2022

Make it career-focused.
Make it meaningful.
Make it Performance Learning.

Make it
Millikin.

millikin.edu/apply

Whether it's running your own business, innovating health care, producing a Broadway musical or breaking new ground through scientific research, at Millikin, we practice what we teach. Internships. Student-run ventures. Learning laboratories. Global exploration. The result? Millikin graduates are prepared to make meaningful contributions as professionals and as a new generation of courageous, confident leaders.

Now is the time.
Millikin is the place.
Your story starts here.

COLLEGE OF ARTS & SCIENCES

The College of Arts and Sciences equips students to become the next generation of knowledge seekers, those who will transform both their communities and professions with their understanding of the human condition. We challenge students to look beyond the surface and create new knowledge that will change the world.

millikin.edu/college-arts-sciences

Haley Vemmer ▶

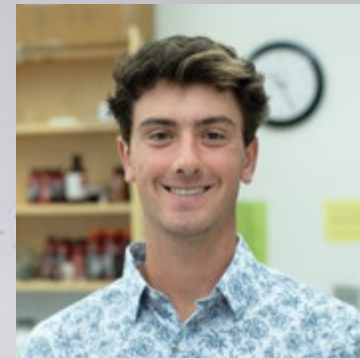

*Class of 2021
Mathematics, Actuarial Science and Computer Science Major*

Haley chose Millikin for its recognized Actuarial Science program, which helped prepare her for a career as an actuary for Genworth Financial after graduation.

millikin.edu/millik-inspired

Max Phillips

*Class of 2022
Chemistry Major
Pre-Dentistry Program*

The Leighty Science Scholars program provided Max with graduate-level research opportunities that prepared him to pursue a career in dentistry.

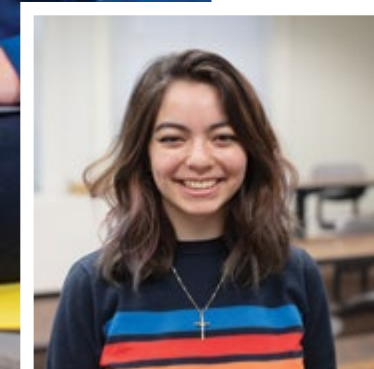

Leiloni Oakes Stainsby

*Class of 2001
Political Science Major*

*Acting Division Director of the
Federal Emergency Management Agency's
National Preparedness Assessment Division*

"The faculty encouraged everyone in the department to think critically and creatively. They encouraged me to join Moot Court, because I was beginning to lean towards the international affairs side of things and those are experiences I thought I would never have. They were pivotal for me and where I am now because they taught me to put myself out there. Experiences like those have literally guided the rest of my life. I wouldn't have been that way if it wasn't for Millikin and for the faculty."

Bella Hernandez

*Class of 2021
English Writing Major*

Millikin's involved faculty and diverse classes encouraged Bella to pursue writing young adult novels that represent marginalized identities.

BEHAVIORAL SCIENCES

Students studying behavioral sciences have opportunities to conduct research with or under the supervision of Millikin faculty members and to intern with local agencies. Millikin's Human Service Connection Club and the Macon County Continuum of Care hosted the 10th annual Box City in support of Hunger and Homelessness Awareness Week. Graduates work in organizations across the country, including Big Brothers Big Sisters, disability services, hospitals, care centers and mental health facilities.

MAJORS

- » Human Services, BA, BS
- » Psychology, BS
- 📍 Clinical Psychology
- 📍 Experimental Psychology
- 📍 Social Psychology

MINOR

- » Psychology

BIOLOGY

Biology students gain many scientific research experiences that benefit their futures, either in jobs or graduate programs. Recent students have been awarded fellowships for ecological studies, worked alongside faculty to conduct breast cancer research and performed graduate-level research on infectious diseases.

MAJORS

- » Biology, BA, BS
- 📍 Allied Health
- 📍 Molecular & Cell Biology
- » Biology Education, BA, BS

MINOR

- » Biology

CHEMISTRY

Millikin chemistry students have access to state-of-the-art equipment and complete at least one semester of research in tandem with a faculty member. Millikin also collaborates with outside companies to offer internships for students, where they can apply the skills they've learned in the classroom to real-life settings. Millikin ranked in the top seven colleges in Illinois for chemistry majors, according to Zippia.

MAJORS

- » Chemistry, BA, BS
- 📍 Biochemistry
- 📍 Chemistry Business
- 📍 Research
- » Chemistry Education, BA, BS

MINOR

- » Chemistry

COMMUNICATION

Communication students can tailor their course schedules to fit their interests. They gain hands-on experience through courses, projects and internships that make them strong job candidates. They can also practice Performance Learning by working at Millikin's award-winning newspaper, The Decaturian, or radio station, 89.5 WJMU The Quad.

MAJOR/MINOR

- » Communication, BA, BS
- 📍 Health Communication
- 📍 Media Studies
- 📍 Organizational Communication
- 📍 Public Relations

ENGLISH

English is a versatile major, and graduates go on to become writers, teachers, lawyers and more. MU's Emily Skaja, Class of 2006, won the 2018 Walt Whitman Award from the Academy of American Poets. At Millikin, English majors practice Performance Learning in a variety of ways, from publishing original research to working at Millikin's student-owned publishing press. Our students can publish their work in class anthologies, the student newspaper, the student literary magazine and more. The department also encourages students to submit their work beyond campus.

