Funds Held for Others:

The Foundation invests, under a fiduciary agreement with the Sauk Valley Community College, in an agent capacity. Transactions in funds held for others are summarized as follows:

Additions:	
Net realized gains (losses)	\$1,142
Net unrealized gains (losses)	132,425
	133,567
Deductions:	
Distributions to Foundation	(133,567)
Change in funds held for others	0
Balance, beginning of year	1,940,057
Balance, end of year	\$1,940,057

Fair Value of Financial Instruments:

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy, as described under current accounting standards, are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair Value of Financial Instruments (continued)

The fair value of investments in investment companies have a value of their capital account or net asset value calculated in accordance with, or in a manner consistent with U.S. generally accepted accounting principles (referred to as NAV). As a practical expedient, the Foundation is permitted under U.S. GAAP to estimate the fair value of an investment at the measurement date using the reported NAV without further adjustment unless the entity expects to sell the investment at a value other than NAV or if the NAV is not calculated in accordance with U.S. GAAP. The Foundation's investments in Commonfund's multi-strategy equity fund and multi-strategy bond fund in the alternative investment portfolio are generally valued based on the most current NAV received, adjusted for cash flows when the reported NAV is not at the measurement date. The Foundation adopted FASB Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, and therefore is not required to assign a level in the hierarchy to investments measured using NAV.

Equity Investments

Investments in equity vehicles are comprised of corporate stocks and daily traded mutual funds. Securities held in corporate stocks and daily traded mutual funds are generally valued based on quoted market prices in active markets obtained from exchange or dealer markets for identical assets, and are accordingly categorized as Level 1, with no valuation adjustments applied.

Alternative Investments

The alternative investment portfolio is made up of investments of shares of funds in Commonfund's multi-strategy equity fund and multi-strategy bond fund. The fund managers invest in a variety of securities based on the strategy of the fund. Some of the shares in those multi-strategy funds are traded in an active market. All alternative investments are valued at NAV and are categorized as Level 3.

The following table presents the Foundation's approximate fair value hierarchy for the assets measured at fair value on a recurring basis as of June 30, 2018:

		Fair Value Measurements at Reporting Date Using						
Assets measured at fair value on a recurring basis:	Total	(Level 1)	(Level 2)	(Level 3)				
Publicly traded equities	\$1,497	\$1,497	\$0	\$0				
Total	\$1,497	\$1,497	\$0	\$0				

Fair Value of Financial Instruments (continued)

At June 30, 2018, the Foundation's investments valued at net asset value were as follows:

	Fair Value	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Multi-strategy equity fund Multi-strategy bond fund	\$3,332,637 1,666,544	Monthly Monthly	5 days 5 days
Total	\$4,999,181		

The Foundation does not have any unfunded commitments related to the above investments as of June 30, 2018.

The table below sets forth a summary of changes in the value of the Foundation's investments measured using NAV:

	Multi-Strategy Equity Fund	Multi-Strategy Bond Fund	Total
Fair Value as of June 30, 2017	\$2,902,670	\$1,637,215	\$4,539,885
Purchases	112,124	74,749	186,873
Fees	(12,646)	(4,913)	(17,559)
Distributions to College	(31,579)	(54,296)	(85,875)
Unrealized gains	362,068	13,789	375,857
Fair Value as of June 30, 2018	\$3,332,637	\$1,666,544	\$4,999,181

Related Parties:

The Foundation is a component unit of Sauk Valley Community College District 506 (College) for financial reporting purposes. The financial balances and activities included in these financial statements are, therefore, also included in the College's financial statements. The College provides office space and support services for the Foundation. The estimated fair value of such in-kind benefits to the Foundation was \$133,176 for the year ended June 30, 2018 and is recognized as both a revenue and expense in the statement of activities. The Foundation paid the College \$230,075 for scholarships during the year ended June 30, 2018.

On April 30, 2010 and 2013, the US Department of Education released the fund restrictions related to the Sauk Valley Community College's Endowment Challenge Grant. On August 31, 2014 the College transferred approximately \$1.9 million to the Foundation to manage on behalf of the College pursuant to an agreement dated November 25, 2014. The Foundation has entered into a "Gift Transfer and Management Agreement" with the College to manage, invest, and otherwise hold all gifts for the benefit of the College. The corpus of the gifts shall be invested and held in a manner so that the corpus of the gifts are identifiable and distinguishable from the Foundation's other holdings. The Foundation may use the investment income generated from the gifts for any purpose consistent with the Foundation articles of incorporation and by-laws. As of June 30, 2018, the Foundation has funds held for others to the College in the amount of \$1,940,057.

Significant Donations:

In November 2017, the Foundation was notified they were bequeathed \$500,000 on behalf of the Gertrude Puels Trust to be used for scholarships for nursing and electrical engineering students. As of June 30, 2018, the \$500,000 has not been received, but was confirmed as a pledge receivable and is expected to be collected in one year or less.

