SVCC offers a series of three free, non-credit online courses for students who wish to prepare themselves for an online course. Students are able to self-enroll in one or more of the courses according to individual needs. The three courses include:

- Canvas Basics, which demonstrates navigation and use of key features of the Canvas Course Management System
- Technology Basics, which provides a review of vital computer skills for students enrolled in online courses
- Success Basics, which offers essential guidance to students new to the online course format