MAJORS

- » English Education, BA
- » English Literature, BA
- » English Writing, BA
- 📍 Creative Writing
- 📍 Journalism
- 📍 Professional Writing, Publishing & Rhetoric

MINORS

- » Literature
- » Publishing & Editing
- » Writing

ENVIRONMENTAL STUDIES

Environmental studies teaches students to think critically about the issues affecting our planet. This interdisciplinary program enhances a student's knowledge of the complex and dynamic relationship between humans and the natural world. Seniors complete an internship or conduct research as part of the program's requirements.

MAJOR/MINOR

- » Environmental Studies, BA, BS

HISTORY & POLITICAL SCIENCE

Students in history and political science hone their critical-thinking skills and develop an understanding of the political world at the domestic and international levels. Students start their careers before graduation by studying abroad, participating in internships including the United Nations semester in New York and The Washington Center semester in Washington, D.C. and participating in events such as Moot Court. Last year, Millikin's Model Illinois Government legislative delegation not only took on leadership roles but also earned various honors.

MAJORS

- » History, BA
- » Political Science, BA
- » Social Science Education, BA

MINORS

- » History
- » Political Science

INTERDEPARTMENTAL

The Interdepartmental Major is designed for students who are interested in a variety of disciplines and don't want to choose just one as a major. Students in this major are exposed to a broad course of study in the traditional liberal arts and sciences. Because individualized majors and minors require more time to organize than traditional majors or minors, interested students are advised to begin their preparation as early as possible. Students may apply at any time until the first semester of their senior year.

MAJOR/MINOR

- » Interdepartmental, BA, BS

MATHEMATICS

Millikin's mathematics faculty teach students to apply mathematics in a wide variety of areas and to present their findings both orally and in writing, readying them for careers or graduate programs. According to BestColleges.com, some of the fastest growing positions in the United States are in the STEM field.

MAJORS

- » Computer Science, BA, BS
- » Engineering Science, BS
- » Mathematics, BA, BS
- 📍 Actuarial Science
- 📍 Data Science
- » Mathematics Education, BA, BS

MINORS

- » Computer Science
- » Mathematics

MODERN LANGUAGES

Millikin offers foreign language classes in Spanish, French and Italian. Our faculty aim to teach students the four basic skills of mastering language: speaking, listening, reading and writing. Students also develop an appreciation for the culture, literature and fine arts of other countries. Students are encouraged to get involved with Sigma Delta Pi, the French Club and study-abroad programs, such as our January immersion course, Spanish for Journalism. Previously, students launched their own online bilingual magazine, Mosaicos: Voces Bilingües.

MAJORS

- » Spanish, BA
- » Spanish Education, BA

MINORS

- » Spanish
- » French

PHILOSOPHY

Philosophy emphasizes the development of essential skill sets, including critical, analytical and logical thinking; reading comprehension; clarity of writing; and creative thinking. The ethics major reinforces and substantially extends Millikin's emphasis on ethical reasoning and issues of social justice. Students in the department graduate prepared with applicable skills and often continue on to graduate study in fields such as law, theology or medicine. They find employment after graduation in national companies, statewide organizations and nonprofits.

MAJORS

- » Ethics, BA
- » Philosophy, BA

MINORS

- » Ethics
- » Philosophy
- » Philosophy Pre-Law

PHYSICS

The physics faculty help students customize their plans of study based on post-graduation plans, whether that includes working in engineering, business, medicine or astrophysics. The freedom to tailor studies to individual needs has led many Millikin graduates to become successful engineers, professors, doctors and business leaders.

MAJOR/MINOR

- » Physics, BA, BS

SOCIOLOGY & CRIMINAL JUSTICE

The field of sociology and criminal justice is an interdisciplinary field of study which prepares students for a variety of careers working with diverse populations. Community-based projects partnering with law enforcement, teen justice and social service agencies prepare students for a host of opportunities after graduation, including social service, law and policing, public administration, management, social science research, teaching or graduate study.

MAJORS

- » Criminal Justice, BA, BS
- » Sociology, BA, BS

MINORS

- » Criminal Justice
- » Sociology

DUAL-DEGREE PROGRAMS

Millikin partners with the University of Missouri-Kansas City (UMKC) and Washington University in St. Louis to offer students dual-degree programs in supportive, personalized settings. Students in these programs spend three years completing a biology, chemistry, mathematics or physics degree at Millikin. They then spend two years at either UMKC or Washington University in the engineering or computer science schools. Students who choose dual-degree programs gain the confidence and problem-solving skills necessary to be successful in the engineering and computer science fields.

AVAILABLE DUAL-DEGREE (3+2) PROGRAMS

- » Biomedical Engineering
- » Chemical Engineering
- » Civil Engineering
- » Computer Engineering
- » Electrical Engineering
- » Mechanical Engineering
- » System Science Engineering

EXPLORATORY STUDIES (UNDECIDED)

Still unsure about choosing a major? In Millikin's Exploratory Studies program, students are assigned an advisor to help weigh the benefits of each discipline and cultivate their interests. Students may remain in this program until the end of their sophomore year. When ready to declare a major, they may choose from one of the 50+ undergraduate programs that Millikin offers.