Note 11 Contingencies and Commitments

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the Federal Government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the College expects such amounts, if any, to be immaterial.

Construction Commitments. As of June 30, 2018, the College had two construction projects with commitments.

In March 2018, the College entered into an agreement with Swedberg & Associates for the 2018 Abatement Project. Total budgeted costs for the project are \$650,000, of which roughly \$621,000 is from Swedberg & Associates. As of June 30, 2018, the College had spent \$300,030 related to the project, with the remaining balance of the project to be completed and paid in fiscal year 2019.

In May 2018, the College entered into an agreement with Mechanical Inc. for the boiler replacement project in the amount of \$1,085,175 after change orders. Total budgeted costs for the project total \$1,495,000. As of June 30, 2018, the College had spent \$661,262 related to the project, with the remaining balance of the project to be completed and paid in fiscal year 2019.

Note 12 Related Party Transactions

On April 30, 2010 and 2013, the US Department of Education released the fund restrictions related to the College's Endowment Challenge Grant. On August 31, 2014, the College transferred approximately \$1.9 million to the Foundation to manage on behalf of the College pursuant to an agreement dated November 25, 2014. The College has entered into a "Gift Transfer and Management Agreement" with the Foundation to manage, invest, and otherwise hold all gifts for the benefit of the College. The corpus of the gifts shall be invested and held in a manner so that the corpus of the gifts are identifiable and distinguishable from the Foundation's other holdings. The Foundation may use the investment income generated from the gifts for any purpose consistent with the Foundation articles of incorporation and by-laws. As of June 30, 2018, the College has an Pooled Foundation investment in the amount of \$1,940,057, which is included in the short-term investments balance on the College's statement of net position.

Note 13 Prior Year Restatement

As a result of the implementation of GASB Statement No. 75, the business-type activities beginning net position was restated as follows:

	Business-Type Activities
Balance at July 1, 2017, as previously reported	\$39,824,369
Subtract beginning net OPEB liability	(7,311,338)
Balance at July 1, 2017, as restated	\$32,513,031

Note 14 Subsequent Event

The College has evaluated subsequent events through October 10, 2018 which is the date these financial statements were available to be issued. In September 2018, the College approved the issuance of a General Obligation Community College Series 2018C Bond in the amount of \$5,175,000 to be used for capital projects. As of the audit report date, the issuance of the bonds had not been finalized.

Note 1 Changes of Pension Benefit Terms:

There were no benefit changes recognized in the Total Pension Liability as of June 30, 2017.

Note 2 Changes of Pension Assumptions:

In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2010 to June 30, 2014 was performed in February 2015, resulting in the adoption of new assumptions as of June 30, 2015.

- Mortality rates. Change from the RP 2000 Mortality table projected to 2017, sex distinct, to the RP-2014 mortality tables with projected generational mortality improvement. Change to a separate mortality assumption for disabled participants.
- Salary increase. Change assumption to service-based rates, ranging from 3.75 percent to 15.00 percent based on years of service, with underlying wage inflation of 3.75 percent.
- Normal retirement rates. Change to retirement rates at ages younger than 60, age 66, and ages 70-79 to reflect observed experiences.
- Early retirement rates. Change to a slight increase to the rates at ages 55 and 56.
- Turnover rates. Change to produce lower expected turnover for members with less than 10 years of service and higher turnover for members with more than 10 years of service than the currently assumed rates.
- Disability rates. Decrease rates and have separate rates for males and females to reflect observed experience.
- Dependent assumption. Main the current assumption on marital status that varies by age and sex and the assumption that males are three years older than their spouses.

Note 3 Changes of OPEB Benefit Terms:

There were no benefit changes recognized in the Total OPEB Liability as of June 30, 2017.

Note 4. Changes of OPEB Assumptions:

In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least once every three years to determine the reasonableness of actuarial assumptions regarding the retirement, disability, mortality, turnover, interest and salary of the members and benefit recipients of CIP. An experience review for the years June 30, 2010 to June 30, 2014, resulting in the adoption of new assumptions as of June 30, 2017. There are no changes of assumptions that affect measurement of the total collective OPEB liability since the prior measurement date.

Supplemental Financial Information

Uniform Financial Statements

The Uniform Financial Statements are required by the Illinois Community College Board for the purpose of providing consistent audited data for every community college district. Regardless of the basis of accounting used for a College's Statement of Net Position and Statement of Revenues, Expenses, and Changes in Net position, the Uniform Financial Statements are completed using the modified accrual basis of accounting and a current financial resource measurement focus.