COLLEGE OF FINE ARTS

Our unique programs allow students to gain real-world experience in every aspect of the fine arts field – from preparation, to production, to performance. The arts at Millikin are a living, vibrant part of our culture. Our campus thrives through the talents of our students as artists, scholars and humans.

millikin.edu/cfa

Trey DeLuna

*Class of 2020
Musical Theatre Major*

The opportunity to perform in a wide variety of productions at Millikin gave Trey confidence in his acting abilities and prepared him to pursue an acting career in Chicago.

millikin.edu/millik-inspired

Leon Lewis-Nicol

*Class of 2020
Commercial Music Major*

Performing alongside the Millikin-Decatur Symphony Orchestra helped Leon improve his skills as a pianist and better understand the music industry. What's he doing now? He is currently studying at UIUC (class of 2022) in a graduate degree program in jazz piano performance.

Elsa Rotramel

*Class of 2021
Arts Technology Major, Visual Media Concentration*

Elsa's role as creative director of student-run venture Millikin Creates provided real-world career experience working with actual clients on design jobs.

ART DEPARTMENT

Millikin offers art students opportunities to display their work publicly in the many studios, galleries and student-run ventures around campus and in the community. Art therapy students put learning into practice by working with patients at the Cancer Care Specialists of Illinois in Decatur. Students have 24-hour access to our labs and studios, and they gain valuable, hands-on experience by participating in conferences, workshops and internships.

MAJORS

- » Art, BA
- » Art Education, BA

- Visual Media

» Multimedia Communication, BA, BS

SCHOOL OF MUSIC

Millikin is known for its prestigious School of Music. The school is committed to helping students evolve their passion for music into successful careers. Music students develop artistically, technically and intellectually through the integration of theory and practice in an active learning environment. Students build strong relationships with faculty, who are also continuing to grow as artists, scholars and teachers. The School of Music offers students many opportunities for Performance Learning, including managing and operating First Step Records, Millikin's record label.

millikin.edu/cfa

Class of 1995

Class of 1995, Commercial Art Major

PAUL BRANTON
 showcased work at Perkinson Gallery
 in celebration of Black History Month.
 Artist, filmmaker, poet.

“When I was at Millikin, I had 24/7 access to the Art Department facilities. I spent so many hours in the painting lab, maturing as an artist. There are so many positive emotions with being back in Perkinson Gallery. I want to make sure that students at Millikin have the same unique experiences that I had.”

COLLEGE OF PROFESSIONAL STUDIES

The College of Professional Studies combines theory, practice and reflection to prepare students for graduate success, professional excellence and lifelong leadership. Collaborative, immersive learning dominates our culture. Our students are engaged and stimulated as they develop on both a professional and personal level.

millikin.edu/cps

Gracey Reynolds

*Class of 2024
Early Childhood Education Major*

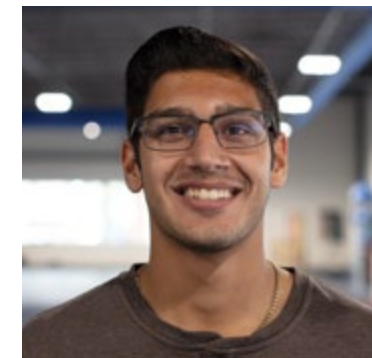

Gracey was able to gain real-world experience in classrooms during her first semester, giving her the opportunity to confirm that becoming a teacher was the right path for her.

Marcus Hayes

*Class of 2021
Nursing Major*

Millikin's School of Nursing, with its rigorous curriculum and hands-on experience, allowed Marcus to gain the practical expertise necessary for a future in nursing.

Noah Jahangir

*Class of 2021
Athletic Training Major*

Millikin's opportunities for Performance Learning, which allowed Noah to gain real-world practice, gave him an edge in developing the skills he needed to accomplish his dream of working with athletes.

SCHOOL OF EXERCISE SCIENCE & SPORT

The School of Exercise Science and Sport prepares students to provide leadership within the fields of exercise, fitness, health and management. Programs are designed to follow educational tracks in strategic support of professional goals, each equipping students with opportunities for Performance Learning. The new exercise science major provides students two options for degrees. Students who follow the exercise science major obtain positions in exercise, fitness, coaching or go on to graduate school. Students interested in the Master of Athletic Training (MSAT) will complete the first three years in the exercise science major, then be eligible for a secondary admission process to complete the MSAT program.

MAJORS

TABOR SCHOOL OF BUSINESS

The Tabor School of Business develops students into entrepreneurs, strategists and innovators. Students work with real clients, create real businesses and solve real problems. They are more than just prepared. They're ready to take the lead.

millikin.edu/tabor

Sean Miller

*Class of 2023
Finance and Management
Information Systems Double Major*

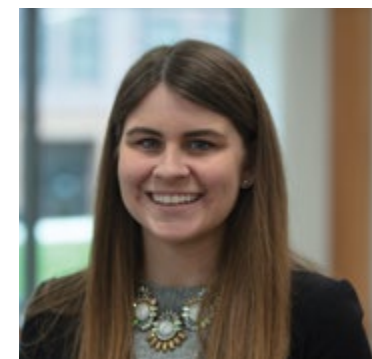

By running his own business and working with Millikin University Performance Consulting, Sean is gaining valuable experience to pursue a career in financial planning.

Serena Black

*Class of 2020
Accounting Major*

Hands-on experiences at Millikin helped Serena to improve her skills and knowledge while giving back to the community. Her Tabor experience led to her career as an accountant specializing in government audits.

Mikayla Krieger

*Class of 2020
Business Management & Digital Media
Marketing Double Major*

Her experience in internships and student-run ventures, along with being a Lincoln Laureate, have helped Mikayla forge connections that will power her future. What's she currently doing? She is a Governance, Risk and Compliance (GRC) Analyst in Information Security at State Farm.

ACCOUNTING

Accounting majors develop and interpret financial data required for company decision-making. They prepare for jobs at accounting firms, government branches, schools and private industries, including banking and health care. Millikin encourages students to pursue the Certified Public Accountant (CPA) certification and offers a review course to help with CPA exam preparation.

MAJOR

» Accounting, BS

BUSINESS MANAGEMENT

Business managers use human, financial, technology and material resources to meet organizational goals. Students will learn what it takes to manage a business by completing hands-on class projects, internships and global experiences. Tabor students also develop invaluable skills in relationship building, teamwork, written and oral communication and critical thinking.

MAJOR

» Business Management, BS
 ● Human Resources Management
 ● Logistics & Supply Chain Management

MINORS

» Business Administration
 » Industrial Engineering
 » Organizational Leadership

CYBERSECURITY

Students with a major in cybersecurity will build a deep set of technical skills related to IT infrastructure, networking and information security. This major is multidisciplinary in nature to provide students with a foundation in necessary business skills along with the ethical and legal elements necessary to analyze the effect of cyber threats.

MAJOR/MINOR

» Cybersecurity, BA, BS

DIGITAL MEDIA MARKETING

Marketing majors develop and implement effective marketing plans for any type of organization. Students use new technology and social media to plan and execute innovative marketing campaigns. Career skills include writing and submitting press releases, proofing, editing, tracking metrics and maintaining social media accounts.

MAJOR/MINOR

» Digital Media Marketing, BS

ENTREPRENEURSHIP

Entrepreneurship students learn how to run and grow their own businesses through coursework and internship opportunities. Students also have the chance to hone skills by starting their own student-run businesses.

MAJOR/MINOR

» Entrepreneurship, BS

FINANCE

Finance majors utilize their skills to analyze financial statements, assess trends in market data and evaluate the fiscal health of a variety of organizations. Students prepare for careers as financial analysts, investment managers, commercial lending officers, insurance underwriters and more.

Finance majors have the opportunity to exercise Performance Learning through internships with corporations, financial institutions or investment firms, as well as hands-on management of the Tabor Investment Portfolio.

MAJOR/MINOR

» Finance, BS

INTERNATIONAL BUSINESS

Students in this major study abroad to gain an understanding of how business operates at all levels — locally, regionally and internationally. International business majors are culturally aware, business savvy and willing to adapt to cross-cultural environments. Graduates find jobs as foreign sales representatives, international marketing managers, translators and more.

MAJOR/MINOR

» International Business, BS

MANAGEMENT INFORMATION SYSTEMS

Management information systems students study the interaction between people, processes and technology to help improve business operations in today's ever-changing market. Students learn how to collect, organize, store, analyze and transform mass data into accurate and understandable information that significantly influences organizational performance.

MAJOR

» Management Information Systems, BS

millikin.edu/tabor

French Bakery & Café

Class of 2011, Management Major

BENJAMIN LEVY

*Owner of "That Little French Guy"
French patisserie and café in
Chicago's suburbs*

"Dennis Schweiger (adjunct lecturer of business at Millikin) gave me so much advice and we spent a lot of time after class talking about the cafe. Along with recommending Highland Park, Ill., Schweiger got me involved with Millikin's Business Pitch Competition, and that was the first time I came up with the business plan for the café."

ACTION. COLLABORATION. RELATIONSHIPS. LEADERSHIP. SKILLS. COURAGE.

These qualities combine to power Performance Learning, our hallmark approach to education, which moves classroom theory to real-world application. Opportunities for Performance Learning occur across campus, embodying diversity and inclusiveness. Student-run ventures, internships, immersion courses and study abroad programs each play a critical role in curriculum throughout the arts, sciences, social sciences, humanities and, of course, the world of business.

At Millikin, students are driven by the spirit of learning. Performance is part of our culture.

STUDENT-RUN VENTURES AT MILLIKIN UNIVERSITY

Students are offered a wide range of opportunities to test-drive their skills in an environment outside of the classroom. These ventures are supported by Millikin faculty and staff, but they are managed and run by students. This is the difference between passing a test on the fundamentals of running a small business and actually running a small business with real money at stake.

We call these student-run ventures.

JAMES MILLIKIN HONORS SCHOLARS PROGRAM

The James Millikin Honors Scholars (JMHS) Program is a diverse, interdisciplinary program that fosters a collaborative environment where scholarship and creativity converge. As a James Millikin Scholar, you are afforded the opportunity to enrich your academic career through exclusive honors courses, an Honors Capstone or a multi-term, independent project centered upon research or creativity.

Traditional first-year students and transfer students are eligible to become James Millikin Honors Scholars.

Presidential Scholars Program

The James Millikin Honors Scholars Program includes an additional honors opportunity, Millikin's Presidential Scholars Program. This program is offered to a select number of JMHS-qualified students and provides a full-tuition scholarship.

millikin.edu/scholars

STUDY ABROAD

IMMERSION

Millikin immersion courses provide a powerful experience for students who are looking to grow in knowledge, acquire new skills and gain college credits in an abbreviated course format. Many immersion courses are hosted on Millikin's campus. Others are offered online, and some take place in foreign countries.

Global Opportunities: If a semester-long experience isn't right for you, MU offers short-term programs to study globally in the summer and winter as well.