The Uniform Financial Statements include the following:

- No. 1 All Funds Summary
- No. 2 Summary of Fixed Assets and Debt
- No. 3 Operating Funds Revenues and Expenditures
- No. 4 Restricted Purposes Fund Revenues and Expenditures
- No. 5 Current Funds Expenditures by Activity

Certificate of Chargeback Reimbursement

No. 6 - Certificate of Chargeback Reimbursement

Sauk Valley Community College District 506 Uniform Financial Statement #1

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH STATE REQUIREMENTS FOR STATE ADULT EDUCATION AND FAMILY LITERACY GRANTS

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the State Adult Education and Family Literacy Grants of Sauk Valley Community College District 506 (the "College") as of and for the year ended June 30, 2018, and the related notes to the ICCB grant program financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Our audit also included a review of compliance with the provisions of laws, regulations, contracts, and grants between the College and the State of Illinois and Illinois Community College Board (ICCB).

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion, and the College is in compliance with the provisions of laws, contracts, and ICCB policy guidelines for restricted grants.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the State Adult Education and Family Literacy Grants of the Sauk Valley Community College District 506 as of June 30, 2018, and the results of their operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Compliance

In connection with our audit, nothing came to our attention that caused us to believe that the College failed to materially comply with the provisions of laws, regulations, contracts and grants between the College and the State of Illinois and the Illinois Community College Board (ICCB). However, our audit was not directed primarily toward obtaining knowledge of all such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the College's noncompliance with the above referenced laws, regulations, contracts and grants. We also believe that the College is materially in compliance with the provisions of laws, contracts, and ICCB policy guidelines with respect to restricted grants.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the State Adult Education and Family Literacy Grants and do not purport to, and do not present fairly the financial position of the College as of June 30, 2018, the changes in its financial position, or where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Note 1 Summary of Significant Accounting Policies

General

The accompanying statements include only those transactions resulting from the State Adult Education & Family Literacy grant programs. These transactions have been accounted for in the College's Restricted Purpose Fund.

Basis of Accounting

The statements have been prepared on the modified accrual basis of accounting. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2018. Funds obligated for goods must be spent before August 31.

Fixed Assets

Capital asset purchases are recorded as capital outlay. However, for the Statement of Net Position for the College as a whole, capital assets are capitalized.

Note 2 Payment of Prior Year's Encumbrances

Payments of prior year's encumbrances for goods received prior to August 31 are reflected as expenditures during the current fiscal year.

Restricted Adult Education Grants/State

<u>State Basic</u>: Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high schools and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and child care facilities or provision.

<u>Performance</u>: Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

INDEPENDENT ACCOUNTANT'S REPORT ON ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

We have examined management of Sauk Valley Community College District 506's (the College) assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Sauk Valley Community College District 506 during the period July 1, 2017 through June 30, 2018. The College's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion about the College's compliance with the specified requirement based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the College's compliance with the specified requirements.

In our opinion, management's assertion that the College complied with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* included in the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Sauk Valley Community College District 506 is fairly stated, in all material respects.

Note 1 <u>Residency Verification Process</u>

Procedures for Verifying and Classifying Residency

An in-district student is one whose legal residency is within the boundaries of the Sauk Valley Community College District. New students to the district must reside in the district at least 30 days prior to registration to be eligible for in-district tuition. All students applying for admission to the College are required to certify on the Student Information Form that the address given is correct. They will be subject to dismissal if found inaccurate. Returned mail to the College creates cause to question residency. If an address is questioned, the student will be coded as out-of-district and must display proof of residency in order to regain in-district status. Proof of residency may include a driver's license, voter's registration card, property tax bill, or an apartment lease. For tuition purposes only (not for State funding classification), in-district tuition will be granted to a student who presents either a recent paycheck stub from an in-district employer, a property tax bill for in-district property owned by the student, or an authorized chargeback form. Residents of states other than Illinois will be classified as out-of-state.

ANNUAL FEDERAL FINANCIAL COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and discretely presented component unit of Sauk Valley Community College District 506 (the College), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated October 10, 2018. The financial statements of Sauk Valley College Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit the attention of those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Wippei LLP

Sterling, Illinois October 10, 2018

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees Sauk Valley Community College District 506 Dixon, Illinois

Report on Compliance for Each Major Federal Program

We have audited Sauk Valley Community College District 506's (the "College") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility for Compliance

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal Program

In our opinion, Sauk Valley Community College District 506 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note 1 Significant Accounting Policy

Reporting entity and basis of accounting

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Sauk Valley Community College District 506 (the "College") for the year ended June 30, 2018, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The College elected to not use the 10% de minimis indirect cost rate during the year ended June 30, 2018.

Note 2 Federal Loan Program

For the year ended June 30, 2018, the College acted as a pass-through agency for Federal Direct Loans (subsidized and unsubsidized) to students in the amount of \$1,020,853.

Note 3 Non-cash Assistance

The College did not expend any federal awards in the form of non-cash assistance during the year ended June 30, 2018.