Millikin believes that one of the best ways to truly understand the global economy in which we live and work is to immerse oneself in our international world. For that reason, Millikin students have the opportunity to live and study in other countries while participating in lectures, group projects, company visits and cultural tours. The Center for International Education (CIE) at Millikin University is proud to sponsor several ongoing international opportunities. With the support of the CIE, you can live and study all around the world.

FOR SERVICE

The Greek community at Millikin accounts for more than 25% of our student body. Fraternities and sororities are founded on principles of leadership, community engagement, philanthropic effort and a commitment to lasting friendships.

Community engagement, service projects and civic action are central themes in Millikin coursework and Performance Learning and are equally important pillars of the Greek community.

DINING OPTIONS

Millikin University students choose from a variety of dining options, both on and off campus. Meals are served in the University Commons Dining Hall with an all-you-care-to-eat option featuring a made-to-order deli, expansive salad bar, brick oven pizza, and a delicious array of desserts. Students choose from their favorite comfort foods to healthy alternatives, from vegan and vegetarian to a meat-lovers delight. A generous selection of menu options is available every day.

In addition, students can get their Starbucks Coffee fix at the Common Grounds coffee shop centrally located in the University Commons. Einstein Bros. Bagels located Shilling Hall also offers a full menu of breakfast and lunch options.

Still hungry? Students may use their Flex dining dollars at nearby Subway and Domino's Pizza locations. Plus, a wide selection of restaurants close to campus, including Jimmy John's, Donnie's Homespun Pizza, Lock Stock & Barrel and University Dogs, are always happy to serve Millikin students.

STUDENT HOUSING

First-year students live in one of four on-campus residence halls. Rooms are furnished, and most hall amenities include the following:

- » Laundry facilities
- » Vending machines
- » Kitchen
- » Wi-Fi
- » Secured access

LIVING-LEARNING COMMUNITIES

A Living-Learning Community (LLC) is a residence hall or floor where students of common interests and criteria reside. Millikin currently offers LLCs for the following:

- » First-year nursing students
- » First-year business students
- » First-year Honors Scholars
- » First-year Long-Vanderburg Scholars
- » International citizens
- » Students with a commitment to the arts
- » Future educators

Visit millikin.edu/livinglearning to learn more about the unique LLC experiences Millikin offers.

For more information about residential options for students, including tours of the University's residence halls, visit:

millikin.edu/housing

ASTON HALL

Millikin's historic Aston Hall opened in 1907 and features four traditional floors housing 100 residents. Aston is known for its tall ceilings, large hallways and community-style bathrooms. Aston Hall is not air-conditioned and is an affordable option for students.

Students are assigned to gender-specific floors.

BLACKBURN HALL

This close-knit community of 99 residents includes newly updated community bathrooms, air conditioning and close proximity to Shilling Hall. Blackburn features double-occupancy rooms in a traditional residence hall style.

Students are assigned to gender-specific floors.

DOLSON HALL

Millikin's largest residence hall boasts four floors of suite-style living, housing 200 coed residents. Dolson room options include single, double, triple and quad rooms, all of which include air conditioning and suite-shared bathrooms.

ADA-accessible rooms are also available.

WECK HALL & NEW HALL 4

These quaint, two-story, suite-style halls are located directly across the street from Shilling Hall. Both Weck and New Hall 4 house 52 residents each, are air-conditioned and include suite-shared bathrooms. Students who live in these residence halls gain an intimate sense of community.

THE WOODS APARTMENTS

Students with 24 or more credits (18 as a transfer student) are eligible to live in The Woods. This option features luxury apartment-style living, four private bedrooms, a full kitchen, washer/dryer, private deck or patio, TV and modern furnishings. Community amenities include a pool, fitness center, tanning bed, movie theater, computer lab, parking and secured access. For more information, please go to thewoodsatmillikin.com.

ADA-accessible rooms are also available.

RESOURCES TO ACHIEVE

CAPP

The Center for Academic and Professional Performance (CAPP) is devoted to delivering complete, wrap-around services to foster students' resilience, confidence, academic success and social skills. The CAPP works to ensure a successful college experience, positive personal development and post-graduation preparedness.

The CAPP provides a natural continuum of care as it blends Millikin's strengths-based approach to student mentoring, from students' first days on campus to graduation.

CAPP SERVICES INCLUDE:

- » Academic peer mentoring program
- » Alumni mentoring program
- » Career coaching
- » Career fairs
- » Career services
- » Disability services
- » EDGE Program
- » Exploratory Studies major
- » Junior Jump
- » Strengths-based advising model
- » Student employment
- » Student services
- » Supplemental instruction
- » Tutoring

WELCOME WEEK

Welcome Week takes place the week before classes begin and helps new students develop the skills to be successful in their Millikin careers. The events at Welcome Week will guide newcomers in finding their homes at Millikin, whether that's through a student organization, an internship, intramurals, community service or more.

MILLI-KINSHIP

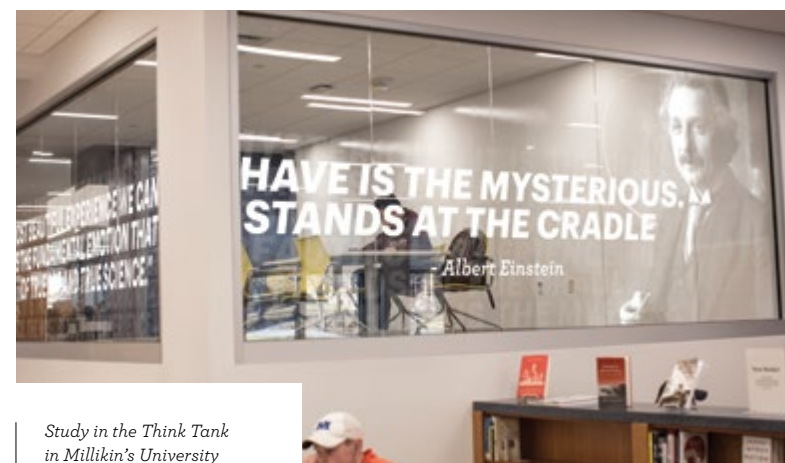

Certain students, based on high school credentials, may be assigned a secondary student development advisor. These advisors can help students through difficulties transitioning to college and connect them with campus and community resources. All of our student development advisors are trained to assist students with college success, and their goal is to help students thrive at Millikin!

STUDENT MENTAL & BEHAVIORAL SERVICES CENTER

Millikin's Student Mental and Behavioral Services Center focuses on primary prevention, health promotion, treatment, maintenance and crisis response. An emphasis is placed on assessment of students, outreach, case management and cooperation with local partners such as Crossing Healthcare, A&E Behavioral Health, Heritage Behavioral Health and St. Mary's Hospital.

OFFICE OF PUBLIC SAFETY

The Office of Public Safety is open 24-hours a day, seven days a week. They offer Safe Rides and Safe Walks from dusk until dawn every day for the safety of students on or near campus. A dispatch center also monitors the local and national news for weather and crisis information.

**DOUG AND DIANE
OBERHELMAN AND
CATERPILLAR INC.
THINK TANK**

*Study in the Think Tank
in Millikin's University
Commons.*

Millikin University's mission is to deliver on the promise of education, and in keeping with that mission, Millikin is committed to maintaining an inclusive campus culture that respects and invites exploration of the diverse perspectives, experiences, cultures, languages and identities reflected in our community.

We are dedicated to creating a campus culture that respects and values diversity while providing a variety of different opportunities to celebrate differences within our inclusive community. These values were emphasized several years ago through the creation of the President's Commission on Inclusive Excellence, which was formed to advance the University's work and education on topics such as race, equality and social justice.

We believe that this dedication to inclusive excellence is necessary to fulfill the commitments put forth in our mission statement:

- » Understanding diverse experiences and perspectives should be essential to professional success.
- » Fostering inclusion is an integral part of being a democratic citizen in a global environment.
- » A personal life of meaning and value can be enhanced through reflection on and appreciation of the many expressions of our common humanity.

At Millikin, diversity is seen in broad terms, including race, ethnicity, socioeconomic status, gender, disability, national origin, religion, sexual orientation and age. Through the recruitment of diverse students, staff, faculty and administrators, and by creating an environment that values diversity, Millikin seeks to provide an engaged learning community in which diversity enhances the total educational experience.

We believe that the leadership opportunities, inclusive programs and educational resources provided at Millikin University will empower our students to explore both who they are and who they will become as humans and global citizens. We are committed to helping all of our students feel a deep sense of belonging, a strong purpose and a great understanding of identity.

MILLIKIN FACILITIES

UNIVERSITY COMMONS

The front door to Millikin's campus and the hub of student life, the "UC" is a fusion library/student center facility where students come to study, eat and take advantage of Performance Learning opportunities.

SHILLING HALL

Built in 1902 as three separate buildings, Shilling Hall was known as the Liberal Arts Hall until its renovation in 1988. Shilling houses offices and classroom spaces, as well as Albert Taylor Theatre and popular eating spot, Einstein Bros. Bagels.

ADM-SCOVILL HALL

ADM-Scovill Hall is home to the Tabor School of Business and the Center for Entrepreneurship. Students have access to two 24-hour computer labs as well as technology-rich classrooms and conference rooms.

LEIGHTY-TABOR SCIENCE CENTER

The 83,000-square-foot Leighty-Tabor Science Center includes classrooms, teaching laboratories, the Requarth Observatory, state-of-the-art research labs and a greenhouse.

COMMON GROUNDS COFFEE SHOP

UNIVERSITY COMMONS

SHILLING HALL

LEIGHTY-TABOR SCIENCE CENTER

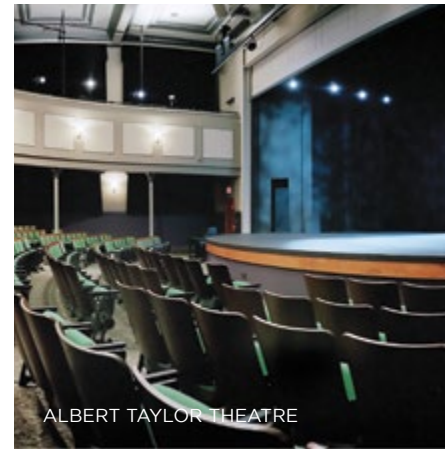

CENTER FOR THEATRE & DANCE

The Center for Theatre & Dance is Millikin University's newest campus facility. The \$29-million project features a 260-seat flexible theatre, which includes an orchestra pit, balcony and tech gallery with a tension wire grid. The building also features lighting and sound labs, a costume studio and classroom, acting studios, design classrooms, practice rooms, modern theatre equipment and more. The innovative facility houses all areas of study within the nationally recognized school.

PERKINSON MUSIC CENTER

Built in 1911, the Perkinson Music Center is home to musical arts at Millikin and houses the only all-Steinway school in Illinois. The building features Kaeuper Hall, an abundance of practice areas, classrooms and studios, as well as Millikin's recording studio, Millitrax.

PERFORMANCE VENUES

KIRKLAND FINE ARTS CENTER

A large performance venue that seats 1,903, Kirkland's auditorium is ideal for concerts, musicals and touring productions.

ALBERT TAYLOR THEATRE

A smaller proscenium theatre for more intimate productions of plays and chamber musicals.

KAEUPER HALL

Newly renovated, this auditorium seats 167 and hosts recitals, instrumental and vocal performances and other operas and concerts.

PIPE DREAMS STUDIO THEATRE

A student-run black box theatre in which smaller-cast plays and musicals are produced.

VIRGINIA ROGERS THEATRE

Located in the Center for Theatre & Dance, this state-of-the-art, purpose-designed space is the new home for School of Theatre & Dance productions.

ATHLETIC FACILITIES

Millikin University's athletic facilities offer modern, competition-ready venues for our NCAA Division III athletic programs. Student-athletes practice and compete on campus in the newly built Workman Family Softball and Baseball Field facilities, Frank M. Lindsay Field, Griswold Center and Decatur Indoor Sports Center (DISC). Off campus, Big Blue student-athletes are at home at Decatur facilities such as the state-of-the-art Millikin Wrestling Facility, award-winning Fairview Park Tennis Complex and vibrant South Side Country Club golf course. Millikin has hosted College Conference of Illinois and Wisconsin (CCIW) and NCAA tournaments at several of our competition venues.

WORKMAN FAMILY BASEBALL FIELD

GRISWOLD PHYSICAL EDUCATION CENTER

EXERCISE SCIENCE & SPORT

A series of state-of-the-art facilities across Millikin's campus, including the Decatur Indoor Sports Center (DISC), the Exercise Science and Sport Pavilion and Griswold Physical Education Center house our rapidly growing exercise science and sport program.

EXERCISE SCIENCE & SPORT PAVILLION

WORKMAN FAMILY SOFTBALL FIELD

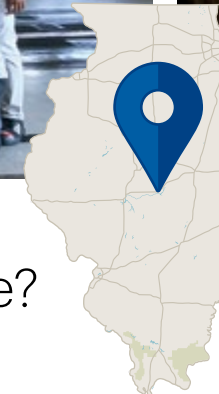

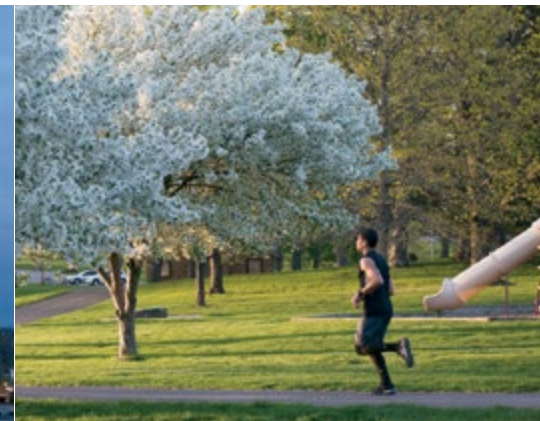

DECATUR INDOOR SPORTS CENTER

FRANK M. LINDSAY FIELD

LOCKER ROOM PROJECT

Millikin is in the process of designing a \$2-million locker room facility at Frank M. Lindsay Field to meet the needs of football and men's and women's track & field and soccer teams, with opening anticipated in 2022.

We're close in proximity to three of the largest job markets in the U.S. – Chicago, St. Louis and Indianapolis – and home to both Fortune 100 and small businesses alike.

Our University is big on personality. The same goes for our city. Millikin is located in Decatur, Ill., with a population of approximately 70,000 residents. Our students don't just live in Decatur; they get involved. Whether MU students work as interns at one of two area hospitals, attend a Millikin-Decatur Symphony Orchestra concert or shop downtown, they embrace and engage the local communities.

Downtown Decatur recently underwent a \$14 million public development improvement to bring a new look, feel and energy to the city's central business district. The downtown area includes many locally owned restaurants, specialty shops, art galleries and entertainment opportunities that Millikin students visit regularly.

Lake Decatur remains a popular destination for many in the community. With a 22-mile scenic lake frontage, its water recreation activities include swimming, water skiing/jet-skiing, paddleboarding and, of course, fishing. Decatur also has two award-winning golf courses, including Red Tail Run, a signature course designed by legendary PGA Hall of Famer Raymond Floyd.

TOP AREA EMPLOYERS

- » Archer Daniels Midland Co.
- » Decatur Memorial Hospital
- » Decatur Public Schools
- » Caterpillar Inc.
- » HSHS St. Mary's Hospital
- » Tate & Lyle
- » Ameren Illinois
- » Mueller Co.

Many area companies, organizations and nonprofits open their doors for MU students to engage in Performance Learning through internships.

DISCOVER DECATUR AT:

limitlessdecatur.com

Where Are We?

Did You Know?

Decatur was the original home of the Chicago Bears, from 1919 to 1920. The football team was then known as the Decatur Staleys and played at Staley Field, both named after the local food products manufacturer.

Millikin's President's home was designed by Frank Lloyd Wright's assistants Hermann V. von Holst and Marion Mahony.

SCHOLARSHIPS & FINANCIAL AID

All students who are admitted to Millikin will receive an annual Merit Scholarship up to \$20,000 to assist with the cost of tuition.

Need-based aid is awarded based on results of the Free Application for Federal Student Aid (FAFSA). The FAFSA is the only financial aid application required by Millikin.

**HERE ARE JUST A FEW
OF THE SCHOLARSHIPS
MILLIKIN HAS TO OFFER:**

**DEADLINE FOR MOST
SCHOLARSHIPS:**

January 15 (First-year)

April 1 (Transfer)

Students must be admitted to apply for scholarships.

**PRESIDENTIAL
SCHOLARSHIP**
Full Tuition

This prestigious, up to full-tuition scholarship is renewable for four years and is awarded to the best of the best. Presidential Scholars are leaders in the James Millikin Honors Scholars Program.

**LONG-VANDEBURG
SCHOLARS PROGRAM**
\$5,000/year
+ \$5,000 travel grant opportunity

The Long-Vanderburg Scholars Program is designated for high-achieving students who have a commitment to diversity, leadership and community service.

**COLLEGE OF FINE ARTS
SCHOLARSHIPS**
Up to \$5,000/year

College of Fine Arts Scholarships are given to students pursuing studies in art, arts technology and administration, music or theatre and dance who show significant promise of contribution in the arts. Scholarships are determined by auditions, interviews or portfolio reviews.

**LEIGHTY SCIENCE
SCHOLARS PROGRAM**
\$2,500/year
+ Summer research stipend

This scholarship is designated for high-achieving science majors (biology, chemistry, physics or pre-engineering) and includes graduate-level research opportunities and a summer stipend.

**PHI THETA KAPPA
TRANSFER SCHOLARSHIP**
\$2,000/year

This scholarship supports students who have excelled academically in community college. To be eligible, students must have completed at least 12 hours of course work and generally have a 3.5 transfer GPA. Phi Theta Kappa membership is required.

**ALUMNI/LEGACY
SCHOLARSHIP**
\$1,000/year

Students who carry on the Millikin tradition in their family (having had a parent, grandparent or great-grandparent attend the University) are eligible to apply for this scholarship, renewable for four years. There is no application deadline.

SIBLING SCHOLARSHIP
\$500/year

This scholarship is for students with a sibling concurrently enrolled at Millikin. There is no application deadline.

SLY SCHOLARSHIP
Varies

The Thomas S. Sly Scholarship is for first-year exploratory studies students who have not yet declared a major. To apply for the scholarship, students must submit a 100-word essay explaining why they are choosing to begin an academic career by exploring their possibilities at Millikin.

Data Analytics & Business Intelligence

Academic certificates require a limited amount of extra coursework and give students an opportunity to explore Performance Learning outside their disciplines. Certificates can also help students stand out to potential employers.

Millikin accepts transfer students from four-year colleges or universities as well as community colleges and two-year schools.

TRANSFER STUDENTS

Transfer students are an important part of the Millikin University population, as they make up 20% of our student body. Millikin accepts transfer credits from accredited colleges or universities recognized by the U.S. Department of Education to fulfill Millikin degree requirements.

Transfer students who have earned an Associate of Arts or Associate of Science degree from another institution are given full course and hour transfer credits for courses credited for these degrees, up to a maximum of 66 credits. The best way to determine which credits will transfer is to apply and have your official transcripts sent to Millikin's Office of Admission. You may also schedule an individual appointment to review your documents with our admission team.

ARTICULATION AGREEMENTS

Millikin holds articulation agreements with many community colleges. Course equivalencies for specific community colleges can be found at

millikin.edu/transfer

GRADES

- » Grades of C- or higher are accepted.
- » Credit for the course transfers, not the grade.

2021-2022

CAMPUS VISIT DAYS

Mon., Oct. 11, 2021

Sat., Nov. 20, 2021

Mon., Jan. 17, 2022

Sat., Feb. 26, 2022

Sat., Apr. 23, 2022

Can't make it to campus?

Explore Millikin virtually through our Virtual Tour!

millikin.edu/tour

STEP ONE APPLY ONLINE

Apply at millikin.edu/apply or through the Common Application at commonapp.org. Our application is free, and some programs have additional application requirements.

STEP TWO SEND YOUR CREDENTIALS

- » Transcripts (Required)
- » Test Scores (Optional) ACT code: 1080/SAT code: 1470
- » Recommendations (Upon Request)

STEP THREE WAIT FOR A DECISION

Millikin is interested in more than your grades and test scores. We'll also look at your extracurricular activities, community service, hobbies and drive to succeed.

STEP FOUR SAVE YOUR SEAT

Make it Millikin by submitting a \$150 Advance Tuition Deposit. The deposit is credited toward your tuition and refundable until May 1.

STEP FIVE FILE YOUR FAFSA

The only financial aid form Millikin requires is the Free Application for Federal Student Aid (FAFSA).

File any time after October 1 at fafsa.gov. Millikin's school code is 001724.

STEP SIX APPLY FOR SCHOLARSHIPS

Apply for scholarships after you've been accepted. Most scholarship applications are due January 15. Learn more at millikin.edu/scholarships.

STEP SEVEN VISIT MILLIKIN

Explore our vibrant campus and learn about everything Millikin has to offer. Schedule an individual visit or attend a Campus Visit Day Program.

Learn more at millikin.edu/visit.
